WILSON TO MEET HUGHES' ATTACKS ON 8-HOUR RAIL LAW

PRESIDENT TO STRIKE BACK

Will Cite His Program to Make Impossible Return of Strike Threat.

M'CORMICK CALLS TREATMENT UNFAIR

Says Republicans Ignore All But Single Item of Law Enacted.

Long Branch, N. J., Sept. 20.—President Wilson and Vance McCormick, democratic chairman, mapped out here today a program for meeting the campaign attacks of Charles E. Hughes on the railroad eight-hour law.

Asserting that the democrats would show that the president placed before congress a complete program to meet the recently threatened strike by the railway employes, McCormick said that Mr. Wilson is prepared to urge strongly during the next session of congress the enactment of this program.

When the entire plan of the president is fully understood the people of the country will join in praising Mr. Wilson, the chairman said. The republicans, he declared, seem to ignore everything in the program except the one item passed by congress. Mr. McCormick added that it would be shown clearly how the president plans to minimize the possibility of a repetition of the railroad situation which arose recently.

The chairman was not ready today to announce any additional speaking arrangements for Mr. Wilson. He plans to return here next Tuesday for another conference with the president.

SWINGS INTO CAMPAIGN.

Long Branch, N. J., Sept. 20.—President Wilson swung into the campaign today. With his plan for discussing public questions before non-partisan organizations instead of making campaign tours fully decided upon he actively took up his political plans after a lull of more than a week caused by the illness and death of his sister, Mrs. Annie E. Howe.

Administration leaders here predicted that from now on there will be plenty of activity in the democratic campaign. The attacks of Charles E. Hughes will be fully met, they say, by the president himself and by members of his cabinet and democratic leaders who will tour the country. Vance McCormick, the chairman of the democratic national committee, who spent the night at Shadow Lawn, held an early conference with the president this morning before leaving for New York. He will return in a few days to make arrangements for the speeches to be made by Mr. Wilson.

Meantime the president worked on a speech he will make to a delegation of business men he will receive Saturday and on the address he will deliver Monday before the convention of the National Grain Dealers' association. In these two speeches he will outline the reason why he thinks farmers and business men should vote the democratic ticket.

TWO AMERICANS WERE AMONG THE RESCUED

Washington, D. C., Sept. 20.—Consul General Skinner at London cabled the state department today that two American sailors, William Wootton, Harrison, N. J., and Bernard Sweeney, Bayonne, N. J., were saved from the British steamer Strathlay, torpedoed by a submarine, September 6, in the English channel.

Whether the vessel was attacked without warning was not stated. Information on this point will be sought before further proceedure is taken. The Strathlay sailed August 22 from New York for Havre.

INJURIES FATAL TO BOY HIT BY AN AUTO

Daniel Powierza, 14, an Assyrian, Passes Away at St. Joseph Hospital.

Daniel Powierza, aged 14 years, the young Assyrian who was seriously injured in a collision between the motorcycle on which he was riding and an automobile driven by Mrs. J. C. Wierman, 2210 Lafayette street, died Tuesday evening at St. Joseph's hospital. The accident occurred just two weeks ago at Warsaw and DeWald streets.

The boy was rushed to the hospital immediately after the accident where attending physicians advised that the little fellow's limb be amputated. The father refused to sanction the operation, saying that the doctors should sew it back on because "that's the way they did it in the old country."

However, a few days later the leg was taken off near the hip. The boy lingered between life and death for several days, his condition gradually becoming weaker. At the direction of Coroner J. E. McArdle an autopsy was held. He found death due to sepsis, caused by infection.

The boy is survived by the parents, Mr. and Mrs. George Powierza, of 1215 Hayden street.

Mrs. Wierman, who was driving the auto which collided with the motorcycle, declares that she was within a few feet of the curbing on the right side of the street and that the young boy was "wobbling all over the street and bumped squarely into the machine."

Coroner McArdle is firm in his opinion that had the amputation of the injured leg immediately after the accident been permitted, the lad's death could have been averted.

ANOTHER COMPANY E MEMBER COMES BACK

T. Harrod Bishop, of South Broadway, a private in Company E, the Fort Wayne state militia organization stationed at the border, has returned home. He received an honorable discharge from service on account of physical disability. He is the fourth man from the company to return to Fort Wayne.

Shortly after the company arrived at Llano Grande, Private Bishop was sent to the Brownsville base hospital where he had been a patient ever since suffering with an infection of an ear. He was on the sick list the entire time and a week ago received his discharge papers and arrived in Fort Wayne Tuesday morning.

WILL WEIGH MAIL FROM OCT. 2 TO 16

Postmaster Edward C. Miller is in receipt of instructions from the postal department requiring all mail delivered from the Fort Wayne postoffice along with all outgoing parcels coming under the parcel post rules, to be weighed from October 2 to 16. This includes mail handled by both the city and rural carriers, as well as mail called for and delivered at the general delivery window. With the parcel post business each parcel must be weighed and listed separately as to zone and postage.

SHOWS BIG RAILROAD GAIN.

Net Income of Indiana Line for Year Increased 272 Per Cent.

Indianapolis, Sept. 20.—The report of H. R. Kurrie, president of the Chicago, Indianapolis & Louisville Railroad company, read at the annual meeting of the stockholders of the company here today, shows an increase in the net income of the road for the year ended June 30, 1916, of $852,310.12, or 272.1 per cent. The operating revenues for the year were $7,694,733.91 and the operating expenses were $5,111,695. All the old directors of the road were re-elected at the meeting.

AUTOPEDS AND ROLLER SKATES CARRY NEW YORKERS DURING CAR STRIKE.

Various methods of transportation are being adopted in New York on account of the strike of surface car, elevated and subway employes. The autoped, the latest single passenger vehicle, is more prominent on the streets than ever before. The picture shows the autoped and roller skates in use.

WILL BE READY FOR OCCUPANCY BY NOV. 1

Hamilton School Addition Work Has Encountered Delays.

The Hamilton school building will not be ready for occupancy until November 1. Inability to get material to the city on time was the cause for the delay in finishing the addition to the school building which was planned for October 1. Two portable schools are in use at this school and will be used until the new building is completed.

The opening of the kindergarten at the Clay school has also been delayed because of failure of the company to get the equipment here in time. As soon as the equipment arrives the class will begin its work. It is understood that a large number of children will enter this class.

Prof. Justin N. Study, superintendent of the public schoolos of the city, states that the principals' reports for the first week of school, show that there was an increase of 218 scholars in the grade schools of the city. He states further that there have been a large number of entries this week in the schools located in the outlying districts.

The opening of the schools this year has moved along very smoothly and school officials were not confronted with such perplexing problems as they have been in former years.

CALLS ONE-THIRD OF VOTE PURCHASABLE

Martinsburg, W. Va., Sept. 20.—A sensation has been caused as a result of the instructions given out by Judge John M. Woods, presiding officer of the circuit court, to the grand jury to investigate the political situation in Berekely county.

He asserted that election conditions in the county had become intolerable and declared that a careful analysis led him to believe that out of 6,700 registered voters of the county, the votes of approximately 2,200 or about one-third, were purchasable. Judge Woods said that elections had degenerated into an auction wherein the candidates with the most money were able to elect themselves to office.

READY FOR MR. HUGHES

Plans Complete for Coming of Republican Nominee Tomorrow.

PROSPECT IS FOR AN IMMENSE CROWD

Presidential Candidate Due at 3:15 O'clock for Two Addresses.

Republican leaders have completed plans for the coming of Charles Evans Hughes, candidate for president, to Fort Wayne Thursday afternoon. His coming has been heralded far and wide and with favorable weather the presidential aspirant should be greeted with one of the largest crowds he has faced during the campaign.

Mr. Hughes is due to arrive at 3:15 o'clock Thursday afternoon from Huntington and will be taken direct to the Palace theater. After he has spoken there an overflow meeting will be held near the Pennsylvania station, where a platform will be erected from which he will speak a second time. Opportunity will be given everybody to hear and see the candidate.

He will be here a little more than an hour, leaving over the Grand Rapids & Indiana railroad for Richmond, with stops at Decatur, Portland and Winchester. A night meeting will be held in Richmond.

As a forerunner to Mr. Hughes, Congressman Settle, of North Carolina, will speak at the palace. Prof. Fairfield, candidate for congressman from this district, will also be there.

Reception Committee.

Arthur F. Hall, chairman of the committee on reception, has announced his reception committee from Lagrange as follows:

C. R. Allison, Fred Boehmer, Willis M. Hostetler, Melvin B. Krum, John Mersitt, Ned Parham, Willard Sweitzer, Edward Sexauer, A. A. Wade, R. J. Willard, L. E. Alspaugh, Jacob Bolley, Wm. Donaldson, Cassius H. McGaw, John D. McGaw, C. U. Bartholomew, George Miller, Albert Haskins, John E. Snyder.

MITCHEL WILL GO TO SHONTS

Mayor Makes Personal Appeal to Avert Strike of 700,000 Men.

SHONTS HAS BALKED PREVIOUS EFFORTS

Consents to Talk Now Only on Condition That the Strikers Are Barred.

New York, Sept. 20.—All other efforts to prevent the threatened general strike of 700,000 trade unionists in sympathy with the striking car men, having thus far failed, Mayor Mitchel decided today to make a personal appeal to Theodore P. Shonts, president of the Interborough Rapid Transit company and the New York street railways to recede from his reiterated intention of refusing to deal with the strikers.

Mr. Shont's position balked the attempt of the public service committee and a citizen committee to bring about an amicable adjustment.

Although there appeared little hope of a change in the traction company's policy, the mayor arranged for a conference with Mr. Shonts later today.

The mayor expects to propose a basis for settlement that he hopes will enable the Interborough and the New York railways to retire gracefully from their position and permit the resumption of negotiations that will avert the impending general walkout. Details of the mayor's plan could not be learned and Mr. Shonts accepted the mayor's invitation on conditions that representatives of strikers should not be present.

STRIKE OF 700,000 NEARER.

New York, Sept. 20.—Despite the intended intervention of a committee of business men there seemed to be little prospect today of averting a general strike in sympathy with the street railway employes. Labor leaders aver that the proposed general walkout will involve about seven hundred thousand workers in all trades.

A second conference of the business men with the mayor and chairman of the public service commission was called today. Union leaders have promised to withhold their order for a sympathetic strike until after Thursday.

The attempt to operate surface cars last night resulted in the worst rioting since the strike began, but the officials of the transit companies say the service in the daytime is improving steadily.

Throughout the night elevated trains, together with subway trains at points where they run on elevated structures, were subjected to almost ceaseless bombardments of bottles and bricks, car windows being shattered and a number of passengers injured. Today there were several attacks by strikers and sympathizers on surface cars and police reserves were repeatedly called out. Twenty men have been arrested, of whom fifteen are accused of felony in attacks on trains and cars.

Samuel Gompers, of the American Federation of Labor, who is here to attend the funeral of Seth Low, has been invited by the business interests which are endeavoring to avert a sympathetic strike to attend their meeting with labor leaders tomorrow. Mr. Gompers held his acceptance of the invitation in abeyance pending talks with union leaders.

M'KOWN SUCCEEDS TO MARTIN'S POSITION

Harry C. McKown has been chosen the successor of Frank A. Martin as assistant secretary of the Fort Wayne Commercial club. He has begun his new duties. Mr. Martin resigned last week after four years' service with the club.

The new assistant secretary is well known in the city having been employment agent for the Wayne Oil Tank company prior to accepting the assistant secretaryship. He has also been employed in the office of Sprague & Phillips, brokers. Mr. McKown will assist Charles A. Biederwolf, secretary of the Commercial club.

FIND TASK DIFFICULT ONE.

Pittsburg, Pa., Sept. 20.—The supreme council, thirty-third degree, Ancient and Accepted Scottish Rite Masons of the northern jurisdiction, in session here today, considered the report of the committee which has considered the feasibility of an organization within the supreme council to administer bequests for charitable, benevolent and philanthropic purposes. The problem of creating such an organization was said to be attended with considerable difficulty as the northern jurisdiction covers fifteen states with different laws governing the disposition of such bequests.

NEW RUMORS ARE DENIED

Reported Taking of Chihuahua by Villa Last Night Called Unfounded.

BANDITS WERE SAID TO BE IN CONTROL

Funston Expects Carranza Line of Communication to Be Cut.

El Paso, Tex., Sept. 20.—Rumors were current here today that Chihuahua City was captured by Villa in a second attack last night. Gen. Francisco Gonzales, commandant at Juarez, and Consul Garzia declared the rumors were without foundation.

According to the rumor the attack was preceded by mutiny of a large part of the garrison. The bandits were said to occupy the municipal and federal palaces, the penitentiary and two fortified hills.

Consul Garcia and Gen. Gonzales maintained that all tough wire communication had been hampered, messages received early today indicated quiet in Chihuahua City.

EXPECTS VILLA TO CUT LINE.

San Antonio, Tex., Sept. 20.—Belief that Francisco Villa will soon cut the Carranza line of communications between Chihuahua City and Juarez, if he has not already done so, was suggested by Maj. Gen. Funston today after he had read a report on Villa's Chihuahua engagement received from Brig. Gen. Bell at El Paso.

DATE IS DEFERRED.

Mexico City, Sept. 20.—A decree by Gen. Carranza was published today changing the date for the election of delegates to a constitutional assembly from Oct. 15 to Oct. 22.

MORE FINE WEATHER HAS AIDED FARM WORK

Washington, Sept. 20.—Another week of generally favorable weather has carried forward grain harvesting and threshing over most of the country, the weather bureau's weekly crop bulletin says today. Fall plowing is going ahead satisfactorily except in some of the central and northern states where the ground is still too dry.

Frost did considerable damage during the week to late corn in Indiana, Illinois and several other states. In most middle and southern states good crops are expected, but corn is developing slowly in Michigan. Because of the hot and dry summer, white potatoes are only fair to poor in many sections and almost a failure in Ohio. Reports on tobacco are generally favorable, although frost did much damage in the Ohio lowlands. Meadow and forage crops are reported good.

SOCIALIST CANDIDATE FOR GOVERNOR HERE

John M. Francis, of DuQuoin, Ill., socialist candidate for governor of Illinois, has arrived in Fort Wayne and Wednesday and Thursday nights will speak at the corner of Court and Berry streets on the campaign issues from the standpoint of his party. He will have as his subject, "Preparedness."

From Fort Wayne Mr. Francis will go to Toledo, later to Lansing and Grand Rapids from where he will go to Chicago for a campaign. Mr. Francis came here from Logansport.

ALLY LOSSES HALF MILLION

English and French Gains on Somme Are Won at Frightful Cost.

HEAVIEST FIGHTING IS NOW IN THE EAST

Teutons Seeking to Halt Russian Advance on Lemberg.

Today's War News Given in Summary

Fighting on a huge scale is proceeding on the eastern theater of war whence the center of interest has shifted, following the let up in the heavy allied attacks along the Somme in the west. Evidence is accumulating that the central powers are now devoting their main attention to the campaigns in the east, concentrating large forces against Rumania, notably under Field Marshal von Mackensen in Dobrudja and putting all possible available men into the field to stop the Russian march on Lemberg by way of Halicz, and the menacing drives of the Russians and Rumanians in the Carpathians and Transylvania.

Both Berlin and Sofia report the development of a great battle on the line the Russians and Rumanians have taken up in Dobrudja to defend the railroad route into interior Rumania from Constanza on the Black sea. The engagement, they declare, is turning in favor of the force of the central powers under von Mackensen. Latest reports from the fighting in Galicia and Volhynia show the Teutonic forces on the offensive and claiming decided advantages over the Russian armies under General Brussiloff.

As has frequently been the case when decisive developments were lacking Petrograd today is silent regarding the operations along the Russian front, reporting merely that there have been no important happenings.

Greece is reported to have sent an ultimatum to Germany demanding the return of the Greek troops taken at Kavala by the Bulgarians and sent to Germany for internment.

Comparative quiet prevails in the Somme region. Paris sends news of a German attack at Hill 76, north of the river, which the French repelled, ejecting such Germans as succeeded in gaining a foothold in advanced positions.

Berlin, Sept. 20.—British and French losses in the battle of the Somme have reached about 500,000 men, the Overseas News agency estimates.

"Recent local successes obtained by the British on the Somme are heralded by the English press as great victories," says the news agency.

"The British were able to make their advance only after eleven weeks of the most desperate efforts. The result of the battle of the Somme should be gauged by considering the amount of French and Belgian territory occupied by the Germans, which amounts in all to about 50,000 square kilometres. Of this 29,000 is Belgian and 21,000 French. The efforts made by the French and British have resulted in the reconquest of only 1,500 square kilometres, or 3 per cent.

"The price paid for this gain is appalling. According to a conservative estimate the British lost 350,000 men up to Sept. 15. This, together with the French losses, brings up the total to about half a million men."

Stubborn Battles Raging.

Stubborn and fluctuating battles are going on in the province of Dobrudja between Russo-Rumanian forces and German and Bulgarian troops, says today's German official statement.

Indiana Guardsmen May Be Home in Two Weeks

Rev. F. F. Thornburg, of Decatur, well known throughout northern Indiana, has written to Mrs. Thornburg that the prospects are most favorable that the Indiana guardsmen along the Texas border will be home within a short time, possibly by the middle of October. Rev. Thornburg is chaplain of the third regiment.

Rev. Thornburg's information came direct from Washington though not from the war department. A Jewish rabbi arrived at the camp from Washington to hold services with the Jewish members of the troops encamped in that section in preparation for observing the Jewish New Year, and he told the men he had been informed by Secretary Baker that the Indiana guardsmen were to be sent north very soon. Whether the same information applies to the guardsmen from other states was not stated, but it is believed it does.

The Indiana troopers will be returned to Fort Harrison at Indianapolis in time, it is understood from Rev. Thornburg's report, to take part in the centennial celebration at the state capital, which will be held the fifth and sixth of October. If such is the case, the troops will be starting homeward within two weeks. It is not likely they will be held in the state camps very long after arrival and the guardsmen from this section ought to be back here by the middle of next month.

High School Boys' Prank Proves to be Big Fizzle

Between fifty and seventy-five boys, who are students at the high school, thought they would play a college prank Wednesday morning, but the aforesaid prank proved to be one big fizzle.

Tuesday evening in some dark corner in the west end the boys held a meeting at which time it was decided that each should wear to school the oldest clothes he could find. The plan was carried out Wednesday morning as prearranged. In rags, many of them pinned up with safety pins, the boys marched into school. The teachers paid no attention to them. Neither did Prof. Louis C. Ward, principal of the high school. Absolutely no objection whatever was raised to them wearing their oldest clothes to the new building.

The boys were disappointed and when they returned to school Wednesday afternoon practically all of them were attired in their regular school clothes.

Prof. Ward stated Wednesday morning that the student body at the school this year is more orderly and more studious than that of any previous year since he has been a member of the faculty. He stated that the teachers of the freshmen classes are unanimous in the declaration that the beginning classes are composed of exceptionally energetic, studious and orderly members. Everything is working smoothly and in all Prof. Ward is highly pleased with the prospects for one of the most successful terms in the history of the Fort Wayne high school.

WOULD NOT LET WIFE HIT HIM WITH BRICK

John Green Said He Held Her Because He Did Not Want to Be Killed.

Mrs. Fannie Green, colored, 532 Holman street, had heard that her husband who had left her roof three weeks before, was defaming her character, she told in police court, Wednesday morning. She demanded restitution from John Green, colored, employed by the Brown Trucking company.

Mrs. Green arose at 4:30 o'clock Tuesday morning and waited for Green to go to work. When he sauntered past she hailed him in the alleyway, between Montgomery and Holman streets. She claims her husband tried to choke her.

Green, who was charged with assault and battery, said he only kept his wife from killing him with a brick. Workmen at the trucking company, who saw the affair, said Brown only defended himself. The case was continued indefinitely.

Paul Harding, 19, employed at the electric light plant, cannot pay towards the support of his wife, he said, because he still owes for an ukelele, a Hawaiian musical instrument. The wife, Elma Harding, 18, is staying with her mother, Mrs. Eliza Hostetter, 1001 Huestis avenue. The couple were married in July. Then Harding told Mrs. Hostetter that she would have to take her daughter home or he would leave the country, testimony showed.

Harding told that he owed some money for board, twenty-five cents for groceries, a small doctor bill and four dollars on a ukelele and must settle his debts before he could pay towards keeping his wife. He will be held in jail until $200 bond is secured for keeping of the wife. Sentence will be passed Friday if bond is not secured by that time.

Frosty nights evidently caused Peter Buanno, Bass street, to think of his winter coal supply. Wabash Railroad Detective Urey testified in police court that he saw Buanno and two other Italians rolling coal from a Wabash freight car early Wednesday morning. The men were loading the big chunks of coal in a small cart, Urey said.

Urey caught Buanno, who fought like a tiger, Urey told. The other two men threw stones at Urey, the detective claimed. Buanno, who owns property on Fairfield avenue, pleaded guilty and said it was his first offense. He was fined $1 and costs.

Other Police Court Cases.

Reed Snyder, charged with intoxication, is held under $50 bond until September 7. William Smith, colored, charged with being drunk, will be tried Thursday. James Wilson was released.

Case against Frank Studebaker, charged by his wife with loitering, was dismissed.

FALL SALE OF PONTIAC LOTS

The fall sale of Pontiac Place lots is now on. These lots are being offered at former prices until October 10th; they will then be advanced from $25 to $50 each.

The company, to secure more residences in designated locations, has set aside $3,000 to be given to builders of homes in sums of $100 to $200 each.

No addition in the city offers better opportunity for home building or investment. Lots can be bought as low as $350, with sewer, sidewalks and city water in and paid for. There are miles of asphalt pavement. Nearly one hundred attractive homes are already scattered throughout the addition.

The W. E. Doud agency has charge of the sale.

URGE WIDER USE OF PAROCHIAL SCHOOLS

Should Be Social Centers, Say Catholic Charities Speakers.

Washington, Sept. 20.—Parochial schools should be used more generally as social centers for both children and adults, according to views expressed by many speakers at the final sessions of the National Conference of Catholic Charities here today.

Parish halls likewise might be turned into meeting places for the benefit of the community, it was suggested. Officers of the conference were to be elected at the closing session today.

The speakers recommended greater co-operation with non-Catholic organizations in charitable work.

Discussing juvenile delinquency, Patrick Mallon, of Brooklyn, suggested the church should pay special attention to boy and girl wage-earners and "provide a place for healthy relaxation where their morals will be safeguarded."

Mrs. Margaret McGoorty Long, of Chicago, was elected president and Mrs. Daniel Moloney, of New York, vice president of the women's section of the conference. New members of the executive committee are: Mrs. John F. Mullen, Philadelphia; Mrs. Charlotte Quinlan, Dubuque, Iowa; Mrs. A. W. Biser, Austin, Tex.; Mrs. J. A. Coonan, Minneapolis; Mrs. Henry B. Clark, Jacksonville, Fla.; Mrs. Thomas Beattie, Wheeling, W. Va.; Mrs. M. E. Ford, Bridgeport, Conn., and Miss Nellie O'Connor, Toronto, Ont.

ALLY LOSSES HALF MILLION

(Continued from Page 1.)

The Russians and Rumanians have hastily brought up reinforcements, the statement adds, and are defending their positions with great stubbornness.

Rumanian forces which invaded Transylvania through the Szurduk pass of the Transylvania Alps have been defeated and driven back over the pass, the war office announced today.

GREEK ULTIMATUM, IS REPORT.

Athens Demands Release of Soldiers Taken at Kalva.

Athens, Tuesday, Sept. 19.—Via London, Sept. 20.—(Delayed)—There is reason to believe that the Greek government has sent an ultimatum to Germany and Bulgaria expiring Wednesday night, demanding the immediate return of the soldiers taken prisoner at Kavala.

When the Greek seaport of Kavala was entered by German and Bulgarian troops the port was garrisoned by the Fourth Greek army corps, according to an official statement issued by Berlin. The entire corps, consisting of 20,000 men, asked the German commander for food and shelter and protection against the entente forces. The statement said that to prevent any breach of neutrality the Greek soldiers would be transported to Germany, to be kept there as guests of the nation.

The German account of the affair differs radically from that given out by the allied capitals and from stories sent out from Athens. The number of soldiers transported to Germany according to this version, was less than a thousand, one account placing the total at 70 officers and 800 men. The remainder of the garrison is variously said to have been transported to Saloniki by the French authorities and to be encamped on the island of Thasos. A recent dispatch from Athens reported the arrival of some members of the Kavala garrison in the Greek capital but no numbers were given.

The incident caused a profound sensation in Greece and the action of the Germans was bitterly denounced by the pro-ally party. Immediately after Premier Kalogeropolous took office news dispatches from Athens said he intended to demand the return of the Greek soldiers from Germany and that refusal of this demand would be the signal for the entry into the war of Greece on the side of the entente.

GERMANS GAIN FOOTHOLD.

Paris, Sept. 20.—(Noon.)—Determined attacks cwere made by the Germans last night on the French position on hill 37, north of the Somme. The Germans gained a foothold at some advanced points, the war office announced today, but subsequently were ejected

GERMAN TRENCHES TAKEN.

London, Sept. 20.—British troops, south of Aras yesterday, captured 200 yards of German trenches, says the official statement issued today by British army headquarters.

RUMANIANS CLAIM SUCCESSES.

Bucharest, Sept. 20.—The official report issued today by the Rumanian war office announces that the Rumanians have gained a success against the German and Bulgarian troops in the province of Dobrudja. The fighting was in the region of Enigea, 19 miles south of Constanza-Therna Vode railway.

ITALIANS DRIVEN BACK.

Sofia, Tuesday, Sept. 19.—Official announcement was made here today that the Italian troops on the Macedonian front have been driven back by the Bulgarians, who occupied four villages. In eastern Rumania, along the new battle front, south of the railroad from Constanza, on the Black sea, to Tsernavoda, on the Danube, a great battle is in progress. It is developing in favor of the Bulgarians, the announcement says.

READY FOR MR. HUGHES

Police Are Ready.

Eighteen policemen will be put on special duty during the time Mr. Hughes is in the city.

Five uniformed officers will guard the corners as the procession moves from the Wabash depot to the Palace theater, Police Chief Lenz has ordered. Three uniformed men and two plainclothes detectives will watch the Wabash and Pennsylvania depots while the candidate is in the city.

Lieut. Harry Grimme, Bailiff George Eisenhut, Sergeant Detectives Rundell and Brennan will take part in the parade and act as special guards. Four patrolmen will be stationed in the Palace theater.

"We would warn citizens to use care in carrying money if they join in the crowd," Police Chief Lenz said Wednesday. "All along the line of the Hughes tour have come stories to us of pickpockets following the candidate and working on the crowds. We are going to do our best to discourage that art here."

PROGRAM FOR TODAY.

Chicago, Sept. 20.—The special train carrying Charles E. Hughes on his campaign trip through the middle west, passed through Chicago early today enroute from Springfield, Ill., where he spoke yesterday afternoon and last night to Milwaukee, Wis. They day's program for the nominee called for a speech at noon at Green Bay, Wis., where his train will stop for an hour and a half. Brief addresses from the rear platform of his car are to be made at Sheboygan, Manitowoc, Appleton, Oshkosh and Fond Du Lac. Mr. Hughes will reach Milwaukee at six o'clock tonight and will make a speech there, departing early tomorrow morning on a trip through Indiana. He will speak tomorrow night at Richmond.

BIG CROWD AT SHEBOYGAN.

Sheboygan, Wis., Sept. 20.—A large crowd greeted Charles E. Hughes in Sheboygan, this forenoon. The factories were closed and even the circuit court was adjourned until after the special train had gone. Mr. Hughes spoke briefly on the tariff and the eight-hour law, declaring the latter the biggest blow to labor in the history of the country.

$2,000,000 IN FURS TO BE SOLD IN FIVE DAYS

St. Louis, Mo., Sept. 20.—More than two hundred and fifty fur buyers from all parts of the world are in St. Louis to attend the $2,000,000 five day fur sale, which opened here today.

Nearly 2,000,000 skins are to be disposed of in the next five days. The largest sale is scheduled for Saturday, when 1,666,265 skins will be offered. This lot consists of Australian opposum and muskrat skins and skunk pelts. The offerings include 25,800 tabby cat pelts and several polar bear and silver fox skins.

Besides Americain dealers, firms of Paris, London and Petrograd have had representatives in St. Louis for more than a week looking over the prospects.

Around the cemetery in Bowdoin, Me., is an iron fence which was put up forty-seven years ago and is still in perfect alignment, the frost which usually throws fences out of line, not having disturbed this one in the least.

"Yes!" or "No!" Mr. Hughes?

The foremost publicists and literary men of the United States, on August first last, addressed you in the following open letter:

TO THE HON. CHARLES E. HUGHES:

The professional writers who sign this letter have small interest in parties but a very deep interest in democracy. It is our hope, through this voluntary association, to assist in the promotion of honest, educational discussion in order that fundamental issues may not be decided in prejudice and ignorance.

Mr. Wilson's beliefs have been expressed in law and in declared policies. He has made an open record by which he may be judged. Wise choice is not possible unless you yourself make equally specific statement of purposes and convictions.

Without intent to offend, we feel justified in charging that in no single public utterance have you filed a bona fide bill of particulars, nor have you offered a single constructive suggestion.

Generalities are without value. Blanket criticism is worthless. What we desire to know, what it is fair that the electorate should know, are the exact details of your disagreement with President Wilson. What has he done that you would not have done, and what has he failed to do that you would have done or proposed to do? Honesty and patriotism demand that you put yourself upon record in such a manner as to permit people to judge you as they are now able to judge President Wilson. For example:

1—**Would you have filed instant protest against the invasion of Belgium and backed up that protest with the United States Navy?**

2—It is arrant nonsense to talk about action that would have prevented the Lusitania tragedy. The vague advertisement did not appear until shortly before the hour of sailing. The occurrence was one of those things that civilization has made the world regard as incredible. The only honest question is this: **Would you have made the disaster the subject of diplomatic negotiations or would you have broken relations with Germany at once?**

3—**Would you have urged upon Congress an embargo upon the shipment of munitions to the allies?**

4—**Would you urge universal compulsory military service?**

5—You are frank in stating that Huerta's morals were of no concern to America. **Does this mean that you would have recognized Huerta?**

6—**As matters stand today, would you be in favor of intervening in Mexico?**

7—**Does your attack upon the Wilson shipping bill mean that you are in favor of ship subsidies?**

8—You speak enthusiastically of the rights of the worker. **Does this imply that you endorse the Clayton Anti-Trust Law and the Seaman's Bill? Or will you urge their repeal?**

9—**What are your specific complaints against the Federal Reserve Law?**

10—As Governor of New York, you opposed the Income Tax Amendment. Does this antagonism persist? **Do you or do you not believe in paying for preparedness out of a tax on incomes, inheritances and munitions?**

We agree with you that it is a "critical period," by far too critical, indeed, for candidates to talk in terms of office seeking rather than in the simple, earnest language of definite Americanism.

Respectfully, (Signed)

FURTHERMORE—

Don't you think it is your duty to tell the public just how you stand on the Eight Hour day?

The Republican Platform of 1908 and the Progressive Platform of 1912 advocated it but it remained for Woodrow Wilson and the Democratic Congress to accomplish it.

You know this act prevented famine, sickness, distress and a property loss of millions and millions of dollars, yet you have said you would not have done as President Wilson did.

What would you have done?

The public has a right to know!

BY THE WAY:

The records of the Board of Elections of New York County show that since 1910 you, Mr. Hughes, have wholly neglected both to register and to vote—the highest duty of a citizen.

ROCKEFELLER FEUD IS STILL UNBROKEN

Brother William Tries in Vain to Reconcile John D. and Frank.

Cleveland, Sept., 20.—William Rockefeller, on his first visit to Cleveland in years, failed to bring about a reconciliation between his brothers, Frank and John D., estranged eighteen years.

This was made known today by Frank Rockefeller.

"There'll never be a reconciliation in this world between John and me," Frank said in his office here.

William Rockefeller returned to New York with his wife last night. They arrived here Sunday morning to visit John D. at his Forest Hill estate.

Frank, an energetic man of 70, told how William and his wife motored out to his home at Wickliffe yesterday from Forest Hill. It is believed William went on the mission to bring peace between Frank and John D.

"I was not at home when they arrived at my house," said Frank. "William and his wife visited with my wife, but I did not see either of them."

Then for the first time Frank told his story of the break between himself and John D.

"In 1898 John and I had a row over business. I said that time 'I'm through,' and I meant it. I am through. There's not the slightest possibility of a reconciliation."

The visit of William marked the first time the three Rockefeller brothers have been together in Cleveland for years. Today Frank said that "a few years ago" William came here to visit both himself and John D.

Family friends had believed that there might be a "get together" meeting this time between the three brothers, now in the sunset of life. John D. is 77 and William is 75. But Frank's face was grim and his voice determined as he put it:

"No!"

In an article by Ida Tarbell, self-appointed Boswell of John D., she tells of a business deal in which, it is believed, the quarrel between the brothers had its root.

This concerned the buying of the Franklin mine, rich in bessemer ore, in the Lake Superior region, by Frank Rockefeller and James Corrigan, of Cleveland.

When the hard times of the early '90s hit the iron business both Carrigan and Frank borrowed from John D.

Later, when Corrigan was hard pressed, he sent Frank to John D. to plead for his aid, according to Miss Tarbell.

She quotes John D. as saying at that time:

"Corrigan is going to the wall, Frank. I might as well have his stock as anyone."

WIDOW AND LOVER HELD IN POISONING MYSTERY

Chicago Police Make Arrests in New Death Triangle Case There.

Chicago, Sept. 20.—A grim "death triangle" was hinted at yesterday when, after investigating the death of Frank Ananka, 3432 South Halsted street, Deputy Coroner Charles F. Kennedy ordered the arrest of the man's widow and the suitor who moved into her home the day her husband was buried. An analysis had shown that Ananka died of arsenical poisoning.

Mrs. Ananka and the suitor, Anton Brocas, were arrested ealy in the evening the woman as she was entering her home on her return from work and the man in the house. Mrs. Mary Samoskas, a sister of the dead man, had signed a warrant charging murder. Both the prisoners vigorously declared their innocence.

No suspicion had attached to the man's death on June 24 or until six weeks later, when his brother, John Ananka, went to Coroner Hoffman and asked for an investigation. Judge Thomson issued an exhumation order, and the analysis of the vital organs was made by Coroner's Chemist McNally.

At the inquest Mrs. Samoskas testified that Brocas has been living at Mrs. Ananka's home since her husband's burial. John, the brother, said he found the two in a compromising position two years ago, but allowed Mrs. Ananka to persuade him not to tell her husband.

Dr. R. Robinson Duff, who was called to attend Ananka, submitted a statement declaring the wife would not permit the sick man's removal to a hospital when she was told it was the only chance to save his life.

There was a report in the neighborhood that Mrs. Ananka engaged a lawyer a week ago—before anything had been reported as to the cause of Ananka's death—evidently in the belief that she would be suspected. The police, however, said they had heard nothing of this.

Had Bilious Attacks.

"My son, nineteen years of age, suffered frequently from bilious attacks. My husband brought home a bottle of Chamberlain's Tablets and began giving them to him. They helped him right away. He began to eat heartily and picked up right along," writes Mrs. Thomas Campbell, Kirkville, N. Y. Obtainable everywhere.—Advertisement.

DAILY BIBLE READINGS FOR THE HOME

Matthew 20:21-30.

21 Jesus said unto him, if thou wilt be perfect, go and sell that thou hast, and give to the poor, and thou shalt have treasure in heaven: and come and follow me.

22 But when the young man heard that saying, he went away sorrowful: for he had great possessions.

23 Then said Jesus unto his disciples, Verily I say unto you, That a rich man shall hardly enter into the kingdom of heaven.

24 And again I say unto you, It is easier for a camel to go through the eye of a needle, than for a rich man to enter into the kingdom of God.

25 When his disciples heard it, they were exceedingly amazed, saying, Who then can be saved?

26 But Jesus beheld them, and said unto them, With men this is impossible; but with God all things are possible.

27 Then answered Peter and said unto him, Behold, we have forsaken all, and followed thee; what shall we have therefore?

28 And Jesus said unto them, Verily I say unto you, That ye which have followed me, in the regeneration when the Son of man shall sit in the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel.

29 And every one that hath forsaken houses, or brethren, or sisters, or father, or mother, or wife, or children, or lands, for my name's sake, shall receive a hundredfold, and shall inherit everlasting life.

30 But many that are first shall be last; and the last shall be first.

The Young Man's Opportunity

The organization of the young democratic voters in Fort Wayne by ward and precinct units is going forward in splendid fashion under the direction of the central committee, and these young men will take an active and an effective part in campaign work during the next few weeks. To a singular degree the young voter, privileged to cast his first national ballot at a time such as now, when affairs and issues of such vast national moment are before the people for decision, is fortunate. He will have part and share in carrying forward the program of progressive legislation, the fine Americanism and the forward-looking efforts that have been put forward by President Wilson and his congressional and administrative associates, or he will give sanction by voice and vote to a right-about-face change to the uncertainty of a political upheaval.

It is well for the young voter to appreciate not only his opportunity, but his responsibility as well. There have been times, perhaps, when it did not matter greatly so far as American position in world affairs is concerned whether the one candidate or the other received the sanction of a plurality at the polls. Under ordinary occasions only internal matters have loomed as the big thing in our elections. At this juncture, however, there is a difference. The European war and the Mexican situation have forced upon us new problems and compelled us, as Vice President Marshall has said, to break new pathways where none existed before. We think that, apart from the bias of partisanship, there will be general sanction for the legislation the president has insisted upon in redemption of pledges and for the meeting of emergencies as they developed. We think, too, that apart from the bias of partisanship, and with judgment calmly formed, there will be approval of his unwavering devotion to duty as he saw it, and for his fixed purpose to avoid the embroilment of this nation in war, either in Europe or in Mexico. These are some of the considerations that should claim the serious thought of the young man who is about to cast his first ballot.

Mayor Volland, at Columbus, has brought something of a storm about his devoted head because he has positively forbidden gambling in any form during the progress of a carnival in progress there, and is holding out stoutly against an insistent demand that the "lid" be lifted for the time being in that otherwise orderly and law-abiding town. Just what sort of reasoning sustains a contention that, because of the presence of some festal occasion, the gamblers, the grafters, the short-change men and the confidence artists should be permitted to skin the public for a short time is one of the mysteries that is past finding out. But it seems to obtain in some quarters, and is by no means peculiar to Columbus.

Retail druggists of the nation, in session at Indianapolis, have launched an attack on the "drugstore sponger"—that numerous individual who somehow expects the drug man to freely permit him to use the drugstore telephone, the drugstore city directory and other conveniences, not to mention the supplying of postage stamps, and all without so much as a "thank you" in return for these favors. Sometime, somewhere, we've read of the worm's turning at last. This must be the occasion, and, in point of fact, our sympathies rather line up with the long-suffering druggist in this grave crisis.

Vehement protest is arising at Indianapolis over the discovery that a new city contract just signed with the benevolent corporation which supplies water to that city stipulates that you have no right to do your own plumbing. Those folk are needlessly exercised. The average man who attempts to do his own plumbing once is thereafter fully content to entrust the job to more capable hands next time. The Indianapolis provision may, after all, be positively beneficent.

Attorney General Gregory, undaunted by the earlier decision of the courts, comes back with a smashing brief in his fight against the Reading company as the backbone of the alleged anthracite coal trust. Mr. Gregory's utterances sound surprisingly like those of a man who has been paying some bills for anthracite.

The United States census bureau has given out figures to show that Indiana is not only one of the healthiest states in the union, but that it is steadily improving its standing in this regard. However, it has probably failed to include in its compilations the statistics bearing upon the net results of automobile speeding.

Besides, Mr. Hughes is certain to profit in one direction by his visit to Fort Wayne tomorrow. He's going to get at least a fleeting glimpse of a mighty fine town that would look still better if his stay permitted him to see more of it than will be possible in the brief stop alloted by his schedule.

Terre Haute is just one hundred years old, and yet, when she thinks of all she has gone through, it must seem a lot longer than that since somebody started the Vigo county capital.

PRAISES THE RECORD.

(Springfield Republican.)

Under Wilson's leadership the democratic party is today a better instrument of progressive government than in a generation, if not in its entire history, and what is more to the point, a better instrument, in the opinion of this paper, than the republican party promises at this minute to become under Hughes. Various episodes have characterized the fact that the democratic party has had comparatively few outstanding leaders of national reputation. But it is one of the chief items of Wilson's leadership that during his term progressive and enlightened democrats such as Newton D. Baker, secretary of war, have been brought more and more to the front while the reactionaries have been sent more and more to the rear. The party has been in training and it has gained. But in spite of any comparative lack of leaders, the democrats meeting in caucus, whenever caucus has been necessary, have thrashed things out and determined to support, one after another, a long series of soundly constructive legislative measures of historic importance—notable among them the income tax, the banking and currency act, the rural credits act, the child labor bill, the federal unemployment service, the humanitarian features of the seamen's act and the provision for vocational training for civil life while in the army. To achieve such a record without leaders, if it were literally true that the democrats had had no leaders, would be in itself a triumph of democracy and a better promise than any amount of leadership stamped with the political conceptions of Boies Penrose.

Admirable as was Hughes' record at Albany, there can be no definite assurance that he would be able to force Penrose and others of that ilk to a back seat in the degree to which Wilson has revitalized the democracy. Hughes would make a good president; it was a matter of national good fortune that he was nominated at Chicago. But Wilson, by reason of his exceptional experience in office and his now overwhelmingly evident leadership, is, in the opinion of the Republican, better fitted to meet the problems of foreign relations and social evolution, in the broadest sense, which the next four years hold in store.

Chronic Dysentery.

"An old gentleman of this town who was almost at the point of death with chronic dysentery some time ago and had given up all hope of recovery, was induced to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. "Many residents of Baer's Station can testify to the truth of the above and were aware of the old gentleman's condition." Obtainable everywhere.—Advertisement.

AIN'T NATURE WONDERFUL?

Unnatural History, by Eugene Ahern.

THE GIN HOUND.

"Oh! y' shoulda seen me las' night, heh! heh! I went out with a couple a fellas an' we took in every gin mill in town, an' say, was I slopped up? oh, boy! First I started off with Scotch and soda, threw in some Porto Ricans,

a coupla ginger highs an' then finished off with beer washes." You've heard this music from some "gin hound," haven't you, Emil? Yes! many of 'em, George. They delight in telling people an' tryin' to make them think they're regular "sun dodgers" with them being "ginned" and having a swell "tee" on. These soft heads think getting soused is an accomplishment. Going around chinning about it is what kidnaps our angora. Arthur, the "gin hound's" brain is so small it has more room in the interior of his nib to roam around in than a pig has in a 40-acre lot.

HUGHES CONTINUES TO HIT EIGHT-HOUR LAW

Nominee Declares It Was Surrender of Great Principle.

Springfield, Ill., Sept. 20.—Charles E. Hughes, addressing an audience here last night, renewed his attack on the administration for the passage of the Adamson law in the face of the threatened railroad strike. Mr. Hughes discussed and called "futile" reasons advocated for its passage, quoted from President Wilson's address to congress on the subject, challenged the statement of Representative Adamson that it was passed to meet an emergency and cited a declaration attributed to Grover Cleveland in support of the contention that the law was "a surrender to force."

"We have seen," Mr. Hughes said, "what appears to be the consideration of immediate political expediency at the expense of public welfare. Mr. Adamson said it 'it is hasty legislation, I admit, to meet an emergency.' What emergency? The emergency of force to which the administration had capitulated."

Mr. Hughes, after declaring that "the just interests of labor are the concern of all," and asserting that he desires to see safe and wholesome conditions of work, adequate opportunity for education and recreation, reasonable hours of labor, and fair wages, said in part:

"The Adamson bill is a force bill. It was legislation without inquiry, without knowledge. The demand by the administration for such legislation as the price of peace was a humiliating spectacle. It was not only a serious misuse of official power, but a deplorable abdication of moral authority.

"The excuses presented are futile. The Adamson bill is not a bill providing for an eight-hour day. It does not fix hours at all. It regulates wages.

Mr. Hughes quoted the Adamson law.

"We have words which may seem to mean one thing and in fact mean another," the candidate continued. "The phrase 'eight hour day' is apparently used to tickle the public ear in order to establish something quite different.

"It is said for this bill that it will have a tendency to procure an eight-hour day. This is extremely doubtful. This bill must be judged by what it provides, not by what it does not provide. It is nothing more than a measure to fix wages. . . as such a measure its passage was justified, it needs no further excuse. If not its passage is not to be condoned by reference to another eight-hour work day which it does not establish. Such reference can only be regarded as a subterfuge.

"We are, therefore(not concerned with anything that is said of the judgment of society with respect to an eight-hour work day. There is plainly no judgment of society upon the increase of wages this bill requires."

Pointing out that the Adamson bill itself conceded that the subject was one requiring investigation, Mr. Hughes said that if there was anything requiring a careful inquiry it was "a proposition affecting readjustment either of rates or of expenses of carriers," upon whose efficiency "the community depends."

He continued: "What is fair and right must be done, but what is first fair and right must first be ascertained. When railroads are required to expend additional millions, this burden must ultimately fall on the public. If expenses are necessarily increased beyond what existing rates will stand, the rates must be increased."

What the Sentinel Had to Say About Perosns and Events Twenty-Five Years Ago.

The thermometer at 2 o'clock this afternoon stood 89 in the shade.

The county commissioners have fixed the county tax levy at 96 cents, a reduction from $1.19 of last year.

About noon today Paul Webber, a lad attending the St. Mary's school, suffered a partial sunstroke while playing in the schoolyard.

Mr. and Mrs. H. C. Berghoff left for Buffalo last evening over the Wabash. Mr. Berghoff is a delegate to the National German congress, which he will address.

This morning C. T. Banks, residing at 219 West Washington street, was overcome by the heat while walking along Calhoun street near the court house.

Nothing but the hostility of the weather clerk can prevent the opening of the new mile track tomorrow from being the most successful thing of the kind ever attempted in Indiana.

The board of commissioners Saturday put on record their order authorizing a special tax levy for the proposed new court house to be erected jointly by the city at the present site of the old court house.

William Krohn, 40 West Fourth street, met with a severe accident last Thursday afternoon. He was shooting sparrows near the Clinton street bridge when the gun was accidentally discharged in his foot. The ball entered just back of the big toe and lodged among the bones.

Theodore Thieme, general manager of the knitting works, while superintending the placing of some machinery Saturday, had the misfortune to have a large crowbar fall on his foot, badly bruising his great toe. Mr. Thieme will be confined to the house for a day or so.

Residents of Bloomingdale are asking for another passage to the city besides Wells street, across the St Mary's river bridge. It is proposed to build a crossing at either Third or Fourth street to lead to Clinton, but owing to a refusal of the railroad company to permit this improvement, it seems that the plan must either be abandoned or institute proceedings in court.

Help for Bronchial Trouble and Cough

"Foley's Honey and Tar Compound acts more like a food than a medicine."

Mr. Will G. Richmond, Inglewood, Calif., says:—"I wish to recommend Foley's Honey and Tar Compound as it has greatly benefitted me for bronchial trouble and cough. It acts so well in harmony with nature that it is more like a food than a medicine."

Foley's Honey and Tar Compound has a wonderfully quick way of soothing and healing the raw tickling surface of the throat and bronchial tubes. It eases the tightness over the chest, raises the phlegm easily, and helps the stubborn racking cough that is so exhausting and wenkening.

It is the best medicine you can buy, and better than anything you can make, for coughs, colds, spasmodic croup, whooping cough, la grippe and bronchial coughs, hoarseness, tickling throat and stuffy wheezy breathing. It contains no opiates, and is acceptable to the most sensitive stomach.

MAKE MR. HUGHES ANSWER

When candidate Hughes speaks here tomorrow he will be confronted with a quarter page advertisement on page 2 of today's issue of this newspaper containing an open letter signed by the foremost publicists and literary men of the United States. It asks ten questions pertaining to the vital issues of the 1916 presidential campaign. These questions were hurled at Mr. Hughes the day following his speech of acceptance and have been repeated in quarter page advertisements in every newspaper in every city in which he has spoken since that day, but not once has he answered. He tried to answer one at Chicago but failed, and at Fargo, N. D., he confessed that though he criticised he had "no panacea," yet he asks your vote.

Make him answer right here in Fort Wayne.

SHOP AND RAILROAD NEWS

ELECTRO-TECHNIC STARTS CAMPAIGN

Puts Ten Solicitors in the Field and Expects to Get Over 600 Members.

The annual membership campaign conducted by the Electro-Technic club, will be operated differently this year than on former occasions. Instead of having two captains who call to their assistance fifteen or twenty men each, ten solicitors, headed by Loren Klingman, chairman of the membership committee, have been chosen and territory will be assigned to each, with the expectation that every man in the shop be asked to join the club. This committee is composed of Loren Klingman, chairman; A. J. Magley, R. H. Chaurick, H. Zimmerman, C. Strodel, Benjamin O'Brien, William Hess, Leo Hines, C. J. Lopshire and Joseph Schwartzko, Jr. The committee will begin work at once, but the time limit for the solicitations has not yet been fixed. People downtown, not in any way connected with the General Electric works, and men in other shops and offices, will be given opportunity to join the club. As soon as the program for the lecture and entertainment course is printed, a copy will be placed in the hands of each merchant and he be asked to lay the matter before his clerks with a view of getting them to join the club. "We now have 300 members," said Chairman Klingman this morning. "We hope to bring the number up to 1,000 before the time for the first meeting," he continued. "The list of events is exceptionally good." Mr. Klingman said. It includes lectures by Hugh Chalmers, of the Chalmers Automobile company, and an illustrated lecture on "How Moving Picture Films are Made," by Ed H. Phillipi, of the Rothacher Film Manufacturing company. One night has been set aside for five minute talks by General Manager F. S. Hunting, Factory Manager J. J. Wood, Factory Superintendent E. A. Barnes, Sales Manager A. A. Serva and Production Manager H. C. Stocker, which will be most interesting and instructive to the audience. The series opens October 17, with a lecture by Don Mungen, president of the Bowser Efficiency club, at which the families of the members will be present.

NIGHT SCHOOL OPENS MONDAY.

Electro-Technic Club to Begin Educational Season.

"We expect 100 students in our night school the coming season," said W. J. Hockett, the head of that department at the General Electric works. "Up to the present eighty students have enrolled and we surely will get twenty or twenty-five more by the time the school season opens, next Monday night," he continued. This is the largest number of students ever enrolled for the night school and the interest taken this year is very encouraging to the people back of the school proposition. There will be five classes, two in electricity and one each in mathematics, mechanics and drawing. On the first page of the little booklet announcing the courses of study and giving other information concerning the school, J. J. Wood, factory manager of the General Electric works, is quoted as saying: "My life is a living example of the advantages of night schools." Mr. Wood began to earn his own living when he was eleven years old, graduating from the Brooklyn Evening High school in 1876, and from the Brooklyn Polytechnic college as mechanical engineer in 1878. He thoroughly believes in this method of education, although education neither begins with school nor ends with college, but depends entirely upon one's own efforts and ability to learn needful facts and apply them in practice.

TO FLORIDA TO LIVE.

Joseph Aubrey Writes That He Will Remain in South.

Joseph Aubrey, who, with his wife, went to Florida two weeks ago, has advised friends in the city that he has decided to remain in that state. Mr. Aubrey was one of the old employes at the factory of Rhinesmith & Simonson, the lumber dealers and planing mills men. He worked in that shop just forty years and during that time was one of the most steady employes at the shop.

THREE DAY INSPECTION TRIP.

The track inspection of the Western Division of the Pennsylvania this week will consume three days. The train will start from Crestline at 7 o'clock, Thursday morning, and run through to Clark Junction, where a lay over night will be made. Then the party will start back over the line, making a more thorough inspection which will consume two days. In the party will be A. A. Wirth, supervising engineer, of Pittsburg. Others will be Supt. Otto Schroll, Division Engineer Guy Scott, Assistant Division Engineer H. T. Simpson, Division Operator H. B. Reynolds, Trainmaster C. L. Hamilton, Master Mechanic E. E. Griest, Road Foreman of Engines John H. Hanna, Master Carpenter D. C. Zook and Road Supervisors Shinneman, Pett, Birthwhistle, Pelzer and Lipes. The Fort Wayne people will go to Crestline tonight in order that they will be ready for starting with the inspection train on schedule time.

FORTY-FOURTH TRACK INSPECTION.

The general manager's forty-fourth annual track inspection of the Pennsylvania railroad east of Pittsburg will be held on October 3 and 4. Accompanied by some 300 operating officers, General Manager S. C. Long will go over the main line from Pittsburg to New York. The trip will be made in specially equipped observation trains. Every year, on the occasion of the general manager's inspection, prizes to the amount of $5,400 are awarded to the supervisors and their assistants, who have maintained their sections of the roadbed in the best condition during the year. The awards for 1916 will be announced upon the arrival of the inspection party at Harrisburg, on the evening of October 3, at the board of trade building.

SERENADED NEWLY WEDS.

Mr. and Mrs. Otis Bennett, who recently returned from their wedding trip, were honored by a serenade by the boys at the shop where the groom is employed, last night. Tin horns, horse fiddles, tin cans and other discordant implements composed the "musical" instruments used by the boys. Mr. and Mrs. Bennett were at a neighbor's when the "band" arrived, but they were soon located and escorted home, where they held an informal reception for a few minutes. Mr. Bennett found his machine in the Electric works elaborately decorated when he reported for work Monday morning, but being early he was able to clear away the "rubbish" before the boys got there and he had the laugh on them.

SOCIAL SEASON OPENS.

Evidently the lodges and their auxiliaries propose to be active the coming fall, winter and spring months in a social way. Several of them have already given public social affairs and other events have been arranged for the near future. This afternoon Loyal Lodge No. 85, Ladies' Auxiliary to the Brotherhood of Railway Trainmen, is giving a pedro party at Unity hall and tomorrow afternoon Hyacinth lodge, Ladies' society to the B. L. F. of E., will have a pedro party at the same place. Each order is to conduct a series of pedro games during the season.

TO BUILD HOUSES FOR EMPLOYES.

The New York Central company has decided to build a number of houses in Toledo for its working men. This decision is the result of a dearth of tenement houses and a consequently difficulty in getting laborers sufficient to do the work the company has for them. Two houses are now under construction as samples, and if they prove satisfactory, the company will immediately let contracts for thirty-five other buildings. The new homes will be on Hill avenue, just north of the transfer house at Air Line Junction. They will consist of one-story five room cottages.

NEW ST. JOE CHAPEL.

This morning the contractor began to assemble the material for a handsome brick building on the site of the St. Joe chapel, on the Ashley farm, four miles north of the city, which will cost upwards of $25,000. The old frame building was torn down a week ago. Architect A. M. Strause made the plans for the new church.

TO ATTEND AIR BRAKE MEETING.

H. A. Burson, airbrake expert of the Pennsylvania, will go to Chicago tonight and ride a train to Pittsburg, noting the operation of the brakes. Tomorrow he will attend a meeting of the Pittsburg Airbrake club, of which he is a member, returning home Friday.

WEST ON AUTOMOBILE TOUR.

Henry Peters, who has charge of the tool supply departments of the General Electric works, entered upon a vacation this morning, during which he will tour through the west in his new Ford automobile. Mr. Peters expects to be gone a week.

CONDUCTOR WEBBER RECOVERING.

Conductor Henry Webber, of the Pennsylvania, was down town yesterday for the first time since August 4, when he had two bones of his left ankle broken while out on the road. He is quite lame yet, but hopes to be able to resume work some time next week.

INDUSTRIAL NOTES.

H. W. Young, an assembler at the General Electric works, is sick and off duty.

J. Laughlin, of the Pennsylvania planing mills, is sick and off duty.

After being sick two days, A. J. Huber resumed work in the Pennsylvania planing mills this morning.

Michael O'Conner, G. R. & I. passenger conductor, entered upon a ten days' vacation this morning.

John Riedel, of the Pennsylvania erecting shop, is off duty on account of the illness of his mother.

General Manager F. S. Hunting, of the General Electric works, left for Erie, Pa., last night on business for the company.

J. Miers is a new man in the punch press department of the General Electric works.

J. E. Guiff, a farmer from near Churubusco, has taken employment as a tender repairman in the Pennsylvania boiler shop.

W. Linemeyer, the blacksmith, who was sick a few days, resumed work at the Pennsylvania shops this morning.

Benjamin Mefler has been transferred from the wiring department to the transformer test department of the General Electric works.

In his efforts to lift a cylinder head in the Pennsylvania shops yesterday, J. J. Bryer, a painter, sustained painful injuries to his back.

Thomas Quinn, an armature winder, has returned from a vacation trip to resume his duties at the General Electric works.

A. W. Duncan, of the engineering department of the General Electric works, has completed a vacation outing and resumed his duties.

Machinist Henry Schotemeyer is sick and Charles Kloepper, who had been sick, reported for work this morning. They are Wabash employes.

Chester Stovall, Wabash electrician, has returned from Montpelier, where he went several days ago on business for the department.

John Brown, waterworks foreman of the Wabash, reported for duty this morning. He was sick three weeks, a part of the time in the Peru hospital.

Mrs. A. E. Stewart, of East Williams street, wife of the Pennsylvania machinist, is preparing for a visit with friends in Chicago.

M. G. Page, machinists' helper at the Pennsylvania shops, reported for duty yesterday after being off on account of illness.

Mrs. W. V. Thompson, wife of Gang Foreman Thompson, of the Pennsylvania machine shop, will leave tomorrow to spend the week-end with relatives in Chicago.

Miss Carrie Cruse, who suffered a fracture of one of her hips six months ago, resumed work in the winding department of the General Electric works this week.

Robert Mueller, head of the pay roll department of the General Electric works, is on duty again, after a two weeks' vacation trip, accompanied by Mrs. Mueller.

E. Feaser and J. Kaliker, of the Pennsylvania blacksmith shop, with their families went to Sheldon yesterday to attend the wedding of a relative.

R. G. Norris, of the Missouri Pacific, and G. D. Brophy, of the Canadian Pacific, traveling passenger agents, were in the city yesterday looking after business for their companies.

Olan Gobrecht, a clerk in General Car Inspector F. T. Huston's office, of the Pennsylvania, has resigned to return to the farm near Van Wert, from whence he came six months ago.

H. M. Parker, a machinist helper in the Pennsylvania erecting shop, is sick and off duty. C. E. Meyers, an apprentice in the same shop, is also off duty on account of sickness.

A trainload of Pennsylvania national guards passed through the city at noon today, coming in over the Wabash road and leaving over the Pennsylvania.

M. R. Kramer, assistant general foreman of the Pennsylvania boiler department, resumed work this morning, after a two weeks' absence. He was on a vacation trip to Denver and Colorado Springs.

H. T. Moody, formerly storekeeper for the Wabash at Springfield, has been appointed chief storekeeper's clerk at Decatur, succeeding N. D. Porter, recently appointed division storekeeper at Fort Wayne.

Mr. and Mrs. L. P. Clapp, of Marinette, Wis., who are making an automobile tour of Illinois and Indiana, came up from Indianapolis Monday and stopped a day or two with Mr. and Mrs. L. H. Deal, the former of the distribution department of the General Electric works.

William Ungard, the Nickel Plate switchman, who was so badly injured Monday morning that he died soon after the accident, was buried at Bellevue this afternoon. He was a member of the B. R. T. and the burial ceremony of that order were used at the funeral. The deceased had been employed by the Nickel Plate fifteen years.

The annual meeting of the Railroad Y. M. C. A. will be held at the association headquarters at Calhoun and Holman streets at 7:30 o'clock, October 9. It is probable that some action looking towards a successor to General Secretary A. J. Cash may be taken at that meeting. Mr. Cash, as previously announced, retires October 1 to take a similar position at Fostoria, Ohio.

One of the most elaborate and wonderful decorations ever conceived by man greeted the eyes of A. J. Magley, a transformer engineer, when he appeared at the office at the General Electric works for duty yesterday. As will be remembered by the readers, Mr. Magley slipped down to Lafayette quietly two weeks ago and married a most charming lady of that city. The desk decorations were in honor of the bride and groom and were made by Mr. Magley's office associates.

MAY TAKE SEVERAL DAYS FOR CITY CASE

Jury Chosen in Trial Which Asks Damages for Injuries.

Jury has been chosen and receiving of testimony started in the $5,000 damage suit of Henry Langhor against the city of Fort Wayne, being tried in the Adams county circuit court, at Decatur. Langhor asks remuneration for injuries sustained when he was knocked from a farm wagon at the corner of Dayton aveinue and Broadway, a year ago, by a pole which fell from a dredging machine.

The defense, represented by City Attorney Guy Colerick, is attempting to prove that the city was not accountable for the accident.

Nobody could help the fact that the pole swung loose, the defense will bring out. They will also show that the machine was borrowed from Wayne township for dredging near Foster park, in the St. Mary's river, and the city is not accountable for its results.

Prosecution claims the act was due to negligence and the city should pay the full amount. Judge Smith is hearing the case, which may be several days on trial.

MAY BECOME PUBLIC PARK.

Hopkinsville, Ky., Sept. 20.—The birthplace of Jefferson Davis at Fairview, near here, will be converted into a public park if plans discussed at a meeting of Confederate veterans at Fairview yesterday are consummated.

A beginning in this direction has been made, control of the house in which the president of the confederacy was born and nineteen acres of land has been obtained.

See Registration Notice on page 9.

ODD FELLOWS IN PARADE.

Chattanooga, Tenn., Sept. 20.—A spectacular street parade was today's feature of the sovereign grand lodge of Odd Fellows convention. In the morning there were business sessions of the grand lodge and affiliated organizations.

FALL STYLES IN WAISTCOATS

MADE BY

HART SCHAFFNER & MARX

Copyright Hart Schaffner & Marx

THERE was a time when nobody thought about style in a waistcoat; the coat covered it, why bother. But nowadays the coat does not cover it—the waistcoat plays a very conspicuous part, often giving the finishing touches of smartness to a suit.

Hart, Schaffner & Marx have carried out the Varsity Fifty-Five idea in waistcoats—style that's different; some have soft roll collars with five buttons, deep points; decided waistlines with full chested effects; athletic shoulders; some with welt pockets, others with flaps on the pockets.

This is just a small part of the big Varsity Fifty-Five idea; we'd like to have you know more about it.

Now, young man—rather than give you something that will not give satisfaction during these times of high prices, we have decided to sell Hart Schaffner & Marx new Fall Suits for young men at $17 to $40 instead of $20 to $50, the prices charged in other cities. Hart Schaffner & Marx have already shipped us fall goods amounting to $40,000. It's the greatest showing of young men's clothing in this state.

BONDS ARE PURCHASED.

State Buys $6,000 Worth in Negotiations With German-American National Bank.

J. Herman Bueter, manager of the bond department of the German-American National bank, has sold $6,000 worth of bonds to George A. Bittler, state treasurer. The purchase made by the state represents the initial investment of a portion of the Indiana State Teachers' Retirement funds.

Mr. Bittler, in writing Mr. Bueter, said in part: "This being a trust fund, I am particularly anxious, first, to have absolutely gilt edge investments; second, bonds to yield safe but fair returns. This order represents the very first check that I am drawing on the above fund for the purchase of high class securities. It is an added pleasure to open negotiations with a financial institution of my home city."

Miss Ethelyn Lease is spending a week in Kendallville, with friends.

Miss Irene Buegnot returned to Indiana university on Tuesday to resume her studies.

Mrs. James M. Henry and Miss Nellie Henry are in Wabash, visiting relatives there for a few days.

Mrs. J. J. Bauer and son, have returned from Vallejo, Cal., where Mr. Bauer has been confined to the hospital for three months.

Mrs. Frank Bender, of 512 Washington boulevard east, has been entertaining her sisters, Misses Helen and Rose Riehle, of Longansport, for several days. The visitors went home on Tuesday.

Preparations are being made for the entertainment of visiting ladies when the Indiana State Medical association convenes here next week. A reception will be held at the home of Dr. and Mrs. M. F. Porter, on Wednesday evening and on Thursday the ladies will be taken on an automobile drive about the city, then to the Country club to luncheon. A musicale will be given after the luncheon by Mrs. C. A. Horton, Miss Florence I Lang, Gaston Bailhe. Mrs. Frank Bohn will read accompanied by Mrs. Horton on the harp and Miss Muriel Larimore will dance.

Rothschild—Trauerman.

A wedding of quiet elegance took place on Wednesday noon at half after 12 o'clock when Miss Henriette Trauerman and Mr. Nathan Rothschild were united in marriage at the home of the bride's sister and brother, Mr. and Mrs. Samuel Kraus, of 911 Union street Rabbi Aaron L. Weinstein read the marriage service. The bride wore a handsome traveling suit of blue duvetyn with white blouse of fillet lace and a corsage of lavender orchids. The bride made a fine appearance and when she left on her wedding trip she wore a purple panne velvet hat quite stunning in design but plain. As soon as the bride and groom had received the felicitations of the company a dinner was served with covers for ten only as no guests aside from near relatives were present. That number included a sister to the bride and Mrs. Kraus, Mrs. Jacob Lobman, of Pittsburg. The dinner table was perfect in appointment, both beauty and elegance being observed, and three low bowls of pink roses and pink tulle from the electric dome to the corners of the table lent additional beauty. There were a few vases of roses in the living-room, but nothing elaborate. The wedding trip will be to California and Mr. and Mrs. Rothschild will be at home after the first of December at 816 Nelson street. The groom is the only son of Mr. and Mrs. Ben Rothschild, prominent residents of this city for many years, and is in business with his father. The bride has not lived in Fort Wayne very long, but her sweet manner and winning personality have already endeared her to many friends.

AT THE PALACE

NO MATINEE THURSDAY.

New Palace Week-End Bill to Open Thursday Evening.

The week-end bill at the New Palace will open Thursday evening instead of Thursday afternoon as usual because of the Charles Evans Hughes meeting to be held at the theater in response to the importunities of the committee in charge of he affair. On Saturday evening the New Palace will present two performances, the first at 7:30 o'clock and the second at 9:15 o'clock for the management honestly believes that the coming bill will prove so popular the fans will demand the usual quota of performances. Little Miss Up To Date a study in modernity, is the classy feature attraction on this new bill. The Gallerini Four, a quartet of artists supreme; Anderson and Goines, the nut brown laugh makers; The Four Slickers, one of vaudeville's funniest rough acts; Willing and Jordan, the singing team, and the Four Juvenile Kings, a quartet of lively youngsters, with a dance step in each toe.

The current bill closes this evening when Fort Wayne will have its final opportunity to enjoy Muriel Larimore's Dancers, the Dunbar Salon Singers: The Dohertys; Cook and Stevens, Cary and Leclaire; Bert and Harry Gordon and others.

AT THE MAJESTIC

EVA TANGUAY SATURDAY.

Cyclonic Comedienne Matinee and Night at the Majestic.

Every writer who has had his say about Eva Tanguay, has, to the extent of his ability, coined new phrases and invented strange adjectives to express his appreciation of her peculiar genius. There are few better known writers of the stage than Amy Leslie, of Chicago, and it is interesting to note what one woman of genius says of another woman of genius.

This is Miss Leslie's tribute to Miss Tanguay:

"Eternal, eccentric and elusive, Eva sent a thrill which was felt like an electric shock through the house when that little round moon of a spotlight slunk into a smiling corner and the band struck up the Tanguay smudge of music. She is a lollypop of a scaramouch, is Eva.

"It is a powerful relief to a weary mind to go crazy with Eva. They just crave a luxurious splash of the elixir which puts her into so accommodating and bewitching a frenzy, that is all, and it is worth the money. Miss Tanguay in her generous bubble of ecstatic mania, insists that she is crazy, but the wise and sane take comfort in her cunningly devised plan to pose as a beautiful mad woman, glad of it."

AT THE TEMPLE.

"Baby Mine," Famous Farce, Proves Riot of Fun.

"Baby Mine," the laugh play of the country, is delighting capacity houses at the Temple theater. In the hands of the most capable stock company seen here in many years, the funniest production ever written is proving a powerful antidote for the blues as well as a great drawing card for the playgoing public of Fort Wayne.

The reception matinee yesterday was a welcome feature, as it afforded an opportunity for many to express their keen appreciation and enjoyment of the present bill at the Temple. Last night another big house enjoyed the show, and laughed until threatened with hysterics.

"Baby Mine" is the funniest of all plays, and yet it is absolutely founded on fact. The story might be told in full, but that would be anticipating and spoil something of the surprise that the play always creates. If you need a change from the old grind, try an evening with Margaret Mayo's baby yell and you will find it better than three weeks in a sanitarium. All classes, colors and temperaments will scream with "Baby Mine."

The engagement will close with the usual performances on Saturday. Next week the great American success, "Under Cover," will open at the Temple with Miss Centlivre, a Fort Wayne young lady of unusual dramatic talents, included in the cast.

MEMBERS OF BRAUN-MILLER BRIDAL PARTY AT ST. PATRICK'S CHURCH.

Mr. Charles N. Braun.

Mrs. Charles N. Braun.

Miss Nellie Braun.

Mrs. Roman Mettler.

Miss Lillian Miller.

An unusually beautiful wedding of many beautiful nuptials that have been solemnized in St. Patrick's church took place on Wednesday morning when Miss Cecelia May Miller, daughter of Mr. and Mrs. A. A. Miller, and Mr. Charles Nicholas Braun, son of Mr. and Mrs. Peter Braun, were married at 9 o'clock. The solemn nuptial mass was celebrated by Rev. J. F. Delaney, master of ceremonies; Rev. M. Aichinger, of Auburn, as deacon, and Rev. John Kohl, of Columbia City, as subdeacon. The organist and choir of the church rendered the mass with Mrs. Schuckman, as soloist. The bridal party made a fine appearance and consisted of several attendants, who were Mrs. Roman Mettler, sister of the bride, as matron of honor; Miss Nellie Braun, sister of the groom, honor bridesmaid; Miss Lillian Miller, of Cloverdale, O., and Misses Margaret and Mary Braun, twin sisters to the groom, as bridesmaids, and little Rosella Braun, as flower girl. Mr. Robert Braun was best man and Mr. Roman Mettler and Mr. Raymond Miller were ushers. The lovely bride walked in with her father and she presented a very refined and attractive appearance. The bride's gown was made of bride's satin with trimmings of chantilly lace. The skirt of the gown was made in bouffant style over which the lace hung in two flounces while the modish and tight-fitting basque had an elaborate ornamentation of pearl trimming over the arms and about the neck and on the front of the corsage of satin. The long train of satin hung from the back and over it fell the voluminous folds of the bridal veil. The veil was caught to the hair with a tiny wreath of swansonia that circled the shirred tulle into a cap effect. A finishing touch to the elegance of the bridal costume was the bouquet, a shower of bride roses and swansonia, tied with lace ribbons. The costumes of the bride's attendants were exceedingly good looking and expressed the colors of pink and white with a touch of yellow. Mrs. Mettler looked very handsome in a peach blossom taffeta gown with basque of pink silk marquisette, a trimming of blue beads and the touch of black velvet to set it off. A pink panne velvet hat faced in black and trimmed with an aigrette and a beaded ornament. Mrs. Mettler carried a shepherd's staff with pink roses tied to it with pink tulle. Miss Braun wore a pink crepe dechine with tunic and cape effect over the shoulders trimmed in coral beads, while her hat of pink embroidered crepe with black velvet facing and handsome ornaments were in keeping with the arm bouquet of pink roses. Miss Lillian Miller wore a pale pink chiffon taffeta gown with full skirt, made quite up to date, but quaint with its suggestion of the colonial days. Pink beads were the principal garniture of the basque. Miss Miller's hat was also pink with black facing and paradise ornament, while she also carried a staff with pink roses tied to it. The Misses Mary and Margaret Braun were dressed alike in buff-color silk frocks, ruffled skirts and high waist lines, with berthas of silk trimmed with satin ruchings. They carried small pink baskets of Ophelia roses, and wore yellow tulle bows and wreaths of smilax in their hair. Little Rosella Braun made a sweet-looking flower girl in her pink accordion pleated frock, made with very short sleeves and round neck. She held a basket with big pink tulle bows tied to its handle and a cluster of Shroyer roses in it. Black velvet ribbons on her wrists and a wreath and bow of tulle in her hair, made up this pretty costume. The church was decorated with palms, hydrangeas and the altar in red gladiolus. After the solemn services the bridal party were driven to the home of the bride at 2011 Hanna street where the wedding breakfast was served to immediate relatives and close friends. About forty people partook of the breakfast for which Mrs. Graffe catered. Pink and white were the general colors of the house decorations, with roses and plumosus on the bride's table and a wonderful bride's cake, built in three tiers and with pearl ornaments on the frosting. Visiting guests were Mrs. Carl Rief and daughter, Mary Catherine; Mrs. William Beyan, Mrs. Frank Beyan, all of Delphos, Ohio, and Mr. and Mrs. Daniel Miller and family, of Cloverdale, Ohio. Several young girls assisted in serving. They were Charlotte O'Connell, Helen Miller, Ruth Ek and Clara Mettler. The bride and groom are to take a wedding trip from Detroit to Buffalo by boat. For traveling the bride, who is a beautiful young woman, wears a broadcloth suit of burgundy red and hat of panne velvet to match, with a bit of ermine for trimming. Gloves and shoes match the suit. When the bride and groom return they will be at home with the bride's parents. Mr. Braun is a general machinery broker and is not only a successful business man but one of engaging personality, and he with his bride enjoy the admiration and friendship of many people.

TO RUSH ACTION IN BLACKMAILING CASE

Department of Justice is Prepared to Insist on Early Trials.

Washington, Sept. 20.—Plans have been made by the department of justice to expediate action in the cases of the alleged blackmailing gang in Chicago by trying one of the principals in the New York federal court next month. One of the prisoners probably will be selected for this purpose at a conference at the department late today between Attorney General Gregory, A. Bruce Bielaski, chief of the investigation bureau, and the investigation agents from Chicago, New York and elsewhere who have been summoned here to discuss the case.

"All of the cases of those arrested at Chicago originated in the east," said Mr. Bielaski. "We want to see if the information we have from the east fits in with the information we have from the west and pursue our investigations in the light of the co-ordinated evidence. We are getting more evidence every day."

There are indications of more arrests impending and a number of suspects not yet in custody are under strict surveillance of federal agents.

CAUGHT AT LAST.

Newlyweds Who Eluded Friends for a Week Are Captured.

Mr. and Mrs. Otis Bennett, recently married, had successfully eluded all their friends until Tuesday night when a party of people went to their home on Reed street to look for them. Not finding them at home, the visitors proceeded to start a search for them. They finally found them and after offering congratulations, escorted them home in a wheelbarrow. After arriving at their home the newlyweds forgot their righteous indignation and served a delightful luncheon to the party whose ——— were now their guests.

HAVE PRETTY CHURCH WEDDING WEDDING WEDNESDAY.

MR. PAUL H. BENGS.

MRS. PAUL H. BENGS.

Trinity Episcopal church was the scene of a pretty wedding at 4 o'clock on Wednesday afternoon when Miss Marguerite L. Kintz and Mr. Paul H. Bengs were married by Rev. E. W. Averill. The bride is a daughter of Mr. and Mrs. Daniel Kintz, of Wells street, and Mr. Bengs' parents are Mr. and Mrs. Otto Bengs. A musical program was given by Mr. Kampe, who presided at the organ, before the entrance of the bridal party. The bride, a pretty and very lovely young girl, walked in with her father preceded by her sister, Miss Dorothy Kintz, as bridesmaid and met the groom and his best man, Mr. Walter Bengs. The bride wore a pretty gown of white crepe de chine trimmed with an embroidery in pearl beads and with pearl ornaments. The wedding veil was held by a band of pearl beads across the forehead and a beautiful pearl necklace, the gift of the groom, which the bride wore, was in keeping with the wedding gown and exceedingly becoming. A further feature of the bride's costume that she chose because of her admiration for pearls, were her slippers that had tiny mother of pearl buckles on them. The bride carried a bouquet of bride roses and swansonia. The bridesmaid, Miss Dorothy Kintz, wore a girlish gown of pink crepe de chine with sleeves and trimmings of pink Georgette crepe. A beautiful picture hat of pink Georgette crepe to match the gown was trimmed with pink roses and a silver ornament and an armful of pink roses that she carried made the appearance of the bridesmaid very charming. After the marriage service to the strains of the Mendelssohn wedding march, the bridal party left the church and were driven to the home of the bride's parents, 1528 Wells street, where a wedding dinner was served to about forty guests. The repast was a delicious one and the several young friends of the bride who assisted in serving it were Grace Stein, Lillian Mattot, Emma Boxberger, Nora Hilker and Emma Hilbert. Out door flowers of the season decorated the rooms and the bride's table was in roses and smilax. Later in the evening the bride and groom left on a motor trip to Indiana and Michigan points. For traveling the bride wears a blue serge suit with blouse of blue Georgette crepe and a black velvet hat. On their return from their wedding trip, Mr. and Mrs. Bengs will go to housekeeping at 531 West Fourth street where their home is ready furnished, the furnishings being a gift from the groom's parents. The groom is a tool maker employed at the Fort Wayne Electric works and he is a splendid young man in every way. Mr. R. L. Curtis, of Detroit, a brother of Mrs. Kintz, was the visiting guest at the wedding.

A. J. Magley, a transformer engineer at the Electric works, who was married at Lafayette two or three weeks ago, has returned with his bride. Mr. Magley resumed work yesterday.

SPECIAL ANNOUNCEMENT!

GOES TO WASHINGTON IN BLACKMAIL CASE

Clabaugh Transfers Chicago Investigation to National Capital.

Chicago, Ill., Sept. 20.—Investigation of the operations of the alleged blackmailing syndicate, accused of swindling wealthy persons in various parts of the country out of large sums of money, was transferred to Washington temporarily today by the departure of Hinton G. Clabaugh, local agent of the department of justice, for a consultation with Attorney General Gregory.

William C. Woodward, wanted by the government in connection with the alleged swindles, surrendered last night and was released on $2,500 bond. Three of those arrested here last Saturday night were discharged yesterday on account of lack of evidence to connect them with the alleged swindles. They are Mrs. Edward Donahue, Mrs. Frances Chapman and George Bland.

The four others who are still held and who will be given an examination before a United States commissioner next Friday are: Edward Donahue, Mrs. Helen Evers, Henry Russell and James Christian.

BAUER IMPROVED.

Young Man Hurt in Motorcycle Accident Returns From California.

Mrs. J. J. Bauer, 2133 Weisser Park avenue, accompanied by her son, Milton Bauer, of Vallejo, California, arrived home last night. Milton Bauer, it will be remembered, figured in a motorcycle accident at Vallepo July 1, in which his uncle, John Lepper, was instantly killed and himself so badly injured that for six weeks the attendants at his bedside expected his death at any hour. His injuries consisted of a badly crushed right leg, a broken arm and concussion of the brain. He was allowed to lie several hours before receiving surgical aid and came near bleeding to death before it came. The wound in the leg became infected, followed rapidly by blood poisoning, and the limb was amputated at the knee. The infection still exists and another amputation will be made as soon as the patient recovers from the effects of the long journey. Mr. Bauer is a boilermaker and before going to California to reside, he worked first at the Bass shops and later at the plant of S. F. Bowser & Co. John Lepper, the uncle, who lost his life in the accident, was a brother of Mrs. J. J. Bauer.

ARTERIES SEVERED IN JITNEY ACCIDENT

Italian Workman in Weakened Condition from Cut in Arm.

Peter Papani, 40, employed at the rolling mills, had the arteries and veins torn from his right forearm Wednesday morning, when the side of the jitney in which he was riding was damaged by contact with a telephone pole. John Koehler, 2704 Maumee avenue, was driving the small car. He ran the machine against the post when he became excited because of an approaching interurban car, it is thought. Koehler says the steering gear was out of order.

Workmen at the mills, who called police, claimed that Koehler had driven away and left Papani standing by the side of the street, with blood spurting from his injured arm, after the accident. The mill employes said they tied up the arm with pieces of handkerchiefs. Papani was taken to the St. Joseph hospital in the patrol.

Dr. Frank Dinnen, in charge of the patient, says the wound, which consists of a deep gash in the forearm, is the most serious of its kind that has ever come to his attention. Papani was in a very weakened state all morning from loss of blood. He was placed under influence of ether while the arteries were tied.

Koehler reported the accident to the police at once. He claims he did not think the man was seriously hurt or he would have taken him to the hospital. It is not known upon what object Papani struck his arm when the car struck the post. Papani does not talk English.

WILL NOW INSPECT SOURCE OF MILK

Dr. Paul Kucher to Travel Many Miles in Next Two Weeks.

The source of all milk delivered in Fort Wayne will be inspected by Dr. Paul Kucher, city meat and dairy inspector, during the next two weeks. He will cover nearly all the territory within a radius of twenty miles of the city and will travel a thousand miles.

Kucher will stop at all farms from which milk is sent to Fort Wayne. He will inspect barns, physical condition of the cattle and utensils employed in caring for the milk. It will be his second inspection tour through the country. On his former visits he found several milk producing centers where an inspector had never been before. Conditions were pronounced good in nearly every case after the first examination.

Bacterial count and butter fat tests are being made of milk obtained from city dairies during the past week. The report of the test should be completed in two days.

THE DEATHS

BECKER.

Mrs. Mary Becker, aged 87 years, died Tuesday afternoon at 4 o'clock at the Lutheran hospital, following an illness due to senility. She was the widow of Charles Becker, who passed away over twenty-five years ago and for the past eighteen years she had made her home with her sister, Mrs. Henry Stellhorn, 606 West Creighton avenue. She had been blind for eighteen years. The deceased was born in Germany, but came to the United States with her parents when she was 11 years of age. She had resided in Fort Wayne ever since. She is survived by a son, Louis, of Mason City, Iowa, four grandchildren and four great-grandchildren; two sisters and one brother—Mrs. Henry Stellhorn and Mrs. Eliza Engleking of this city, and Fred Hobrock, of California. Funeral services, Friday afternoon at 2 o'clock at the residence of the sister, and at 2:30 o'clock at Emmaus Lutheran church, Rev. Wambsganss officiating. Interment at Concordia. Omit flowers.

KECK.

Albert Keck, a farmer and thresher, residing nine miles northwest of the city, died at his home, Tuesday, at the age of 69 years. Death was due to cancer and followed an illness of six weeks. He is survived by the widow and two children—James Keck and Mrs. William Fritz, at home. The deceased was born in Ohio, but had lived on the farm where death occurred, for the past twenty-seven years. Funeral services, Thursday morning, at 9:30 o'clock, standard time, at the residence, and at 11 o'clock at Union Chapel.

SEEMANN.

Karl Seemann, aged five and a half months, son of Mr. and Mrs. Charles Seeman, of Milan township, near Gar Creek, died at midnight Tuesday at the family home following an illness due to cholera infantum. The parents and three brothers and sisters survive.

Funeral services Friday afternoon at 2 o'clock at the residence (standard time) and at 2:30 at St. Paul's Lutheran church at Gar Creek.

Charge by Republicans False, Declares Stone

Chicago, Ill., Sept. 20.—"A word about the so-called eight-hour law as relating to railroad operatives," by William J. Stone, United States senator from Missouri, was issued by the western national democratic headquarters here today. Accompanying the statement was an assertion that Senator Stone was representing the thought of the administration on the subject. The statement said:

"Messrs. Hughes, Roosevelt, Root, Lodge, Penrose, Crane, Pierpont Morgan, George W. Perkins and that entire genus, maintain that the president and congress surrendered to force and thereby discredited public authority and weakened the foundation of our governmental institutions.

"One weakness about this charge is that it is false. Nobody threatened the president or congress; nobody demanded anything of them. The controversy was purely industrial.

"The trouble had reached a point so acute that these hundreds of thousands of men were on the verge of a strike with its consequent paralysis of transportation."

After calling attention to the danger of "railroad transportation being tied up indefinitely" by a strike, the statement points out that while the crisis existed, senators and representatives and members of the administration were receiving communications from all sections of the country indicating "that the public sentiment almost universally favored any reasonable means of averting this catastrophe."

"The fact is," he continued, "the very threat of this nation-wide lockup caused a big jump in the prices of all the necessaries of life and industry and it is worthy of note that when the danger passed prices went back normal.

"These are the things the president faced and such a calamity he, bravely, patiently, patriotically sought to avert. Who blames him? Mr. Hughes says he should have investigated the questions at issue before acting.

"Is that really the issue Mr. Hughes presents to the judgment of the American people?"

"Mr. Hughes, hard driven, is appealing to powerful special interests. I am sure the president has other things of vastly greater importance to talk about, but he can meet this issue without a shadow of apprehension.

"I would turn from Morgan, Perkins, Roosevelt, Root, Lodge, Penrose and all such as those who preach these strange doctrines and ask the great masses of the people whether the president was right. Moreover, when powerful, opulent, sinister, special interests assail the president because of his fine act of Christian citizenship, I would ask the workingmen, who, with the president, must bear the brunt of these attacks—for they are aimed at the great labor interests of the country—what answer they will make."

HOLD MEMORIAL AS CONFERENCE OPENS

Franklin, Ind., Sept. 20.—With Bishop William F. Anderson, of Cincinnati, presiding, the 85th annual session of the Indiana Methodist Episcopal conference opened today with a memorial service in honor of the six ministers and the two wives of ministers who died during the past year. The sermon was preached by Rev. C. C. Edwards, of Evansville. Among those who died was Rev. H. M. Elwyn, of Evansville.

Charles W. Fairbanks, republican nominee for vice president, and Dr. Charles S. Woods, superintendent of the Methodist hospital at Indianapolis, will be the principal speakers at the anniversary of the Women's Home Missionary society and the hospital, which will be observed jointly tomorrow.

SOCIETY

Mrs. W. E. Doud has invited a few intimate friends of her daughter, Mrs. Raymond Ellis, and a number of older ladies with whom Mrs. Ellis has been associated, to meet informally on Thursday afternoon at a farewell to Mrs. Ellis, who is to return to Wilmington, Del., soon.

Miss Gladys Griebel is at home for a brief visit after a six weeks' stay in New York City. Her trip to New York was in the interest of the Boss Manufacturing company and she is to go soon to Cedar Rapids, Ia., on similar business.

Miss Stella Hunter has returned from a summer's visit at eastern points.

Mrs. M. V. Tucker is to leave within a day or two for Orillia, Toronto, Can., for a visit.

Mr. and Mrs. W. S. Bash have taken an apartment in the White for the winter.

Miss Emma Gerke, who is a bride-elect of next month, was pleasantly surprised by a number of friends on Sunday at her country home, just off Wayne Trace. Bunco was the principal amusement for awhile. Prizes were won by Misses Aloina Adam, Clara Niemeier and Dora Boese. Miss Gerke was presented with many useful gifts. Covers were laid for twelve. An excellent luncheon was served. The guests were Misses Emma Meyer, Tillie Brandynuellen, Marie and Clara Rebber, Clara Niemeier, Dora Boese, Alvina Adam, Anna Bradtmueller, Emiele Nieter, Frieda Zelt. Miss Gerke is to wed Will Kruse, on Thursday afternoon, October 5, at the St. Martin's Lutheran church.

HUGHES SAYS PATHWAY LEADS TO CIVIL WAR

Still Denouncing Adamson Law as "Surrender to Force."

Green Bay, Wis., Sept. 20.—The pathway of the "Surrender to force" Charles E. Hughes told an audience here today in renewing his attack on the administration for the Adamson law, leads to but one end, "civil war." Mr. Hughes referred to the action of the administration as "unpardonable."

The nominee also declared that nobody could embarrass him by talking about Americanism.

"I speak with added emphasis as the friend of labor," Mr. Hughes said, in discussing the Adamson law, "when I say that the serious blow delivered recently at labor and enterprise in this country was unpardonable, that blow being the surrender of the principle of arbitration and the yielding of reason to force.

"We look forward in this country to a future very uncertain unless we have peaceful settlement of grievances by a careful examination and open minded consideration of the facts.

"When A doesn't agree with B they are not allowed to fight it out in the public square. They have got to come into a court of law and fight it out there. All we have to do is to stand firmly for principle and get justice done.

"The other way simply means the rule of strength. There is only one end to that path and that is civil war.

"We have had in this country serious problems in the past—the problem whether we were to have a nation at all, the problem whether we could develop it without some individual walking off with it."

ALL DAY SERVICES AT FIRST M. E. CHURCH

An all day meeting of fasting and prayer will be held in the auditorium of the First M. E. church, corner of Lafayette and Wayne streets, Thursday. Prayer will be for missions.

Mrs. Myra Boyington-Grupe, field representative of the Williamsburg mission to the Jews, Williamsburg, N. Y., assisted the pastors' association in preparing for the all day service. Jewish mission work, home and all foreign missions will be remembered in the prayers. Strength for the coming soul winning campaigns will be asked for.

Christians all over the city are urged to attend the all day service. It is expected that those who will be busy most of the day attend the meeting for a few minutes either in the morning or afternoon.

The Ladies' Aid Bible class of Simpson M. E. Sunday school will meet with Mrs. Zook, 128 East DeWald street, Thursday at 2:30 p. m., in business and social session.

MEETING OF TEACHERS.

D. O. McComb, county school superintendent, has received tickets of membership to the Indiana State Teachers' association. The tickets are $1 and this sum is paid only by those teachers who attend, Mr. McComb says. The meeting will be held at Indianapolis October 26, 27, 28 and 29. It is doubtful if many teachers of Allen county will attend the Indianapolis meeting, as they usually are in attendance at the sessions of the Northern Indiana Teachers' association.

Mrs. Austin Stults accompanied Mr. and Mrs. Baron Long to New York city, a few days since.

Mr. and Mrs. R. L. Magee have closed their cottage at Wawasee and returned

FLOOD WRECKS SEVEN VILLAGES IN BOHEMIA

Over 250 Bodies Found After Bursting Dam Spreads Devastation.

Berlin, Sept. 20.—The giant dam situated above Hannwald burst yesterday. Many lives were lost and enormous property damage was caused at Gablonz, Bohemia, and in Weissendesse valley. The number of dead has not been ascertained. Up to noon today 250 bodies, many of them of children, have been recovered.

The villages of Deszendorf, Tiefenbach, Tannwald, Schumburg, Schwarow, Grosshammer and Hartz are inundated.

When the dam burst a roaring mass of water rushed in a twelve foot wave down the valley, carrying thousands of feet of lumber on its crest and hurling it with great violence against buildings and bridges.

The onrushing waters carried away numerous glass polishing factories.

Ninety minutes after the break the flood had reached Tannwald and mounted to six feet above the bridges, tearing through the town and carrying away houses and virtually everything in its path. Shortly afterward, similar scenes were repeated in the villages below Tannwald, where the waters destroyed glass cutting works, mills and houses and then carried them down stream.

The disaster came so suddenly that it was impossible to give timely warning to all localities. In many of the villages the houses were empty, due to the fact that the families were employed at other points.

The dam, which was completed only a year ago, was 52 meters wide at the base and 13 meters high. The basin had a capacity of 400,000 cubic meters of water and was connected with another basin holding 7,000,000 cubic meters.

WORK PILES UP FOR STATE PARDON BOARD

Another Allen County Case Added to the List for Consideration.

Indianapolis, Ind., Sept. 20.—Twenty-three new cases and three old ones to be reopened have been filed with the state board of pardons since the original list was made public recently. The list now includes forty-one new cases and fifty-four to be reopened.

Among the applications for parole the board will be asked to consider is that of Orville J. Hodgson, sentenced in 1915, after he had committed forgeries, became a fugitive and in his flight stopped long enough at Louisville, Ky., to marry a young society woman. The banks at Frankfort, Ind., were said to have lost $4,000.

Other new cases in the list include Dominick Lapico, St. Joseph county, October, 1913, 2 to 21 years, state prison, assault and battery with intent to kill.

George Bennett, Vigo county, October 5, 1912, 1 to 8 years, states prison, perjury.

Edward L. Brooks, Vanderburg county, June, 1913, 10 to 20 years, state prison, burglary.

Harmony Wallace, Vanderburg county, August 3, 1914, 2 to 14 years, reformatory, grand larceny.

Kenneth Davis, Allen county, May 20, 1908, 10 to 20 years, reformatory, burglary.

Henry Descamp, sentenced from Clay county, May 8, 1911, for life, for murder, and Thomas Hanan, sentenced from Lake county for life, October 5, 1906, for murder, also have applied for paroles.

BRUNO IN HOSPITAL FROM BRUTAL ATTACK

Saloonkeeper Was Knocked Down and Kicked by Assailant.

D. J. Bruno, 416 Ross street, proprietor of the saloon at the corner of West Main street and Broadway, is in the St. Joseph hospital as the result of a beating said to have been inflicted on him by Clarence Osterman. Bruno will be given a chance to sign an affidavit against Osterman Wednesday afternoon.

The young man who, bystanders say, assaulted Bruno, was released from bond only last week, having been arrested because his mother said he had threatened to kill her. It is claimed that the attack Tuesday night grew out of Bruno's refusal to sell Osterman, who is eighteen, a drink. Bruno was knocked down and kicked several times, it is claimed. Dr. C. C. Kimmel was called to the saloon and found the man in a semi-conscious state. He ordered Bruno taken to the hospital.

WILL ELECT OFFICERS.

The board of directors of the Old Fort Distilling company, at 620 Clinton street, will meet in annual session Wednesday evening at its place of business. Officers for the coming year will be elected. Other business matters will be discussed and decided upon.

rates for insurance following a lively discussion on the matter. This lower rate will enable the league to spread its work over a larger area and will be an inducement for larger membership.

At the close of the afternoon session it was decided to hold the next annual gathering in Fort Wayne, the third Tuesday in May. Officers for the coming year were elected as follows: President, Michael Kinder; spiritual director, Rev. Edward J. Mungovan, Valparaiso; vice president, George B. Frisz, Tipton; secretary, George Christen, Fort Wayne; treasurer, John Kohrman, Fort Wayne; chancellor, Thomas J. McLaughlin, Fort Wayne; orator, Leonard Knoerzer, Hammond; marshal, August A. Gocke, Fort Wayne; guard, Mrs. Cecilia Galland, Fort Wayne; trustee for three years, Mrs. Anna McLaughlin (elected), Fort Wayne; medical examiner in chief, Dr. John E. McArdle, Fort Wayne.

VON PAPEN NOW IN THICK OF FIGHTING

Berlin, (Via London), Sept. 20.—Capt. Franz VonPapen, former German military attache at Washington, now is in the center of the fighting on the Somme front. He is the chief general staff officer of a division holding one of the most crucial sectors on this front against which the entente allies for weeks have been launching their heaviest attacks.

Capt. VonPapen received his coveted assignment to the front after his return from the United States. As soon as he had familiarized himself with the methods and finesse of modern trench warfare he was given the highly important assignment of chief of staff and right-hand man of the division commander.

In a recent conversation the former military attache at Washington said he was anxious to have his friends in the United States know that he is serving at the front and not in Holland or South America, where, he declared, certain imaginative correspondents had reported he was conducting propaganda work. These reports, he said, were "bosh."

NAMES COMMITTEE FOR CITY PLANNING EXHIBIT

Mrs. A. E. Fauve, president of the Woman's Club league, has appointed the committee to make preliminary arrangements for the city planning exhibition to be given in Fort Wayne, beginning October 7. John E. Lathrop, director of city planning department of the American City bureau, will arrive in this city ten days previous to the opening of the exhibition and will form a larger organization composed of men and women.

Those ladies who composed the initial organization anticipating the coming event are: Mrs. Fred McCulloch, Mrs. B. H. Hudson, Mrs. Ferd Urbahn, Mrs. D. A. Horton, Mrs. J. G. Schwartz, Miss Lavon Sperry, Mrs. Louis Sitosel, Mrs. Walter Shephard, Mrs. Gaston Bailhe, Miss Minnette Baum and Mrs. A. E. Fauve.

WITH MILITARY HONORS.

Funeral Services Held for Major General Mills at Washington.

Washington, D. C., Sept. 20.—Military honors wereaccorded Major General Albert L. Mills, late head of the militia affairs bureau of the war department at his funeral here today. A detachment of regulars from Fort Myer, Va., and a regiment of infantry, a cavalry troop and an artillery battery of District of Columbia national guardsmen in camp here, acted as escort for the funeral procession from St. John's Protestant Episcopal church, where services were held, to the termination. Burial will be made tomorrow at West Point, where the cadets

ROBINSON SPEAKS TO THE CLUB OFFICERS

Leaders of Young Democratic Clubs Hear Congressman Tuesday.

Officers of the various Young Men's Democratic clubs throughout the city heard Hon. James M. Robinson, former congressman, and Harry Muller, attorney, in addresses at democratic headquarters Tuesday night. Mr. Robinson spoke on the significance of peace in the country and Mr. Muller on the value of close alliance in organized work.

"As blood-soaked, war torn Europe welters in the lost lives of the bravest men, we, of America, must listen to the criticism of Wilson, who kept us at peace. While millions of old men and women of Europe are homeless and millions of children have died there from the ravages of war we hear the shriek of Roosevelt and Hughes because Wilson did not involve us with Germany and Mexico.

"I appeal to the spirits of the war dead of Europe, tonight, as heretofore dying, five every minute, 290 every hour, 7,000 every day, 50,000 every week, 200,000 every month and 2,500,000 every year.

"I appeal to the spirit of McKinley and cite Elihu Root, New York senator, who on last March at the University League club at Philadelphia said: 'Eighteen years ago I came to Philadelphia to meet President McKinley, to talk on conditions with reference to Spain.' I remember how he said: 'There is danger of war, there must not be war with Spain; there shall not be war with Spain. It must be and shall be prevented at all hazards.' Then Mr. Root replied: 'I thought how little one man could do.'"

WILLIAM J. CALHOUN EXPIRES AT CHICAGO

Noted Lawyer Had Important Career as Diplomat and on Commerce Board.

Chicago, Sept. 20.—William J. Calhoun, 68, former minister to China, died late yesterday at his residence here. He had been in ill health for some months, having been stricken with paralaysis and thereafter a complication of ailments followed.

Mr. Calhoun gained fame as a diplomat through his mission to Cuba just preceding the war with Spain and as special commissioner to Venezuela for President Roosevelt.

Mr. Calhoun was born in Pittsburg. He practiced law at Danville, Ill., and in Chicago, and in 1897 was sent by President McKinley as special commissioner to Cuba. He was a member of the interstate commerce commission from 1896 to 1900, was special commissioner for President Roosevelt to Venezuela in 1907 and from 1909 to 1913 was minister to China.

Mr. Calhoun was twice married. His second wife survives him. Mr. Calhoun had much to do with the forming of the American Steel and Wire company and the Federal Steel company and for many years was a director and counsel for the Corn Products company, the Baltimore and Ohio railway and other large corporations. He served one term in the Illinois legislature.

FIVE BLOWN TO BITS IN POWDER EXPLOSION

Huntingdon, W. Va., Sept. 20.—Five men were instantly killed and another sustained fatal injuries when the air dry house of the Mount Union plant of the Aetna Explosives company was wrecked near here today.

All the dead were employed in the building which was blown to pieces. The force of the blast was heard for miles. The cause, officials said, will probably never be known.

REPUBLICAN CLUB FORMED.

The Young Men's Republican club, Wayne township, "B," was organized Tuesday night. Dick Vesey and A. Bowers, of New Haven, made addresses. R. A. Ream was elected honorary president. The officers were: E. L. Koons, president; F. H. Kohr, vice president; Levi Griffith, secretary, and Oliver Fairfield, treasurer. Many of the young party workers of that section of the township were present.

HOWLAND SWALLOWS POISON.

Alleged Legatee of Hetty Green Trust Ends Life at Los Angeles.

Los Angeles, Cal., Sept. 20.—Harry Howland, who claimed he was a legatee of the Howland estate, held in trust for distribution after the death of Mrs. Hetty Green, sat at his desk in a Los Angeles newspaper office, where he was employed as a reporter and drank poison last night. He died shortly afterward. Grief over the death of his wife in Kansas City, Mo., several months ago was said to have been the cause.

Mrs. John Mason, of Rivermet avenue, has returned form Toledo, Ohio, where she attended the funeral of her sister, Mrs. Apple, formerly Miss Edith Turner, of this city.

TAKES LARGEST STAKE IN STRAIGHT HEATS

Mabel Trask Wins Hoster-Columbus $10,000 Stake for Trotters.

Columbus, O., Sept. 20.—Mabel Trask, second to Peter Scott last year in the Hoster-Columbus stake for trotters, yesterday afternoon won the $10,000 event, the richest feature of the Columbus Grand Circuit meeting. Each of the last two heats was stopped in 2:05½.

To favored Volga went the Horse Review's futurity for 3-year-old trotters.

Fred Russell was the third winning favorite of the afternoon, but, unlike Mabel Trask and Volga, he did not land his race in straight heats.

Humfast, Brescia and Sister Ella were most in favor for the 2:15 trot, but the winner turned up in Ridgemark, owned at Youngstown, O.

M. U. COACH JUDGES MEN BY WORK ON GRIDIRON

Yost Says in Football Not Hands and Feet But Hearts Succeed.

(By Fielding H. Yost.)

In the game of football or of life, isn't the hands or the feet which succeed. It's the heart!

If you want to judge a man put him in a football game. I read men by football. It is my work and my pleasure.

A youth on a football field is just like a hero in a motion picture, whose every movement forms the basis of a drama.

When I take candidates for a football team and coach them I am preparing them for the gridiron and for life.

Real character surges through the artificial cloaks with which they are hidden when men find themselves on the football field.

We live our lives but once and football forms the biggest incident in the careers of many men.

I can watch a boy on the gridiron three years and tell you what kind of a man he will make.

Ty Cobb would have been just as great as a football player. The desire and ability to be great the grit, determination, physical and moral courage—would have carried him through just the game. Any of our great men would have succeeded on the football field.

I have seen heart dramas enacted on the ribboned field of play, which would have been considered masterpieces of fiction. I have seen comedies, tragedies and the thing between.

I have seen men find themselves on the football field. I have seen weaklings suddenly grow strong—have seen boastful men lose their airs of bravado and become cowards in a twinkling—their real character coming to the front.

No matter how great an actor a man is he cannot conceal his real character all the time. Sham and hypocrisy are absent from the football field. When you see a man in a game you see him just as he is—strong or weak, noble or ignoble.

It's a great thing—this football!

N. D. HAS TOUGH CARD AND ONE VET LINEMAN

Notre Dame, Ind., Sept. 20.—Notre Dame's wandering eleven has only fair prospects this year, with a hard schedule and but one regular lineman of last year on the list of those expected to report to Coach Jesse Harper. Harper will have a veteran, fast backfield to work with, however. His veterans are Captain Stanley Cofall, half; Arthur Bergman, half; Charles Bachman, full; James Phelan, quarter; Frank Rydzwski, tackle, the only regular lineman back; Harry Baujan, end; Ray Whipple, end; Arnold Melnery, tackle; John Miller, half; Grover Malone, half, and Walter DeGree, tackle.

New men are Dave Philbin, center; Frank Coughlin, tackle; Ward Miller, full; Chester Grant, quarter; George Fitzpatrick, half; Francis Andrews, guard; Dudley Pearsou, quarter, and Edward Madigan, center.

The schedule includes games with the Army at West Point, Nov. 4; the Michigan Aggies at East Lansing, Nov. 18, and Nebraska at Lincoln, Nov. 30.

CATLIN FINDS STAR TO SOLVE DIFFICULTY

Appleton, Wis., Sept. 20.—It looks as though the great difficulty which beset Coach Marc Catlin in his efforts to turn out a winning football team at Lawrence college last year—the lack of a reliable quarter back—had been solved this season by the coming of DeNivvey, of Oshkosh, touted as a star. Other new men are Karst, a Fond du Lac half, and Cassidy of Chippewa Falls, a plunging back. Catlin is confident of winning the Wisconsin intercollegiate championship, lost last year, for the first time in four seasons, to Ripon. Ripon has lost two star men, Howard and McNeil, who have entered Indiana, to try for the Hoosier team under Coach Stiehm. Lawrence men expected to return this year are Capt. William Elliot, right end; Frank Schneider, tackle; Louis Reinke, guard; Arthur Schenssler, half; Delvan Julian, half; Wm. Monat, end; George Sherwood, guard; Howard Irwin, tackle; Roy Hupe, full; Charles Pond, full; Paul Vincent, quarter, and Peter Lloyd, end.

Senecas Forfeit Game.

Leave Field in Ninth Inning While Still in Lead.

Convoy, O., Sept. 20.—The Convoy Greys won a forfeited game here from the Fort Wayne Senecas.

In the last half of the ninth inning, with the score 13 to 12 in favor of the Senecas, the Greys got three men on bases with none out when the visitors refused to play, leaving the field and thereby forfeiting the game, it reverting 9 to 0 in favor of the Greys.

This was the last game of the season, the Greys winning 13 and losing 6 out of 20 games played, the other game resulting in a tie, which was never played off. The score: R H E

$12,000 to Win a Football Game! Revenge Wanted! California Has Ed Mahan to Help Turn the Trick.

Eddie Mahan, formerly great Harvard football star, now backfield coach at the University of California. Below, Gilmour Dobie, undefeated University of Washington coach.

Berkeley, Cal., Sept. 20.—Revenge on the gridiron! That's what the University of California wants and demands. Said revenge is to be peeled from the football hide of the University of Washington—that is, if the expenditure of $12,000 on a brilliant coaching staff can do it.

Glittering among the personalities of this high priced coaching band are Eddie Mahan, great Harvard star, and Andy Smith, of Columbia university.

Anyone who remembers the 50 to 0 trouncing which the Washington university team handed the California eleven in California last year will not wonder that heroic methods are to be used in trying to wash away the hideous memory.

Back around 1910, California adopted rugby football. The game never was overly popular. In 1915 the old style was re-adopted and two games with Washington scheduled. Washington, under Coach Dobie, had never lost a game.

After the 50 to 0 score the Californians were wild over the defeat. Most remarkable was a game closely following and played in Washington. Dobie's eleven just did whip the team it had so soundly walloped a short while before.

The University of California students believe that rustiness at the old game was responsible for the defeats. In order to prove it a costly coaching department was assembled. Mahan, than whom there is no greater gridironer, is out nightly coaching the back field.

Dobie, tacitura and defeatless, doubtless ponders in his tent at the stirring scenes on the rejuvenated California campus. In Oregon, sister state to Washington, Dobie is vastly unpopular. Oregon men claim he has purposely avoided dates with them that would have meant his defeat. There will be joy in Oregon if California licks Dobie.

But the big idea is that Dobie has never been defeated. His coherts buried California beneath a scandalous score. The blue and gold is building all its hopes anent the day when California again faces Washington.

Twelve thousand dollars to win a football game!

Will California and her great coaching stars turn the trick?

Gasmen to Have a New Twirler

Shrode, the pitcher who worked for the Clearyites against the Colored Giants, will work for the Western Gas champs Sunday when they stack up against the former. He takes the place of Oestermeyer. Aside from this change only one other position is doubtful. The question is will Heine receive for the shop league champs or will he work with Distel for the city team?

BRONSON OFFERS BET ON SAYLOR'S PUNCH

Will Stake Any Amount That Stewart Gets Knocked Out.

Indianapolis, Ind., Sept. 20.—Ray Bronson is satisfied. His suggestion that the winner of the Milburn Saylor-Hal Stewart bout in Fort Wayne on Friday night take the entire purse has been accepted by George Biemer, manager of the up-state boxer.

In order to make things more interesting and to further show his confidence in Saylor, Bronson has offered to make a side bet with Biemer that the Indianapolis lad will win by a knockout. Bronson is not particular as to the size of the bet, either.

Saylor will wind up his training Wednesday. He already is down to weight and in great condition for the ten round setto. Saylor and Bronson will leave for Fort Wayne on Thursday.

The keen rivalry between the boxers and their managers has aroused the interest of local fight fans and it is believed quite a delegation will run up to Fort Wayne to see the contest. A number of them too are instilled with Bronson's confidence and no doubt will be ready to bet heavily on Saylor.

TABLE SHOWING LIST OF GAMES

COACHES TAKE HOLD OF HOOSIER CREWS

Lafayette, Ind., Sept. 20.—Cleo O'Donnell, head foot ball coach at Purdue university, took active charge of the candidates for the old gold and black eleven today. Although he has not taken any part in the preliminary practice work, he has been observing the men who are trying out for the team. Many of the best players last year were lost by graduation.

Bloomington, Ind., Sept. 20.—The Indiana university foot ball squad assembled for practice today under the guidance of Ewald O. Stiehm, Indiana's new athletic director, and head foot ball coach, for the first time this season. Players probably will be shifted this year because of new systems of coaching. The work today was not heavy.

BRAVGES SIGN UP MITCHELL.

Boston, Sept. 20.—Fred Mitchell, for the last few seasons assistant to Manager Stallings, of the Boston Nationals, to-day signed a contract with the club for three years. Last spring Mitchell was coach of the successful Harvard nine, but the new contract bars him from further work of directing college teams.

NOTRE DAME AT WORK.

Notre Dame, Ind., Sept. 20.—With a squad numbering forty-five men Coach Harper sent his tentative varsity against the scrubs for a first scrimmage Wednesday afternoon. The last few days have been spent in signal practice, with dummy tackling, falling on the ball, etc., for more than an hour each afternoon. The return of Bachman and Ducky Holmes proved great help to the line left weak when several of the stars were graduated in June.

OFFICIAL PRACTICE STARTS IN "BIG NINE"

Formation and Signal Drill Practice is to Start at Once.

Chicago, Sept. 20.—Practice among the "Big Nine" conference football elevens opened officially today and candidates who aspire to positions on the various teams will settle down to the hard drills of a season which will close on the Saturday before Thanksgiving.

A majority of the coaches have reported that the number of candidates is larger than for several years and they expect a season of fast foot ball. At a number of the conference schools hard games early in the season are on the schedule and coaches will lose no time in whipping their teams into shape. It is planned by several of the members to start formation and signal drills at once.

CHICAGO ONLY GAME AND A HALF BEHIND

Boston Leads With Detroit Close Second in American League.

Chicago, Ill., Sept. 20.—A game and a half still separates Boston and Chicago today in the American league race while Detroit is in the middle, half a game ahead of Chicago and a full game behind Boston. Detroit and Boston have two more games at Detroit and Chicago plays Philadelphia today and tomorrow. The percentages today are: Boston, .582; Detroit, .572, and Chicago, .569.

In the National league Brooklyn is today two full games ahead of Philadelphia, having won from Cincinnati yesterday, while Philadelphia lost to Chicago. Boston is two and one-half games behind Brooklyn and half a game below Philadelphia. Brooklyn's sixteen remaining games are at home while three of Philadelphia's seventeen and eleven of Boston's twenty remaining games are abroad.

India is now developing the industry of making lead pencils. There is believed to be a market there for the American makers of the machinery used in this branch of manufacture.

Be a Perfect Man

With No Back Pains—No Nervousness—No Loss of Ambition, But With Plenty of Life and Energy and the Vigor of Youth Restored.

To be strong and manly is the aim of every man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly men that nature intended them to be, they find themselves broken down and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of dreaded disorders, their finer sensibilities blunted and their nerves shattered.

Is This the Way You Feel? Do you feel tired in the morning and easily exhausted? Is your back weak or lame? Do you have difficulty in fixing your thoughts? Is your memory failing? Are you losing ambition? Do you feel you are not the man you once were? Do you have hot flashes up and down the spine or sudden weak spells at the base of the brain—sudden spells like fright from no apparent cause? Are you very restless or sleepless at night? Are you very nervous and irritable, with a feeling that you want to be alone? Are you gloomy, with a sense of some great oppression upon you? If so, then you need my treatment now and I want you to call or write today. Don't delay. You surely do not want to remain in this condition. Don't suffer longer. I cure others. I can cure you. Master your disease before it masters you.

MY FEES ARE WITHIN REACH OF THE WORKINGMAN

My price is always reasonable. I will give the POOREST man a chance, as well as the RICH, to receive a cure from me at SMALL COST. There is no man too poor to get my advice free.

I Cure to Stay Cured Varicose Veins, Blood Disorders, Skin Disorders, Bladder and Kidney Ailments, Piles, Fistula and all Special, Acute and Chronic Disorders of Men.

Free to Men A friendly, heart-to-heart talk will COST YOU NOTHING. I have been lecturing on and treating disorders of men for many years. I have EXPERIENCE, that best of all teachers, the most thorough equipment and purest drugs that money can buy.

Honest Treatment I will use you honestly, treat you skillfully and cure you in the shorest possible time. I will positively guarantee to cure any case that I decide is curable. I know what I can do and have the courage of my opinion. I am willing to stake my reputation upon it.

Proofs Come and see me today, examine the living proofs that I have to offer, investigate my records as a doctor and as a man. It will cost you nothing and may mean a lifetime of health and happiness to you.

DON'T LET MONEY MATTERS OR MODESTY KEEP YOU FROM BEING CURED. CALL. I DO NOT "PATCH UP"—I CURE TO STAY CURED. DO NOT DELAY. CALL OR WRITE TODAY. EVERYTHING CONFIDENTIAL.

Free Consultation and Examination.

TRAINMEN URGE LABOR TO SUPPORT PRESIDENT

Cleveland, Ohio, Sept. 20.—Urging that labor support President Wilson in his campaign for re-election, W. G. Lee, president of the Brotherhood of Railroad Trainmen last night sent out a bulletin in which it was "urgently requested that the position taken by President Wilson and both branches of congress be not forgotten and that all members use every honorable means to retain in office regardless of partisan beliefs, those who have proven their loyalty to the cause of labor."

Bulletins have been prepared by Warren S. Stone, of the engineers; A. B. Garretson, of the conductors, and W. S. Carter, of the firemen.

The official organ of the trainmen "The Railroad Trainmen" will present an editorial in its coming issue attacking the attitude of Charles E. Hughes on the eight hour day law and urging organized labor to support Wilson.

GIVEN STIFF WORKOUT.

Yost Has Twenty-Five Candidates Under Test at Ann Arbor.

Ann Arbor, Mich., Sept. 20.—Fielder H. Yost, coach of the University of Michigan football team, put twenty-five aspirants to the varsity eleven through a stiff workout on Ferry field yesterday and plans to continue the drilling until he rounds them into shape. The opening day's work consisted of almost everything usually seen in a football game and concluded with two elevens participating in defensive work. Several of last year's regulars have already arrived and all those who will be in school this year are expected before the end of the week.

Finishing Hardware

Good, substantial, artistically designed and finely finished hardware on a building gives it a tone and style that inferior hardware cannot maintain.

Therefore, why not get what looks the best when it costs but little if any more than cheap or inferior kinds.

You can rest assured that when you buy it at Schlatter & Co.'s it will stand the inspection of the most critical.

LAFAYETTE PLACE WITHOUT UNSIGHTLY ALLEYS

In laying out Lafayette Place the plan of doing away with alleys, which has proven so successful in eastern cities, was followed. This plan is recommended by health authorities all over the country as it disposes of the nuisance of exposed garbage receptacles, manuer piles, ramshackle sheds, etc. Under this plan the garbage problem is handled by sinking a large sewer tile, upright, in the ground in the rear of each home and the garbage can is placed in this, where it remains entirely out of sight.

This is but one of the newer features in civic betterment which will be introduced into Fort Wayne through Lafayette Place. For particulars see the Wildwood Sales company.—Advertisement.

LANDRITH HITS WINERIES.

Says Growing of Grapes Should be Given Up by California.

Red Bluff, Cal., Sept. 20.—Whether prohibition would be economically disastrous for California is not a question to be considered in the present "wet" and "dry" campaign, Dr. Ira Landrith, prohibition vice presidential candidate asserted yesterday in his opening speeches in northern California from the rear platform of the coast-to-coast prohibition special. "If the growing of grapes in California makes it necessary to sell alcohol," Dr. Landrith said, "then by heaven you should give up the business and make your money in some other way. The mere proposition of making a living is not to be considered for a minute in this campaign."

"Hush, little vineyard, don't you cry; you'll make grape juice bye and bye," was the answer of Dr. Landrith in his address at Redding to the argument that prohibition would be a bad thing for California in that it would put the wineries out of business.

VAN WERT PEOPLE HURT.

Hillsdale, Mich., Sept. 20.—Three persons were injured, two seriously and one perhaps fatally, in an auto accident on the big hill south of the city yesterday morning. Most badly injured is Harley Jacks, of Venedocia, Van Wert county, Ohio, who has a fractured rib and is in a very serious condition, it is thought with a punctured lung. Mrs. J. M. Roller, of Ohio City, Van Wert county, Ohio, has two compound fractures, one of the hip and the other of the ankle. Mr. Roller, husband of the injured woman, has a badly lacerated face, his left arm is sprained and he is suffering from the shock. Mrs. Jacks, who with the other three was pinned under the car, was unhurt, but is suffering somewhat from the shock. Other members of the party were two children who were thrown out on the grass and were unhurt.

EX-POLICEMAN KILLS HIMSELF.

Indianapolis, Sept. 20.—Frank A. Schwab, who resigned from the police force two weeks ago after thirty-three years of continuous service in the Indianapolis police department, killed himself at his home today. He shot himself in the head, the bullet passing through the wall and narrowly missed his wife, who was in another room. Members of the family believe his mind was affected as he had brooded over the fear he might become insane. He formerly was a desk sergeant.

FIRE DESTROYS CURIOS.

Newcastle, Ind., Sept. 20.—Fire of unknown origin destroyed the Worth museum at Springport, near here, early today. The building, which was built in the shape of a five-point star, contained curios from all parts of the world. It was said the collection was worth several thousand dollars.

In the handle of a new dustpan is a bellows operated by a piston, which aids in collecting dust too fine for a broom to move.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists, we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb the impurities to contaminate the blood while the pores in the thirty feet of bowels do.—Advertisement.

FIRST AID IS GIVEN WELL KNOWN WOMAN

Mrs. Quik Says Tanlac Only Medicine to Bring Her Relief.

Lafayette, Ind., September 20.—"I have tried many kinds of medicine but none of them brought me the relief I gained through Tanlac," Mrsfl L. Quik, wife of a well known farmer residing on rural route F, Lafayette, said on May 1.

"I had kidney and liver trouble," she continued. "My stomach also was out of shape and I suffered frequently from rheumatism in my arms and limbs. My appetite was very poor and I couldn't sleep at night owing to the kidney trouble. I was constipated most all the time and I experienced severe pains in my stomach caused by indigestion. The kidney trouble caused pains across my back. The rheumatism made it almost impossible for me to do my housework.

"I saw accounts regarding Tanlac's work in the local newspapers and bought a bottle of the medicine. This one bottle has made me feel a great deal stronger and better. The rheumatic pains in my arms and limbs have about ceased and my kidneys are in much better shape, the pains across my back having disappeared. I have a fine appetite now and I am no longer troubled with constipation. I am able to digest my food properly now.

"I gained big benefits from Tanlac and I can conscientiously recommend it to all my friends as the best medicine I have ever found."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like and is a fine blood purifier and general cleanser.

Tanlac is now being specially introduced and explained in Fort Wayne at the four Meyer drug stores—Wayne and Calhoun streets, Calhoun and Columbia, 1420 Calhoun and Broadway and Taylor streets.—Advertisement.

NEWS OF FORT WAYNE'S NEIGHBORS

WOMEN GO ARMED.

Assaults at Lima Prompt Fair Sex to Carry Revolvers.

Lima, O., Sept. 20.—"A man better look twice after this before he attempts to insult a woman by addressing her on the streets or enter her home for the purpose of attempting to criminally assault her," said Chief McKinney. Lima women are armed to the teeth and most of them are carrying guns on their persons, if reports given to me are true. Hardware men say that the sale of firearms and cartridges the past two weeks has been heavier than at any time in the history of the city and those same purchases are being made by women so that they can protect themselves. Evidence of the fact that Lima women are armed and that reports to the chief of police are true was gained when Motor Cop Thomas reported a case of shooting on South Elizabeth street. Thomas, while riding along Elizabeth street, heard several shots fired and immediately stopped to investigate. He found Fannie Cochrun, 723 South Elizabeth street, standing near her home and her appearance indicated that she knew something about the shooting. Upon being questioned by the officer the woman admitted that she was the one who fired the shots. She said that a man aprpoached her and atempted to grab her by the arm and to protect herself she drew a gun and fired at him. The would-be assailant started on a mad run down the street and into an alley before she could get a good look at him, she said.

INSURANCE CASE AT BLUFFTON.

Bluffton, Ind., Sept. 20.—Judge Eichhorn, in circuit court here, yesterday, heard testimony in the case brought by the Farmers' State bank, of Ossian, against Thomas M. Brown, of Ossian; Mrs. Edith Brown, of Pennville, and other interested parties, in which the bank is seeking to have the court declare as available to apply to payment of judgments held by the bank, aggregating $651.93, certain insurance money paid to Edith Brown by Thomas M. Brown, father of her deceased husband. Thomas M. Brown, as beneficiary of insurance policies carried by his son, received $1,546.71, which he turned over to his daughter-in-law, stating that he did so in compliance with instructions that had been given him by his son. The bank contends that the beneficiary of the policies should apply the money to the judgments.

FAIR AT KENDALLVILLE.

Kendallville, Ind., Sept. 20.—The big show is on. The fair gates, like a gigantic curtain, swung open at noon Tuesday and the air seemed to be filled with a jingle of letters which when arranged properly spell "Welcome." Everybody in the universe is welcome to the fair, the one big fair of northeastern Indiana, the Kendallville fair. President O. F. Johnson and Secretary Brouse are just as proud as two young schoolboys who donned their first pair of long trousers, and both are holding their heads high for they feel that they, with the assistance of the executive committee and other ardent workers of the fair, have succeeded in assembling a sufficient amount of exhibits to give the patrons a grand display.

KILLED IN AUTO ACCIDENT.

Goshen, Ind., Sept. 20.—Harry Davis, of Bronson, was killed when his automobile turned turtle on the Chicago road about two miles west of Bronson. The accident was witnessed by John Secord, whose home is located thirty rods east of the scene. Davis, who was 22 years of age, was driving in a Ford car with a companion at the time of the accident. In some manner the car slipped over the embankment, and turned completely over. Secord hurried to the scene, and found Davis under the car with the side of his face crushed. It is believed that death must have been instantaneous. His companion hurried away, and his identity could not be learned.

LETTER FROM MISSING MAN.

Hartford City, Ind., Sept. 20.—A new and interesting turn in the case of Alonzo C. Oblinger, who disappeared last June, when he drove to this city one night from his home in Harrison township, deserted his horse and buggy and departed on a Pennsylvania train, came Monday evening when John A. Oblinger, brother of the missing man, received a letter from his brother, who states in the communication that he is working on a chicken ranch near Seattle, Wash. In his letter, Olonzo Oblinger asks his brother to take charge of his affairs and dispose of his property and pay all of his indebtedness.

WILL GO TO WARSAW.

Plymouth, Ind., Sept. 20.—Plymouth chapter of Royal Arch Masons will be the guests of the Warsaw chapter Thursday night at a banquet, and, following, the Plymouth chapter will confer the M. E. M. degree for the Warsaw chapter candidates. The Plymouth chapter, about thirty-five in number, will leave on the 6 p. m. train and will be joined by the Bourbon chapter at the latter town. The Masons from both towns will be met by the Warsaw R. A. M. and will be taken direct to the banquet hall. After supper they will proceed to the lodge rooms for the degree wokr.

MONTPELIER MAN BURNED.

Montpelier, Ind., Sept. 20.—James L. Diggs, an employe of the Baltes stone quarries near this city, was terribly burned by hot water and steam, Tuesday, when a gasket blew out of a hot water pump, carrying a pressure of 125 pounds. Diggs was so badly scalded over the stomach and right arm that the skin sloughed away. His right shoulder was also bady scalded. It will be three or four weeks before he will be able to resume his work. While attending physicians do not regard the workman's injuries as particularly dangerous, they are very painful. The man will receive compensation insurance.

BOYS ARE RESCUED.

Huntington, Ind., Sept. 20.—Frank Hier, 1440 East State street, janitor of the State street school, took chances of losing his own life, Tuesday, and saved two boys, Herbert Claire Covey, age 12, and Fred Covey, age 10, sons of Herbert Covey, of the Stringtown pike, from drowning. Hier hesitated only long enough to pull off his vest and overalls, and then plunged into Little river, 150 yards above the Erie railroad bridge. He went in at the north bank and came out at the south bank with a limp boy under each arm.

NEARING COMPLETION.

Van Wert, O., Sept. 20.—The new Y. W. C. A. building is being furnished and put in readiness for its dedication on September 30 and October 1. Details are being worked out by the various committees and plans will be made public as rapidly as possible. A county-wide membership campaign will be made the week following dedication, when all the women and girls of Van Wert county will be invited to become members of this splendid organization and participate in the many advantages and pleasures it will offer.

HURTY AT AUBURN.

Auburn, Ind., Sept. 20.—Dr. J. N. Hurty, state health commissioner, will be in Auburn next Monday, September 25, and will speak in the evening. Several days ago Mayor J. Y. W. McClellan wrote to Dr. Hurty, asking him for advice about the sewer conditions at different places in this city and a reply from Dr. Hurty states that he will be in Auburn next Monday and go over the sanitation problem thoroughly and will speak on the subject in the evening.

MENTONE MAN ARRESTED.

Warsaw, Ind., Sept. 20.—Charles Strong, who resides near Mentone, was arrested on Tuesday by Deputy Sheriff Huffer on a charge of violating the educational laws of the state of Indiana. It is charged that the defendant allowed his son, Bruce, to remain out of school when the boy was within the age described by the state compulsory educational laws. The laws are very strict in this respect and offenders are dealt with severely.

W. C. T. U. CONVENTION.

Bluffton, Ind., Sept. 20.—The twenty-fourth annual convention of the Wells county W. C. T. U. was held at the First M. E. church in this city yesterday. The following officers were elected for the ensuing year: President, Mrs. Theodore V. Harsh, Bluffton; vice president, Mrs. O. D. Garrett, Liberty Center; corresponding secretary, Mrs. Lina Poulson, Bluffton; recording secretary, Mrs. B. A. Willis, Bluffton, and treasurer, Mrs. Sadie Allen, of Ossian.

O-EAT-IT Bran Food

Will Keep You Free From Constipation and Indigestion and Tone Up Your Entire System Without Medicine.

Physicians Recommend It.

O-EAT-IT is a fully cooked ready-to-eat, pure, delicious, nourishing bran food. Its crisp, tasty, toasted slices that keep indefinitely—made from rich, golden wheat-bran and other cereals, O-EAT-IT takes the place of all old-style bread and breakfast foods, morning, noon and night; good for brain, blood, nerves and growing children, and insures freedom from constipation and indigestion without the aid of medicine or any added expense of living. Physicians heartily recommend it. For sale at all grocers. For free trial package, address The Ideal Food Co., 179 Studebaker Bldg., Chicago, Ill.

INDIANA WEATHER AND CROP REPORT

Indianapolis, Sept. 20.—The weekly summary fo weather and crop conditions in Indiana, issued by the local office of the United States weather bureau, says:

The week was practically rainless, and cool, the temperatures averaging about 7 per cent below the seasonal normal. Plowing and seeding continued, but the advance in this work was slow on account of extreme dryness of the soil, and rain is much needed. Considerable progress was made, however, in corn cutting, clover hulling and in making ensilage. The frosts of the 16th did much damage to tomatoes and truck. In some of the northwestern parts of the state the frost damage to corn is estimated at forty per cent or higher; but elsewhere the injury sustained was much less, and was confined chiefly to the late crop on low grounds. The frosts on the last two days of the week will probably increase the amount of damage somewhat. Pastures, late fruit and potatoes are generally fair to good.

DRINK WATER TO AVOID SICKNESS SAYS AUTHORITY

Glass of hot water before breakfast daily keeps the doctor away.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation. Advertisement.

SWEEPING GRASS FIRE THREATENS DWELLINGS

A sweeping grass fire on the commons near Spring street, along the G. R. & I. tracks, in the extreme northwest part of town, threatened to burn several houses in the neighborhood shortly after noon. Firemen from stations five and seven were rushed to the scene. The fierce prairie fire, aided by a strong wind, burned for nearly an hour.

Firemen centered their attention on protecting the rows of frame houses near the tracks. Paint was scorched on several of the buildings. Heavy growth of weeds and grass was burned over a strip of two acres of ground. Sparks from a train are supposed to have started the fire.

SERIOUS RIOTING AT CHEMNITZ REPORTED

London, Sept. 20.—Serious rioting in which a number of lives were lost took place at Chemnitz, Saturday afternoon, according to a Central News dispatch from The Hague. The dispatch says the rioting started when the news arrived of the heavy losses of Chemnitz workman in the Somme battle.

Crowds assembled on the streets and sang the "Internationale." They refused to disperse and were charged by hussars. Five hussars were killed and forty wounded and about forty civilians were killed and 300 armed with revolvers were arrested.

"Pep" Ginger and Ambition for "Run Down" Men Weak, Nervous Women

A medicine that helps the weak, nervous, half-sick, nerve-starved men and women, can be bought of any live druggist by asking for three grain Cadomene Tablets in sealed tubes at one dollar per tube, or six tubes for five dollars—a full treatment.

BEFORE TAKING

You have headaches, backaches, shattered nerves. Your ambition is gone, extremities cold or numb, heart flutters, kidneys inactive, vitality low, confidence gone, life seems hopeless. Despondency attacks you — your friends desert you, you're not interesting, energetic, full of life and vitality.

AFTER TAKING

Your health improves, aches are banished; ambition returns; blood circulates freely, powerfully; nervousness disappears, heart becomes normal, organic troubles corrected, vitality renewed, confidence restored and life becomes brighter, your friends find you of interest, admire your strength, your magnetism; which is another word for smiles and joy.

All this comes because your nerves, blood and vital organs feel the beneficent medicines in three grain Cadomene Tablets.

YOUR SYMPTOMS tell you that you need a powerful, vitalizing tonic to regain all that you have lost. Try

3 Grain Cadomene Tablets

They are guaranteed to help you or money refunded by the Blackburn Products Co., Dayton, Ohio. The "Best thing in the world" for "run down" men or weak, nervous women. Price $1.00 at all druggists. Six tubes for $5.00 is full treatment.

GRANDFATHER TAKES UNFORTUNATE GIRL

Read in the Papers That Marie Was Having an Awful Time in City.

J. H. Sandburry, retired farmer, living on rural route No. 5, near Butler, sat on the front porch reading the daily paper, Monday evening. Presently he knit his brow and stroked his gray beard. Then he arose and went into the house.

"I am going down to town and get Marie tomorrow. She is having an awful time in the city," Sandburry said and removing his glasses, handed them with the paper to his wife.

He had read about Marie Cosset, his granddaughter, who has been mixed in two police affairs in less than a month and who was last taken from a rooming house, where she told that the landlady held her in bed with an Italian until police arrived. It is thought that the raid was planned by the girl's husband in order to assist him in getting a divorce.

Sandburry drove to Fort Wayne, Tuesday, and hunted up Judge Kerr. The girl's father had refused to let her return to his home because she had insisted on going to the city to make her way, the grandfather said. She was married to Cosset, a street car conductor, twelve hours after she met him at the transfer corner.

"Marie was always a good girl and she is too young to know and she is having such an awful time in town. I had better take her along," Sandburry argued and Judge Kerr gave him permission to take Marie to the farm.

HEAD FRACTURED IN AN AUTO ACCIDENT

Henry Kodiske, 1402 Hayden street, is believed to have fractured his skull as the result of being thrown from a wagon late Wednesday afternoon when struck by an automobile driven by George Loy, 625 East Wayne street, at Hanna and Lewis streets. He was picked up unconscious and rushed to the St. Joseph hospital. Loy claims that his car skidded on the wet pavement. He struck the wagon with considerable force.

HARRISON HILL IN PATH OF CITY'S GROWTH

To anyone who makes a trip to the end of the paving on South Calhoun street for the first time in the last year, the growth of the city in that direction seems indeed marvelous and it is interesting to note that Harrison Hill, Fort Wayne's most modern addition, is situated squarely in the path of this great southward growth. Within the past eighteen months this addition has been converted from an open field into one of the most charming residential sections in this part of the country and it is predicted in real estate circles that it will soon become one of the show places of the city. Already the mile-and-a-half drive covering a route along Harrison boulevard, Cornell and Seminole circles is one of the most popular auto routes of the city, and to all indications the entire addition is to be built up within a surprisingly short time. Details regarding lots in Harrison Hill may be secured from the promoters, Hilgemann & Schaff, North American building.—Advertisement.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CUTTING CORN CROP IS HARD TASK THIS YEAR

Farmers Are Busily Engaged in Sowing Wheat and Hulling Clover.

Farmers throughout Allen county report that cutting the corn crop this year has proven a great task. The severe rain and wind storms which were experienced through the summer bent the cornstalks in every direction. It is impossible to cut it with a horse cutter and cutting by hand is also very difficult.

Wednesday was another inactive day on the Fort Wayne markets. Receipts were extremely light and prices remained unchanged. Wheat holds at $1.43 and $1.45 cents per bushel, while quotations on oats and corn varied just a few cents on a bushel. Hog prices are $10.25, the same price that has been quoted for the past month.

With the late corn already nipped by frost, corn cutting and silo filling are now under way on numerous farms of Allen county. Clover hullers are busy in the county, but the yield is small compared with former years. The potato situation is worrying many farmers, the crop not being up to expectations, especially the late crop. However, the price is up the highest in years for this season. Many farmers will not have enough "spuds" to fill their bins for winter use, let alone a surplus crop for sale.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Sept. 20.—Wheat developed considerablestrength to-day influenced more or less by London admissions that the armies of Rumania were in a perilous position and by Russian advices that it was not expected the Dardanelles would be opened in time to allow any shipments this season. Opening prices, which ranged from ⅝c decline to ⅞c advance, with December at $1.49¾ to $1.50 and May at $1.50½@1.50¾, were followed by substantial gains all around, but then by something of a reaction.

Fine weather tended to depress corn. After opening unchanged to ⅛c lower, the market recovered most of the loss.

Oats showed but little change.

Provisions averaged a trifle lower with hogs.

THE DAY ON WALL STREET.

New York, Sept. 20.—Prices at to-day's opening were mainly higher, substantial gains being recorded by specialties with a better tone to rails. Marines alone were reactionary, opening at moderate advances, but soon falling back. Coppers were among the leaders, particularly Anaconda and zinc shares as well as international nickel supplemented yesterday's gains. Sugars, Mexicans, General Electric, Westinghouse, Studebaker, Maxwell, Texas company and Baldwin locomotive werehigher by 1 to 3 points. United States Steel was again in process of absorption within a small fraction of its record quotation.

Professional tactics of the same character that provoked yesterday's reactionary period were employed in the first hour, wiping out most gains and causing numerous losses. Shipping shares continued especially heavy, marines making extreme declines of 1 to 2 points, with 3½ for Atlantic, Gulf and West Indies. Other severe reversals included Driggs-Seabury, Tennessee Copper and International Agricultural Chemical preferred. Rails, steel and the more prominent coppers displayed underlying strength. Pressure relaxed on short covering in the second hour at which time many full recoveries were recorded. Fresh selling developed at midday. Bonds were steady.

BABY BONDS OR ANOTHER NEW GOWN

Quite recently a newly wed couple determined that it was high time that they were setting aside a certain portion of their income as a "rainy day fund" and with that end in view they decided to eliminate all unnecessary expenses by asking themselves, "Can I do without it?" before making an expenditure. Before deciding to purchase a new gown which the wife has been considering for some time, she put the question to herself, waited a day, and then purchased Baby Bonds instead. Baby Bonds are an ideal security for a "rainy day fund." They come in $10 denominations, are secured by first mortgages on local real estate and bear six per cent. interest. There are also a number of $500 bonds with the same security and the same rate of interest. For details regarding either see the Wildwood Sales Company, Shoaff building.—Advertisement.

WEATHER CONDITIONS.

An area of high pressure covers the middle Atlantic states and another high area overlies the far northwest. An extensive area of low pressure, centered in Manitoba, covers the region between the Rockies and the Mississippi river. With the exception of local showers in the upper lake region, the weather has been generally fair during the last 24 hours. As a rule the temperature changes have been unimportant, but the weather is somewhat warmer in the lake region and portions of New York, Pennsylvania, Ohio valley. Light frosts occurred in

POLICE BLOCK ROADWAY TO TAKE AUTO THIEVES

Stop Three Men After Finding Two Girls Asleep in the Car.

Indianapolis, Sept. 20.—City detectives were compelled to use their automobile as a road barricade yesterday afternoon in rounding up three young men alleged to have taken an auto from in front of the public library building Monday night. The scene of the capture was a lonely spot on the Brookville road, one mile east of Irvington. A few moments before the men were captured the stolen auto had been recovered from where it had been hidden in a thicket. Two girls were asleep in the car.

The men arrested are Thomas Otis Pollard, 22 years old, 5935 Rawles avenue; Thomas Harris, 18 years old, Dayton, Ohio, and Walter Porter, 19 years old, 348 Graham street. All were charged with vagrancy. Pollard and Harris also were slated for using an automobile unlawfully. The girls gave their names as Helen Kennedy, 19 years old, Y. W. C. A. building, and Olga Cox, 16 years old, 122 North East street. They were charged with vagrancy and riding in an automobile unlawfully.

The girls told the detectives that they and the three men had been out on a "joy ride" Monday night and had gone as far as Shelbyville. The men broke into a school house this side of Shelbyville, they said, and the party spent most of the night there. Before dawn, however, they returned to the woods and built a camp fire. It was the intention of the party to go to Dayton, Ohio, last night, it was said.

BACON AND CALDER RACE IS CLOSE ONE

Whitman Takes the Moose Nomination from Seabury in New York.

New York, Sept. 20.—Incomplete returns from yesterday's primary election in New York state fail to decide the fight for the republican nomination for the United States senate between Robert Bacon, former ambassador to France, and William Calder, of Brooklyn, a former member of congress. The vote in 433 distiicts out of a total of 5,179, gave Calder today a majority of 4,661, but Bacon's campaign managers hoped that later returns from outside New York city would wipe out this lead.

Republican leaders today attached great significance to the success of Gov. Whitman in winning the progressive nomination over Samuel Seabury, who was unopposed for the democratic nomination for governor. The 3,680 districts thus far counted give Whitman 9,864 to Seabury's 6,346.

The republican leaders declared that Whitman's victory in the progressive primaries proves that the bulk of the progressive vote in New York state will be republican at the coming election.

Governor Whitman was opposed for renomination in the republican primaries by State Senator Wm. Bennett. Returns from 4,158 districts out of 5,719 give Whitman 179,558; Bennett, 31,656.

Wm. F. McCombs, formerly chairman of the democratic national committee, won the democratic nomination for United States senator by a majority of about two to one over his opponent, Thomas F. Conway, of Plattsburg, formerly lieutenant governor. Returns from 3,887 districts give McCombs 77,052; Conway, 38,229.

Complete returns from the city of New York on the vote for the republican United States senatorial contest give Wm. M. Calder a total of 54,844 and Robert Bacon 21,418. Total election districts, 2,079.

WILL NOT DISPUTE RULING.

Miss Cassell, Disqualified in Tennis Match, Accepts Decision.

Montclair, N. J., Sept. 20.—Miss Clair Cassell, a New York tennis player, said today that she would not dispute a decision by George Adee, president of the United States Lawn Tennis association in ruling her off the courts of the New Jersey women's singles championship here yesterday on the ground that she is a professional. The decision was based upon the fact that Miss Cassell, who is an actress, is also a professional skater and has given skating exhibitions. This is said to be the first instance in which the national body governing lawn tennis has invoked the new code to disqualify any player.

PROF. GATES TELLS OF HIS NARROW ESCAPE

Churubusco Man Had Just Left Bridge Span at Quebec When It Gave Way.

Churubusco, Ind., Sept. 20.—Prof. Lloyd Gates, superintendent of the schools at Churubusco, who with his wife returned a few days ago from Quebec, Canada, where during the summer Mr. Gates was employed as timekeeper on the construction of the big $17,000,000 bridge over the St. Lawrence river, the central span of which collapsed killing twelve men on September 11, has an interesting experience to relate.

Mr. Gates was under the employ of his wife's uncle, J. W. Ghilon, superintendent of construction of the north side supports and of the north cantilever of what will be the largest bridge in the world when completed. Mr. Gates had fifteen minutes before the collapse been working on the fatal central span, assisting several other men in hooking the span to the cantilevers. This duty completed, Mr. Gates left the span and took charge of some scows that were floated down the river and at the time of the collapse Mr. Gates was some distance away. Mr. Ghilon was on the north cantilever when the collapse occurred.

Ten men on the central span were submerged in the rapid current in the middle of the St. Lawrence river from which bodies are never recovered at that point and it is probable the men, all of whom with Mr. Gates had a few minutes before hooked the span to the cantilever, were carried by the strong undercurrent into the Gulf of St. Lawrence and thence into the Atlantic ocean.

Two other men standing on the cantilevers became frightened when they saw the central span fall and fearing the cantilevers would give way, jumped into the river and their bodies were never recovered. Mr. Ghilon maintained his presence of mind and remained on the cantilevers and both huge iron trusses held up perfectly under the strain to which they were subjected. The 5,000 ton central span lies a mass of unrecognizable junk in the bottom of the St. Lawrence river, 280 feet deep at that point.

The collapse of the span is attributed to a defect in the construction of the southwest part of the span, unnoticeable to the naked eye.

MICHIGAN MAN IS COMING FOR ADDRESS

Ed Shields, Democratic National Committeeman, Secured for Speech.

Edward Shields, attorney and national committeeman from Michigan, residing at Lansing, will come to Fort Wayne either the first or second week in October, it is announced by Harry Muller, attorney, and organizer of the League of Young Democrats of Allen county. He will speak in this city before young democrats.

There will be a meeting of the Young Men's Democratic club of the Ninth ward, at Bloomingdale Wednesday night when Congressman Cyrus Cline, Harry Hilgeman and David C. Stout will be the speakers. A quartet will furnish music.

Frank J. Dunten, an attorney of Lagrange, will speak in Fort Wayne October 27. He will be featured in an address before the young democratic voters of Allen county.

WILSON TO MEET HUGHES' ATTACKS ON 8-HOUR RAIL LAW

PRESIDENT TO STRIKE BACK

Will Cite His Program to Make Impossible Return of Strike Threat.

M'CORMICK CALLS TREATMENT UNFAIR

Says Republicans Ignore All But Single Item of Law Enacted.

Long Branch, N. J., Sept. 20.—President Wilson and Vance McCormick, democratic chairman, mapped out here today a program for meeting the campaign attacks of Charles E. Hughes on the railroad eight-hour law.

Asserting that the democrats would show that the president placed before congress a complete program to meet the recently threatened strike by the railway employes, McCormick said that Mr. Wilson is prepared to urge strongly during the next session of congress the enactment of this program.

When the entire plan of the president is fully understood the people of the country will join in praising Mr. Wilson, the chairman said. The republicans, he declared, seem to ignore everything in the program except the one item passed by congress. Mr. McCormick added that it would be shown clearly how the president plans to minimize the possibility of a repetition of the railroad situation which arose recently.

The chairman was not ready today to announce any additional speaking arrangements for Mr. Wilson. He plans to return here next Tuesday for another conference with the president.

SWINGS INTO CAMPAIGN.

Long Branch, N. J., Sept. 20.—President Wilson swung into the campaign today. With his plan for discussing public questions before non-partisan organizations instead of making campaign tours fully decided upon he actively took up his political plans after a lull of more than a week caused by the illness and death of his sister, Mrs. Annie E. Howe.

Administration leaders here predicted that from now on there will be plenty of activity in the democratic campaign. The attacks of Charles E. Hughes will be fully met, they say, by the president himself and by members of his cabinet and democratic leaders who will tour the country. Vance McCormick, the chairman of the democratic national committee, who spent the night at Shadow Lawn, held an early conference with the president this morning before leaving for New York. He will return in a few days to make arrangements for the speeches to be made by Mr. Wilson.

Meantime the president worked on a speech he will make to a delegation of business men he will receive Saturday and on the address he will deliver Monday before the convention of the National Grain Dealers' association. In these two speeches he will outline the reason why he thinks farmers and business men should vote the democratic ticket.

TWO AMERICANS WERE AMONG THE RESCUED

Washington, D. C., Sept. 20.—Consul General Skinner at London cabled the state department today that two American sailors, William Wootton, Harrison, N. J., and Bernard Sweeney, Bayonne, N. J., were saved from the British steamer Strathlay, torpedoed by a submarine, September 6, in the English channel.

Whether the vessel was attacked without warning was not stated. Information on this point will be sought before further proceedure is taken. The Strathlay sailed August 22 from New York for Havre.

INJURIES FATAL TO BOY HIT BY AN AUTO

Daniel Powierza, 14, an Assyrian, Passes Away at St. Joseph Hospital.

Daniel Powierza, aged 14 years, the young Assyrian who was seriously injured in a collision between the motorcycle on which he was riding and an automobile driven by Mrs. J. C. Wierman, 2210 Lafayette street, died Tuesday evening at St. Joseph's hospital. The accident occurred just two weeks ago at Warsaw and DeWald streets.

The boy was rushed to the hospital immediately after the accident where attending physicians advised that the little fellow's limb be amputated. The father refused to sanction the operation, saying that the doctors should sew it back on because "that's the way they did it in the old country."

However, a few days later the leg was taken off near the hip. The boy lingered between life and death for several days, his condition gradually becoming weaker. At the direction of Coroner J. E. McArdle an autopsy was held. He found death due to sepsis, caused by infection.

The boy is survived by the parents, Mr. and Mrs. George Powierza, of 1215 Hayden street.

Mrs. Wierman, who was driving the auto which collided with the motorcycle, declares that she was within a few feet of the curbing on the right side of the street and that the young boy was "wobbling all over the street and bumped squarely into the machine."

Coroner McArdle is firm in his opinion that had the amputation of the injured leg immediately after the accident been permitted, the lad's death could have been averted.

ANOTHER COMPANY E MEMBER COMES BACK

T. Harrod Bishop, of South Broadway, a private in Company E, the Fort Wayne state militia organization stationed at the border, has returned home. He received an honorable discharge from service on account of physical disability. He is the fourth man from the company to return to Fort Wayne.

Shortly after the company arrived at Llano Grande, Private Bishop was sent to the Brownsville base hospital where he had been a patient ever since suffering with an infection of an ear. He was on the sick list the entire time and a week ago received his discharge papers and arrived in Fort Wayne Tuesday morning.

WILL WEIGH MAIL FROM OCT. 2 TO 16

Postmaster Edward C. Miller is in receipt of instructions from the postal department requiring all mail delivered from the Fort Wayne postoffice along with all outgoing parcels coming under the parcel post rules, to be weighed from October 2 to 16. This includes mail handled by both the city and rural carriers, as well as mail called for and delivered at the general delivery window. With the parcel post business each parcel must be weighed and listed separately as to zone and postage.

SHOWS BIG RAILROAD GAIN.

Net Income of Indiana Line for Year Increased 272 Per Cent.

Indianapolis, Sept. 20.—The report of H. R. Kurrie, president of the Chicago, Indianapolis & Louisville Railroad company, read at the annual meeting of the stockholders of the company here today, shows an increase in the net income of the road for the year ended June 30, 1916, of $852,310.12, or 272.1 per cent. The operating revenues for the year were $7,694,733.91 and the operating expenses were $5,111,095. All the old directors of the road were re-elected at the meeting.

AUTOPEDS AND ROLLER SKATES CARRY NEW YORKERS DURING CAR STRIKE.

Various methods of transportation are being adopted in New York on account of the strike of surface car, elevated and subway employes. The autoped, the latest single passenger vehicle, is more prominent on the streets than ever before. The picture shows the autoped and roller skates in use.

WILL BE READY FOR OCCUPANCY BY NOV. 1

Hamilton School Addition Work Has Encountered Delays.

The Hamilton school building will not be ready for occupancy until November 1. Inability to get material to the city on time was the cause for the delay in finishing the addition to the school building which was planned for October 1. Two portable schools are in use at this school and will be used until the new building is completed.

The opening of the kindergarten at the Clay school has also been delayed because of failure of the company to get the equipment here in time. As soon as the equipment arrives the class will begin its work. It is understood that a large number of children will enter this class.

Prof. Justin N. Study, superintendent of the public schools of the city, states that the principals' reports for the first week of school, show that there was an increase of 218 scholars in the grade schools of the city. He states further that there have been a large number of entries this week in the schools located in the outlying districts.

The opening of the schools this year has moved along very smoothly and school officials were not confronted with such perplexing problems as they have been in former years.

READY FOR MR. HUGHES

Plans Complete for Coming of Republican Nominee Tomorrow.

PROSPECT IS FOR AN IMMENSE CROWD

Presidential Candidate Due at 3:15 O'clock for Two Addresses.

Republican leaders have completed plans for the coming of Charles Evans Hughes, candidate for president, to Fort Wayne Thursday afternoon. His coming has been heralded far and wide and with favorable weather the presidential aspirant should be greeted with one of the largest crowds he has faced during the campaign.

Mr. Hughes is due to arrive at 3:15 o'clock Thursday afternoon from Huntington and will be taken direct to the Palace theater. After he has spoken there an overflow meeting will be held near the Pennsylvania station, where a platform will be erected from which he will speak a second time. Opportunity will be given everybody to hear and see the candidate.

He will be here a little more than an hour, leaving over the Grand Rapids & Indiana railroad for Richmond, with stops at Decatur, Portland and Winchester. A night meeting will be held in Richmond.

As a forerunner to Mr. Hughes, Congressman Settle, of North Carolina, will speak at the palace. Prof. Fairfield, candidate for congressman from this district, will also be there.

Reception Committee.

Arthur F. Hall, chairman of the committee on reception, has announced his reception committee from Lagrange as follows:

C. R. Allison, Fred Beehmer, Willis M. Hostetler, Melvin B. Krum, John Merritt, Ned Parham, Willard Sweitzer, Edward Sexzger, A. A. Wade, R. J. Willard, L. E. Alspaugh, Jacob Bolley, Wm. Donaldson, Cassius H. McGaw, John D. McGaw, C. C. Bartholomew, George Miller, Albert Haskins, John E. Snyder.

CALLS ONE-THIRD OF VOTE PURCHASABLE

Martinsburg, W. Va., Sept. 20.—A sensation has been caused as a result of the instructions given out by Judge John M. Woods, presiding officer of the circuit court, to the grand jury to investigate the political situation in Berekely county.

He asserted that election conditions in the county had become intolerable and declared that a careful analysis led him to believe that out of 6,700 registered voters of the county, the votes of approximately 2,200 or about one-third, were purchasable. Judge Woods said that elections had degenerated into an auction wherein the candidates with the most money were able to elect themselves to office.

MITCHEL WILL GO TO SHONTS

Mayor Makes Personal Appeal to Avert Strike of 700,000 Men.

SHONTS HAS BALKED PREVIOUS EFFORTS

Consents to Talk Now Only on Condition That the Strikers Are Barred.

New York, Sept. 20.—All other efforts to prevent the threatened general strike of 700,000 trade unionists in sympathy with the striking car men, having thus far failed, Mayor Mitchel decided today to make a personal appeal to Theodore P. Shonts, president of the Interborough Rapid Transit company and the New York street railways to recede from his reiterated intention of refusing to deal with the strikers.

Mr. Shont's position balked the attempt of the public service committee and a citizen committee to bring about an amicable adjustment.

Although there appeared little hope of a change in the traction company's policy, the mayor arranged for a conference with Mr. Shonts later today.

The mayor expects to propose a basis for settlement that he hopes will enable the Interborough and the New York railways to retire gracefully from their position and permit the resumption of negotiations that will avert the impending general walkout. Details of the mayor's plan could not be learned, and Mr. Shonts accepted the mayor's invitation on conditions that representatives of strikers should not be present.

STRIKE OF 700,000 NEARER.

New York, Sept. 20.—Despite the intended intervention of a committee of business men there seemed to be little prospect today of averting a general strike in sympathy with the street railway employes. Labor leaders aver that the proposed general walkout will involve about seven hundred thousand workers in all trades.

A second conference of the business men with the mayor and chairman of the public service commission was called today. Union leaders have promised to withhold their order for a sympathetic strike until after Thursday.

The attempt to operate surface cars last night resulted in the worst rioting since the strike began, but the officials of the transit companies say the service in the daytime is improving steadily.

Throughout the night elevated trains, together with subway trains at points where they run on elevated structures, were subjected to almost ceaseless bombardments of bottles and bricks, car windows being shattered and a number of passengers injured. Today there were several attacks by strikers and sympathizers on surface cars and police reserves were repeatedly called out. Twenty men have been arrested, of whom fifteen are accused of felony in attacks on trains and cars.

Samuel Gompers, of the American Federation of Labor, who is here to attend the funeral of Seth Low, has been invited by the business interests which are endeavoring to avert a sympathetic strike to attend their meeting with labor leaders tomorrow. Mr. Gompers held his acceptance of the invitation in abeyance pending talks with union leaders.

M'KOWN SUCCEEDS TO MARTIN'S POSITION

Harry C. McKown has been chosen the successor of Frank A. Martin as assistant secretary of the Fort Wayne Commercial club. He has begun his new duties. Mr. Martin resigned last week after four years' service with the club.

The new assistant secretary is well known in the city having been employment agent for the Wayne Oil Tank company prior to accepting the assistant secretaryship. He has also been employed in the office of Sprague & Phillips, brokers. Mr. McKown will assist Charles A. Biederwolf, secretary of the Commercial club.

FIND TASK DIFFICULT ONE.

Pittsburg, Pa., Sept. 20.—The supreme council, thirty-third degree, Ancient and Accepted Scottish Rite Masons of the northern jurisdiction, in session here today, considered the report of the committee which has considered the feasibility of an organization within the supreme council to administer bequests for charitable, benevolent and philanthropic purposes. The problem of creating such an organization was said to be attended with considerable difficulty as the northern jurisdiction covers fifteen states with different laws governing the disposition of such bequests.

NEW RUMORS ARE DENIED

Reported Taking of Chihuahua by Villa Last Night Called Unfounded.

BANDITS WERE SAID TO BE IN CONTROL

Funston Expects Carranza Line of Communication to Be Cut.

El Paso, Tex., Sept. 20.—Rumors were current here today that Chihuahua City was captured by Villa in a second attack last night. Gen. Francisco Gonzales, commandant at Juarez, and Consul Garzia declared the rumors were without foundation.

According to the rumor the attack was preceded by mutiny of a large part of the garrison. The bandits were said to occupy the municipal and federal palaces, the penitentiary and two fortified hills.

Consul Garcia and Gen. Gonzales maintained that although wire communication had been hampered, messages received early today indicated quiet in Chihuahua City.

EXPECTS VILLA TO CUT LINE.

San Antonio, Tex., Sept. 20.—Belief that Francisco Villa will soon cut the Carranza line of communications between Chihuahua City and Juarez, if he has not already done so, was suggested by Maj. Gen. Funston today after he had read a report on Villa's Chihuahua engagement received from Brig. Gen. Bell at El Paso.

DATE IS DEFERRED.

Mexico City, Sept. 20.—A decree by Gen. Carranza was published today changing the date for the election of delegates to a constitutional assembly from Oct. 15 to Oct. 22.

MORE FINE WEATHER HAS AIDED FARM WORK

Washington, Sept. 20.—Another week of generally favorable weather has carried forward grain harvesting and threshing over most of the country, the weather bureau's weekly crop bulletin says today. Fall plowing is going ahead satisfactorily except in some of the central and northern states where the ground is still too dry.

Frost did considerable damage during the week to late corn in Indiana, Illinois and several other states. In most middle and southern states good crops are expected, but corn is developing slowly in Michigan. Because of the hot and dry summer, white potatoes are only fair to poor in many sections and almost a failure in Ohio. Reports on tobacco are generally favorable, although frost did much damage in the Ohio lowlands. Meadow and forage crops are reported good.

SOCIALIST CANDIDATE FOR GOVERNOR HERE

John M. Francis, of DuQuoin, Ill., socialist candidate for governor of Illinois, has arrived in Fort Wayne and Wednesday and Thursday nights will speak at the corner of Court and Berry streets on the campaign issues from the standpoint of his party. He will have as his subject, "Preparedness."

From Fort Wayne Mr. Francis will go to Toledo, later to Lansing and Grand Rapids from where he will go to Chicago for a campaign. Mr. Francis came here from Logansport.

ALLY LOSSES HALF MILLION

English and French Gains on Somme Are Won at Frightful Cost.

HEAVIEST FIGHTING IS NOW IN THE EAST

Teutons Seeking to Halt Russian Advance on Lemberg.

Today's War News Given in Summary

Fighting on a huge scale is proceeding on the eastern theater of war whence the center of interest has shifted, following the let up in the heavy allied attacks along the Somme in the west. Evidence is accumulating that the central powers are now devoting their main attention to the campaigns in the east, concentrating large forces against Rumania, notably under Field Marshal von Mackensen in Dobrudja and putting all possible available men into the field to stop the Russian march on Lemberg by way of Halicz, and the menacing drives of the Russians and Rumanians in the Carpathians and Transylvania.

Both Berlin and Sofia report the development of a great battle on the line the Russians and Rumanians have taken up in Dobrudja to defend the railroad route into interior Rumania from Constanza on the Black sea. The engagement, they declare, is turning in favor of the force of the central powers under von Mackensen. Latest reports from the fighting in Galicia and Volhynia show the Teutonic forces on the offensive and claiming decided advantages over the Russian armies under General Brussiloff.

As has frequently been the case when decisive developments were lacking Petrograd today is silent regarding the operations along the Russian front, reporting merely that there have been no important happenings.

Greece is reported to have sent an ultimatum to Germany demanding the return of the Greek troops taken at Kavala by the Bulgarians and sent to Germany for internment.

Comparative quiet prevails in the Somme region. Paris sends news of a German attack at Hill 76, north of the river, which the French repelled, ejecting such Germans as succeeded in gaining a foothold in advanced positions.

Berlin, Sept. 20.—British and French losses in the battle of the Somme have reached about 500,000 men, the Overseas News agency estimates.

"Recent local successes obtained by the British on the Somme are heralded by the English press as great victories," says the news agency.

"The British were able to make their advance only after eleven weeks of the most desperate efforts. The result of the battle of the Somme should be gauged by considering the amount of French and Belgian territory occupied by the Germans, which amounts in all to about 50,000 square kilometres. Of this 29,000 is Belgian and 21,000 French. The efforts made by the French and British have resulted in the reconquest of only 1,500 square kilometres, or 3 per cent.

"The price paid for this gain is appalling. According to a conservative estimate the British lost 350,000 men up to Sept. 15. This, together with the French losses, brings up the total to about half a million men."

Stubborn Battles Raging.

Stubborn and fluctuating battles are going on in the province of Dobrudja between Russo-Rumanian forces and German and Bulgarian troops, says today's German official statement.

Indiana Guardsmen May Be Home in Two Weeks

Rev. F. F. Thornburg, of Decatur, well known throughout northern Indiana, has written to Mrs. Thornburg that the prospects are most favorable that the Indiana guardsmen along the Texas border will be home within a short time, possibly by the middle of October. Rev. Thornburg is chaplain of the third regiment.

Rev. Thornburg's information came direct from Washington though not from the war department. A Jewish rabbi arrived at the camp from Washington to hold services with the Jewish members of the troops encamped in that section in preparation for observing the Jewish New Year, and he told the men he had been informed by Secretary Baker that the Indiana guardsmen were to be sent north very soon. Whether the same information applies to the guardsmen from other states was not stated, but it is believed it does.

The Indiana troopers will be returned to Fort Harrison at Indianapolis in time, it is understood from Rev. Thornburg's report, to take part in the centennial celebration at the state capital, which will be held the fifth and sixth of October. If such is the case, the troops will be starting homeward within two weeks. It is not likely they will be held in the state camps very long after arrival and the guardsmen from this section ought to be back here by the middle of next month.

High School Boys' Prank Proves to be Big Fizzle

Between fifty and seventy-five boys, who are students at the high school, thought they would play a college prank Wednesday morning, but the aforesaid prank proved to be one big fizzle.

Tuesday evening in some dark corner in the west end the boys held a meeting at which time it was decided that each should wear to school the oldest clothes he could find. The plan was carried out Wednesday morning as prearranged. In rags, many of them pinned up with safety pins, the boys marched into school. The teachers paid no attention to them. Neither did Prof. Louis C. Ward, principal of the high school. Absolutely no objection whatever was raised to them wearing as old clothes as they saw fit. The boys were disappointed and when they returned to school Wednesday afternoon practically all of them were attired in their regular school clothes.

Prof. Ward stated Wednesday morning that the student body at the school this year is more orderly and more studious than that of any previous year since he has been a member of the faculty. He stated that the teachers of the freshmen classes are unanimous in the declaration that the beginning classes are composed of exceptionally energetic, studious and orderly members. Everything is working smoothly and in all Prof. Ward is highly pleased with the prospects for one of the most successful terms in the history of the Fort Wayne high school

WOULD NOT LET WIFE HIT HIM WITH BRICK

John Green Said He Held Her Because He Did Not Want to Be Killed.

Mrs. Fannie Green, colored, 522 Holman street, had heard that her husband who had left her roof three weeks before, was defaming her character, she told in police court, Wednesday morning. She demanded restitution from John Green, colored, employed by the Brown Trucking company.

Mrs. Green arose at 4:30 o'clock Tuesday morning and waited for Green to go to work. When he sauntered past she hailed him in the alleyway, between Montgomery and Holman streets. She claims her husband tried to choke her.

Green, who was charged with assault and battery, said he only kept his wife from killing him with a brick. Workmen at the trucking company, who saw the affair, said Brown only defended himself. The case was continued indefinitely.

Paul Harding, 19, employed at the electric light plant, cannot pay towards the support of his wife, he said, because he still owes for an ukelele, a Hawaiian musical instrument. The wife, Elma Harding, 18, is staying with her mother, Mrs. Eliza Hostetter, 1001 Huestis avenue. The couple were married in July. Then Harding told Mrs. Hostetter that she would have to take her daughter home or he would leave the country, testimony showed.

Harding told that he owed some money for board, twenty-five cents for groceries, a small doctor bill and four dollars on a ukelele and must settle his debts before he could pay towards keeping his wife. He will be held in jail until $200 bond is secured for keeping of the wife. Sentence will be passed Friday if bond is not secured by that time.

Frosty nights evidently caused Peter Buanno, Bass street, to think of his winter coal supply. Wabash Railroad Detective Urey testified in police court that he saw Buanno and two other Italians rolling coal from a Wabash freight car early Wednesday morning. The men were loading the big chunks of coal in a small cart, Urey said.

Urey caught Buanno, who fought like a tiger, Urey told. The other two men threw stones at Urey, the detective claimed. Buanno, who owns property on Fairfield avenue, pleaded guilty and said it was his first offense. He was fined $1 and costs.

Other Police Court Cases.

Reed Snyder, charged with intoxication, is held under $50 bond until September 7. William Smith, colored, charged with being drunk, will be tried Thursday. James Wilson was released.

Case against Frank Studebaker, charged by his wife with loitering, was dismissed.

FALL SALE OF PONTIAC LOTS

The fall sale of Pontiac Place lots is now on. These lots are being offered at former prices until October 10th; they will then be advanced from $25 to $50 each.

The company, to secure more residences in designated locations, has set aside $3,000 to be given to builders of homes in sums of $100 to $200 each.

No addition in the city offers better opportunity for home building or investment. Lots can be bought as low as $350, with sewer, sidewalks and city water in and paid for. There are miles of asphalt pavement. Nearly one hundred attractive homes are already scattered throughout the addition.

The W. E. Doud agency has charge of the sale.

URGE WIDER USE OF PAROCHIAL SCHOOLS

Should Be Social Centers, Say Catholic Charities Speakers.

Washington, Sept. 20.—Parochial schools should be used more generally as social centers for both children and adults, according to views expressed by many speakers at the final sessions of the National Conference of Catholic Charities here today.

Parish halls likewise might be turned into meeting places for the benefit of the community, it was suggested. Officers of the conference were to be elected at the closing session today.

The speakers recommended greater co-operation with non-Catholic organizations in charitable work.

Discussing juvenile delinquency, Patrick Mallon, of Brooklyn, suggested the church should pay special attention to boy and girl wage-earners and "provide a place for healthy relaxation where their morals will be safeguarded."

Mrs. Margaret McGoorty Long, of Chicago, was elected president and Mrs. Daniel Moloney, of New York, vice president of the women's section of the conference. New members of the executive committee are: Mrs. John F. Mullen, Philadelphia; Mrs. Charlotte Quinlan, Dubuque, Iowa; Mrs. A. W. Biser, Austin, Tex.; Mrs. J. A. Coonan, Minneapolis; Mrs. Henry B. Clark, Jacksonville, Fla.; Mrs. Thomas Beattie, Wheeling, W. Va.; Mrs. M. E. Ford, Bridgeport, Conn., and Miss Nellie O'Connor, Toronto, Ont.

ALLY LOSSES HALF MILLION

The Russians and Rumanians have hastily brought up reinforcements, the statement adds, and are defending their positions with great stubbornness.

Rumanian forces which invaded Transylvania through the Szurduk pass of the Transylvania Alps have been defeated and driven back over the pass, the war office announced today.

GREEK ULTIMATUM, IS REPORT.

Athens Demands Release of Soldiers Taken at Kalva.

Athens, Tuesday, Sept. 19.—Via London, Sept. 20.—(Delayed)—There is reason to believe that the Greek government has sent an ultimatum to Germany and Bulgaria expiring Wednesday night, demanding the immediate return of the soldiers taken prisoner at Kavala.

When the Greek seaport of Kavala was entered by German and Bulgarian troops the port was garrisoned by the Fourth Greek army corps, according to an official statement issued by Berlin. The entire corps, consisting of 20,000 men, asked the German commander for food and shelter and protection against the entente forces. The statement said that to prevent any breach of neutrality the Greek soldiers would be transported to Germany, to be kept there as guests of the nation.

The German account of the affair differs radically from that given out by the allied capitals and from stories sent out from Athens. The number of soldiers transported to Germany according to this version, was less than a thousand, one account placing the total at 70 officers and 800 men. The remainder of the garrison is variously said to have been transported to Saloniki by the French authorities and to be encamped on the island of Thasos. A recent dispatch from Athens reported the arrival of some members of the Kavala garrison in the Greek capital but no numbers were given.

The incident caused a profound sensation in Greece and the action of the Germans was bitterly denounced by the pro-ally party. Immediately after Premier Kalogeropolous took office news dispatches from Athens said he intended to demand the return of the Greek soldiers from Germany and that refusal of this demand would be the signal for the entry into the war of Greece on the side of the entente.

GERMANS GAIN FOOTHOLD.

Paris, Sept. 20.—(Noon.)—Determined attacks cwere made by the Germans last night on the French position on hill 67, north of the Somme. The Germans gained a foothold at some advanced points, the war office announced today, but subsequently were ejected

GERMAN TRENCHES TAKEN.

London, Sept. 20.—British troops, south of Aras yesterday, captured 200 yards of German trenches, says the official statement issued today by British army headquarters.

RUMANIANS CLAIM SUCCESSES.

Bucharest, Sept. 20.—The official report issued today by the Rumanian war office announces that the Rumanians have gained a success against the German and Bulgarian troops in the province of Dobrudja. The fighting was in the region of Enigea, 19 miles south of Constanza-Therna Vode railway.

ITALIANS DRIVEN BACK.

Sofia, Tuesday, Sept. 19.—Official announcement was made here today that the Italian troops on the Macedonian front have been driven back by the Bulgarians, who occupied four villages. In eastern Rumania, along the new battle front, south of the railroad from Constanza, on the Black sea, to Tsernavode on the Danube, a great battle is in progress. It is declaring in favor of the Bulgarians, the announcement says.

READY FOR MR. HUGHES

(Continued from Page 1.)

Wiggins, Verne Timmis, Dr. James K. Duff, Kenneth Young, Ray Schermerhorn, Rollo W. Walter, David A. Bontrager, John A. Bontrager, Charles I. Allen, Dr. Samuel M. Eash, David A. Platz, J. E. Suntimer, Clark Elliot, Sumner Dowell, Ephraim Fiandt, Kenneth E. Yoder, Dale E. Price, H. Wildman, J. O. Bryant, Jacob Forst.

Police Are Ready.

Eighteen policemen will be put on special duty during the time Mr. Hughes is in the city.

Five uniformed officers will guard the corners as the procession moves from the Wabash depot to the Palace theater, Police Chief Lenz has ordered. Three uniformed men and two plainclothes detectives will watch the Wabash and Pennsylvania depots while the candidate is in the city.

Lieut. Harry Grimme, Bailiff George Eisenhut, Sergeant Detectives Rundell and Brennan will take part in the parade and act as special guards. Four patrolmen will be stationed in the Palace theater.

"We would warn citizens to use care in carrying money if they join in the crowd," Police Chief Lenz said Wednesday. "All along the line of the Hughes tour have come stories to us of pickpockets following the candidate and working on the crowds. We are going to do our best to discourage that art here."

PROGRAM FOR TODAY.

Chicago, Sept. 20.—The special train carrying Charles E. Hughes on his campaign trip through the middle west, passed through Chicago early today enroute from Springfield, Ill., where he spoke yesterday afternoon and last night to Milwaukee, Wis. They day's program for the nominee called for a speech at noon at Green Bay, Wis., where his train will stop for an hour and a half. Brief addresses from the rear platform of his car are to be made at Sheboygan, Manitowoc, Appleton, Oshkosh and Fond Du Lac. Mr. Hughes will reach Milwaukee at six o'clock tonight and will make a speech there, departing early tomorrow morning on a trip through Indiana. He will speak tomorrow night at Richmond.

BIG CROWD AT SHEBOYGAN.

Sheboygan, Wis., Sept. 20.—A large crowd greeted Charles E. Hughes in Sheboygan, this forenoon. The factories were closed and even the circuit court was adjourned until after the special train had gone. Mr. Hughes spoke briefly on the tariff and the eight-hour law, declaring the latter the biggest blow to labor in the history of the country.

$2,000,000 IN FURS TO BE SOLD IN FIVE DAYS

St. Louis, Mo., Sept. 20.—More than two hundred and fifty fur buyers from all parts of the world are in St. Louis to attend the $2,000,000 five day fur sale, which opened here today.

Nearly 2,000,000 skins are to be disposed of in the next five days. The largest sale is scheduled for Saturday, when 1,668,265 skins will be offered. This lot consists of Australian opposum and muskrat skins and skunk pelts. The offerings include 25,800 tabby cat pelts and several polar bear and silver fox skins.

Besides Americain dealers, firms of Paris, London and Petrograd have had representatives in St. Louis for more than a week looking over the prospects.

Around the cemetery in Bowdoin, Me., is an iron fence which was put up forty-seven years ago and is still in perfect alignment, the frost which usually throws fences out of line, not having disturbed this one in the least.

"Yes!" or "No!" Mr. Hughes?

The foremost publicists and literary men of the United States, on August first last, addressed you in the following open letter:

TO THE HON. CHARLES E. HUGHES:

The professional writers who sign this letter have small interest in parties but a very deep interest in democracy. It is our hope, through this voluntary association, to assist in the promotion of honest, educational discussion in order that fundamental issues may not be decided in prejudice and ignorance.

Mr. Wilson's beliefs have been expressed in law and in declared policies. He has made an open record by which he may be judged. Wise choice is not possible unless you yourself make equally specific statement of purposes and convictions.

Without intent to offend, we feel justified in charging that in no single public utterance have you filed a bona fide bill of particulars, nor have you offered a single constructive suggestion.

Generalities are without value. Blanket criticism is worthless. What we desire to know, what it is fair that the electorate should know, are the exact details of your disagreement with President Wilson. What has he done that you would not have done, and what has he failed to do that you would have done or proposed to do? Honesty and patriotism demand that you put yourself upon record in such a manner as to permit people to judge you as they are now able to judge President Wilson. For example:

1—Would you have filed instant protest against the invasion of Belgium and backed up that protest with the United States Navy?

2—It is arrant nonsense to talk about action that would have prevented the Lusitania tragedy. The vague advertisement did not appear until shortly before the hour of sailing. The occurrence was one of those things that civilization has made the world regard as incredible. The only honest question is this: **Would you have made the disaster the subject of diplomatic negotiations or would you have broken relations with Germany at once?**

3—Would you have urged upon Congress an embargo upon the shipment of munitions to the allies?

4—Would you urge universal compulsory military service?

5—You are frank in stating that Huerta's morals were of no concern to America. **Does this mean that you would have recognized Huerta?**

6—As matters stand today, would you be in favor of intervening in Mexico?

7—Does your attack upon the Wilson shipping bill mean that you are in favor of ship subsidies?

8—You speak enthusiastically of the rights of the worker. **Does this imply that you endorse the Clayton Anti-Trust Law and the Seaman's Bill? Or will you urge their repeal?**

9—What are your specific complaints against the Federal Reserve Law?

10—As Governor of New York, you opposed the Income Tax Amendment. Does this antagonism persist? **Do you or do you not believe in paying for preparedness out of a tax on incomes, inheritances and munitions?**

We agree with you that it is a "critical period," by far too critical, indeed, for candidates to talk in terms of office seeking rather than in the simple, earnest language of definite Americanism.

Respectfully, (Signed)

FURTHERMORE—

Don't you think it is your duty to tell the public just how you stand on the Eight Hour day?

The Republican Platform of 1908 and the Progressive Platform of 1912 advocated it but it remained for Woodrow Wilson and the Democratic Congress to accomplish it.

You know this act prevented famine, sickness, distress and a property loss of millions and millions of dollars, yet you have said you would not have done as President Wilson did.

What would you have done?

The public has a right to know!

BY THE WAY:

The records of the Board of Elections of New York County show that since 1910 you, Mr. Hughes, have wholly neglected both to register and to vote—the highest duty of a citizen.

ROCKEFELLER FEUD IS STILL UNBROKEN

Brother William Tries in Vain to Reconcile John D. and Frank.

Cleveland, Sept., 20.—William Rockefeller, on his first visit to Cleveland in years, failed to bring about a reconciliation between his brothers, Frank and John D., estranged eighteen years.

This was made known today by Frank Rockefeller.

"There'll never be a reconciliation in this world between John and me," Frank said in his office here.

William Rockefeller returned to New York with his wife last night. They arrived here Sunday morning to visit John D. at his Forest Hill estate.

Frank, an energetic man of 70, told how William and his wife motored out to his home at Wickliffe yesterday from Forest Hill. It is believed William went on the mission to bring peace between Frank and John D.

"I was not at home when they arrived at my house," said Frank. "William and his wife visited with my wife, but I did not see either of them."

Then for the first time Frank told his story of the break between himself and John D.

"In 1896 John and I had a row over business. I said that time I'm through,' and I meant it. I am through. There's not the slightest possibility of a reconciliation."

The visit of William marked the first time the three Rockefeller brothers have been together in Cleveland for years. Today Frank said that "a few years ago" William came here to visit both himself and John D.

Family friends had believed that there might be a "get together" meeting this time between the three brothers, now in the sunset of life. John D. is 77 and William is 75. But Frank's face was grim and his voice determined as he put it:

"No!"

In an article by Ida Tarbell, self-appointed Boswell of John D., she tells of a business deal in which, it is believed, the quarrel between the brothers had its root.

This concerned the buying of the Franklin mine, rich in bessemer ore, in the Lake Superior region, by Frank Rockefeller and James Corrigan, of Cleveland.

When the hard times of the early '90s hit the iron business both Carrigan and Frank borrowed from John D.

Later, when Corrigan was hard pressed, he sent Frank to John D. to plead for his aid, according to Miss Tarbell.

She quotes John D. as saying at that time:

"Corrigan is going to the wall, Frank. I might as well have his stock as anyone."

WIDOW AND LOVER HELD IN POISONING MYSTERY

Chicago Police Make Arrests in New Death Triangle Case There.

Chicago, Sept. 20.—A grim "death triangle" was hinted at yesterday when, after investigating the death of Frank Ananka, 3452 South Halsted street, Deputy Coroner Charles F. Kennedy ordered the arrest of the man's widow and the suitor who moved into her home the day her husband was buried. An analysis had shown that Ananka died of arsenical poisoning.

Mrs. Ananka and the suitor, Anton Brocas, were arrested ealy in the evening—the woman as she was entering her home on her return from work and the man in the house. Mrs. Mary Samoskas, a sister of the dead man, had signed a warrant charging murder. Both the prisoners vigorously declared their innocence.

No suspicion had attached to the man's death on June 24 or until six weeks later, when his brother, John Ananka, went to Coroner Hoffman and asked for an investigation. Judge Thomson issued an exhumation order, and the analysis of the vital organs was made by Coroner's Chemist McNally.

At the inquest Mrs. Samoskas testified that Brocas has been living at Mrs. Ananka's home since her husband's burial. John, the brother, said he found the two in a compromising position two years ago, but allowed Mrs. Ananka to persuade him not to tell her husband.

Dr. R. Robinson Duff, who was called to attend Ananka, submitted a statement declaring the wife would not permit the sick man's removal to a hospital when she was told it was the only chance to save his life.

There was a report in the neighborhood that Mrs. Ananka engaged a lawyer a week ago—before anything had been reported as to the cause of Ananka's death—evidently in the belief that she would be suspected. The police, however, said they had heard nothing of this.

DAILY BIBLE READINGS FOR THE HOME

Matthew 20:21-30.

21 Jesus said unto him, if thou wilt be perfect, go and sell that thou hast, and give to the poor, and thou shalt have treasure in heaven: and come and follow me.

22 But when the young man heard that saying, he went away sorrowful: for he had great possessions.

23 Then said Jesus unto his disciples, Verily I say unto you, That a rich man shall hardly enter into the kingdom of heaven.

24 And again I say unto you, It is easier for a camel to go through the eye of a needle, than for a rich man to enter into the kingdom of God.

25 When his disciples heard it, they were exceedingly amazed, saying, Who then can be saved?

26 But Jesus beheld them, and said unto them, With men this is impossible; but with God all things are possible.

27 Then answered Peter and said unto him, Behold, we have forsaken all, and followed thee; what shall we have therefore?

28 And Jesus said unto them, Verily I say unto you, That ye which have followed me, in the regeneration when the Son of man shall sit in the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel.

29 And every one that hath forsaken houses, or brethren, or sisters, or father, or mother, or wife, or children, or lands, for my name's sake, shall receive a hundredfold, and shall inherit everlasting life.

30 But many that are first shall be last; and the last shall be first.

The Young Man's Opportunity

The organization of the young democratic voters in Fort Wayne by ward and precinct units is going forward in splendid fashion under the direction of the central committee, and these young men will take an active and an effective part in campaign work during the next few weeks. To a singular degree the young voter, privileged to cast his first national ballot at a time such as now, when affairs and issues of such vast national moment are before the people for decision, is fortunate. He will have part and share in carrying forward the program of progressive legislation, the fine Americanism and the forward-looking efforts that have been put forward by President Wilson and his congressional and administrative associates, or he will give sanction by voice and vote to a right-about-face change to the uncertainty of a political upheaval.

It is well for the young voter to appreciate not only his opportunity, but his responsibility as well. There have been times, perhaps, when it did not matter greatly so far as American position in world affairs is concerned whether the one candidate or the other received the sanction of a plurality at the polls. Under ordinary occasions only internal matters have loomed as the big thing in our elections. At this juncture, however, there is a difference. The European war and the Mexican situation have forced upon us new problems and compelled us, as Vice President Marshall has said, to break new pathways where none existed before. We think that, apart from the bias of partisanship, there will be general sanction for the legislation the president has insisted upon in redemption of pledges and for the meeting of emergencies as they developed. We think, too, that apart from the bias of partisanship, and with judgment calmly formed, there will be approval of his unwavering devotion to duty as he saw it, and for his fixed purpose to avoid the embroilment of this nation in war, either in Europe or in Mexico. These are some of the considerations that should claim the serious thought of the young man who is about to cast his first ballot.

Mayor Volland, at Columbus, has brought something of a storm about his devoted head because he has positively forbidden gambling in any form during the progress of a carnival in progress there, and is holding out stoutly against an insistent demand that the "lid" be lifted for the time being in that otherwise orderly and law-abiding town. Just what sort of reasoning sustains a contention that, because of the presence of some festal occasion, the gamblers, the grafters, the short-change men and the confidence artists should be permitted to skin the public for a short time is one of the mysteries that is past finding out. But it seems to obtain in some quarters, and is by no means peculiar to Columbus.

Retail druggists of the nation, in session at Indianapolis, have launched an attack on the "drugstore sponger"—that numerous individual who somehow expects the drug man to freely permit him to use the drugstore telephone, the drugstore city directory and other conveniences, not to mention the supplying of postage stamps, and all without so much as a "thank you" in return for these favors. Sometime, somewhere, we've read of the worm's turning at last. This must be the occasion, and, in point of fact, our sympathies rather line up with the long-suffering druggist in this grave crisis.

Vehement protest is arising at Indianapolis over the discovery that a new city contract just signed with the benevolent corporation which supplies water to that city stipulates that you have no right to do your own plumbing. Those folk are needlessly exercised. The average man who attempts to do his own plumbing once is thereafter fully content to entrust the job to more capable hands next time. The Indianapolis provision may, after all, be positively beneficent.

Attorney General Gregory, undaunted by the earlier decision of the courts, comes back with a smashing brief in his fight against the Reading company as the backbone of the alleged anthracite coal trust. Mr. Gregory's utterances sound surprisingly like those of a man who has been paying some bills for anthracite.

The United States census bureau has given out figures to show that Indiana is not only one of the healthiest states in the union, but that it is steadily improving its standing in this regard. However, it has probably failed to include in its compilations the statistics bearing upon the net results of automobile speeding.

Besides, Mr. Hughes is certain to profit in one direction by his visit to Fort Wayne tomorrow. He's going to get at least a fleeting glimpse of a mighty fine town that would look still better if his stay permitted him to see more of it than will be possible in the brief stop alloted by his schedule.

Terre Haute is just one hundred years old, and yet, when she thinks of all she has gone through, it must seem a lot longer than that since somebody started the Vigo county capital.

PRAISES THE RECORD.

(Springfield Republican.)

Under Wilson's leadership the democratic party is today a better instrument of progressive government than in a generation, if not in its entire history, and what is more to the point, a better instrument, in the opinion of this paper, than the republican party promises at this minute to become under Hughes. Various episodes have characterized the fact that the democratic party has had comparatively few outstanding leaders of national reputation. But it is one of the chief items of Wilson's leadership that during his term progressive and enlightened democrats such as Newton D. Baker, secretary of war, have been brought more and more to the front while the reactionaries have been sent more and more to the rear. The party has been in training and it has gained. But in spite of any comparative lack of leaders, the democrats meeting in caucus, whenever caucus has been necessary, have thrashed things out and determined to support, one after another, a long series of soundly constructive legislative measures of historic importance—notable among them the income tax, the banking and currency act, the rural credits act, the child labor bill, the federal unemployment service, the humanitarian features of the seamen's act and the provision for vocational training for civil life while in the army. To achieve such a record without leaders, if it were literally true that the democrats had had no leaders, would be in itself a triumph of democracy and a better promise than any amount of leadership stamped with the political conceptions of Boies Penrose.

Admirable as was Hughes' record at Albany, there can be no definite assurance that he would be able to force Penrose and others of that ilk to a back seat in the degree to which Wilson has revitalized the democracy. Hughes would make a good president; it was a matter of national good fortune that he was nominated at Chicago. But Wilson, by reason of his exceptional experience in office and his now overwhelmingly evident leadership, is, in the opinion of the Republican, better fitted to meet the problems of foreign relations and social evolution, in the broadest sense, which the next four years hold in store.

Chronic Dysentery.

"An old gentleman of this town who was almost at the point of death with chronic dysentery some time ago and had given up all hope of recovery, was induced to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. One dose stopped the discharge, and after taking a few more doses he was completely cured," writes J. L. Baer, West Manchester, Pa. "Many residents of Baer's Station can testify to the truth of the above and were aware of the old gentleman's condition." Obtainable everywhere.—Advertisement.

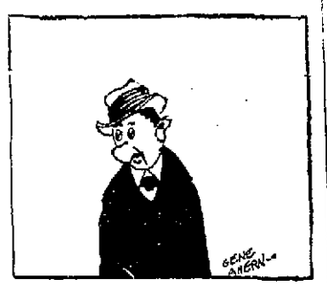
AIN'T NATURE WONDERFUL?

Unnatural History, by Eugene Ahern.

THE GIN HOUND.



"Oh! y' shoulda seen me las' night, heh! heh! I went out with a couple a fellas an' we took in every gin mill in town, an' say, was I slopped up? oh, boy! First I started off with Scotch and soda, threw in some Porto Ricans, a coupla ginger highs an' then finished off with beer washes." You've heard this music from some "gin hound," haven't you, Emil? Yes! many of 'em, George. They delight in telling people an' tryin' to make them think they're regular "sun dodgers" with them being "gimmed" and having a swell "tee" on. These soft heads think getting soused is an accomplishment. Going around chinning about it is what kidnaps our angora. Arthur, the "gin hound's" brain is so small it has more room in the interior of his nib to roam around in than a pig has in a 40-acre lot.

HUGHES CONTINUES TO HIT EIGHT-HOUR LAW

Nominee Declares It Was Surrender of Great Principle.

Springfield, Ill., Sept. 20.—Charles E. Hughes, addressing an audience here last night, renewed his attack on the administration for the passage of the Adamson law in the face of the threatened railroad strike. Mr. Hughes discussed and called "futile" reasons advocated for its passage, quoted from President Wilson's address to congress on the subject, challenged the statement of Representative Adamson that it was passed to meet an emergency and cited a declaration attributed to Grover Cleveland in support of the contention that the law was "to surrender to force."

"We have seen," Mr. Hughes said, "what appears to be the consideration of immediate political expediency at the expense of public welfare. Mr. Adamson said it 'it is hasty legislation, I admit, to meet an emergency.' What emergency? The emergency of force to which the administration had capitulated."

Mr. Hughes, after declaring that "the just interests of labor are the concern of all," and asserting that he desires to see safe and wholesome conditions of work, adequate opportunity for education and recreation, reasonable hours of labor, and fair wages, said in part:

"The Adamson bill is a force bill. It was legislation without inquiry, without knowledge. The demand by the administration for such legislation as the price of peace was a humiliating spectacle. It was not only a serious misuse of official power, but a deplorable abdication of moral authority.

"The excuses presented are futile. The Adamson bill is not a bill providing for an eight-hour day. It does not fix hours at all. It regulates wages.

Mr. Hughes quoted the Adamson law. "We have words which may seem to mean one thing and in fact mean another," the candidate continued. "The phrase 'eight hour day' is apparently used to tickle the public ear in order to establish something quite different.

"It is said for this bill that it will have a tendency to procure an eight-hour day. This is extremely doubtful. This bill must be judged by what it provides, not by what it does not provide. It is nothing more than a measure to fix wages. ... as such a measure its passage was justified, it needs no further excuse. If not its passage is not to be condoned by reference to another eight-hour work day which it does not establish. Such reference can only be regarded as a subterfuge.

"We are, therefore(not concerned with anything that is said of the judgment of society with respect to an eight-hour work day. There is plainly no judgment of society upon the increase of wages this bill requires."

Pointing out that the Adamson bill itself conceded that the subject was one requiring investigation, Mr. Hughes said t..... if there was anything requiring a careful inquiry it was "a proposition affecting readjustment either of rates or of expenses of carriers," upon whose efficiency "the community depends."

He continued: "...hat is fair and right must be done, but what is first fair and right must first be ascertained. When railroads are required to expend additional millions, this burden must ultimately fall on the public. If expenses are necessarily increased beyond what existing rates will stand, the rates must be increased."

The Sentinel's Daily Cartoonet

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

The thermometer at 2 o'clock this afternoon stood 89 in the shade.

The county commissioners have fixed the county tax levy at 96 cents, a reduction from $1.19 of last year.

About noon today Paul Webber, a lad attending the St. Mary's school, suffered a partial sunstroke while playing in the schoolyard.

Mr. and Mrs. H. C. Berghoff left for Buffalo last evening over the Wabash. Mr. Berghoff is a delegate to the National German congress, which he will address.

This morning C. T. Banks, residing at 219 West Washington street, was overcome by the heat while walking along Calhoun street near the court house.

Nothing but the hostility of the weather clerk can prevent the opening of the new mile track tomorrow from being the most successful thing of the kind ever attempted in Indiana.

The board of commissioners Saturday put on record their order authorizing a special tax levy for the proposed new court house to be erected jointly by the city at the present site of the old court house.

William Krohn, 40 West Fourth street, met with a severe accident last Thursday afternoon. He was shooting sparrows near the Clinton street bridge when the gun was accidentally discharged in his foot. The ball entered just back of the big toe and lodged among the bones.

Theodore Thieme, general manager of the knitting works, while superintending the placing of some machinery Saturday, had the misfortune to have a large crowbar fall on his foot, badly bruising his great toe. Mr. Thieme will be confined to the house for a day or so.

Residents of Bloomingdale are asking for another passage to the city besides Wells street, across the St Mary's river bridge. It is proposed to build a crossing at either Third or Fourth street to lead to Clinton, but owing to a refusal of the railroad company to permit this improvement, it seems that the plan must either be abandoned or institute proceedings in court.

Voters Who Registered But Did Not Vote, Must Register Again.

Avilla, Ind., Sept. 20.—John Cleland, democratic chairman of the Noble county democratic central committee, was the principal speaker at an enthusiastic meeting of democrats held in the city hall here Monday evening. Mr. Cleland declared that there were fully four hundred voters in Noble county who registered but did not vote at the last election. He pointed out that it is necessary for these men to register again if they are desirous of participating in the final election in November. Mr. Cleland was introduced by Frank Koons, precinct committeeman. Harry F. Helwig, county chairman, also made a brief address.

Help for Bronchial Trouble and Cough

"Foley's Honey and Tar Compound acts more like a food than a medicine."

Mr. Will G. Richmond, Inglewood, Calif., says:—"I wish to recommend Foley's Honey and Tar Compound as it has greatly benefited me for bronchial trouble and cough. It acts so well in harmony with nature that it is more like a food than a medicine."

Foley's Honey and Tar Compound has a wonderfully quick way of soothing and healing the raw tickling surface of the throat and bronchial tubes. It eases the tightness over the chest, raises the phlegm easily, and helps the stubborn racking cough that is so exhausting and weakening.

It is the best medicine you can buy, and better than anything you can make, for coughs, colds, spasmodic croup, whooping cough, la grippe and bronchial coughs, hoarseness, tickling throat and stuffy wheezy breathing. It contains no opiates, and is acceptable to the most sensitive stomach.

MAKE MR. HUGHES ANSWER

When candidate Hughes speaks here tomorrow he will be confronted with a quarter page advertisement on page 2 of today's issue of this newspaper containing an open letter signed by the foremost publicists and literary men of the United States. It asks ten questions pertaining to the vital issues of the 1916 presidential campaign. These questions were hurled at Mr. Hughes the day following his speech of acceptance and have been repeated in quarter page advertisements in every newspaper in every city in which he has spoken since that day, but not once has he answered. He tried to answer one at Chicago but failed, and at Fargo, N. D., he confessed that though he criticised he had "no panacea," yet he asks your vote.

Make him answer right here in Fort Wayne.

ELECTRO-TECHNIC STARTS CAMPAIGN

Puts Ten Solicitors in the Field and Expects to Get Over 600 Members.

The annual membership campaign conducted by the Electro-Technic club, will be operated differently this year than on former occasions. Instead of having two captains who call to their assistance fifteen or twenty men each, ten solicitors, headed by Loren Klingman, chairman of the membership committee, have been chosen and territory will be assigned to each, with the expectation that every man in the shop be asked to join the club. This committee is composed of Loren Klingman, chairman; A. J. Magley, R. H. Chadrick, H. Zimmerman, C. Strodel, Benjamin O'Brien, William Hess, Leo Hines, C. J. Lopshire and Joseph Schwartzko, jr. The committee will begin work at once, but the time limit for the solicitations has not yet been fixed. People down town, not in any way connected with the General Electric works, and men in other shops and offices, will be given opportunity to join the club. As soon as the program for the lecture and entertainment course is printed, a copy will be placed in the hands of each merchant and he be asked to lay the matter before his clerks with a view of getting them to join the club. "We now have 300 members," said Chairman Klingman this morning. "We hope to bring the number up to 1,000 before the time for the first meeting," he continued. "The list of events is exceptionally good," Mr. Klingman said. It includes lectures by Hugh Chalmers, of the Chalmers Automobile company, and an illustrated lecture on "How Moving Picture Films are Made," by Ed H. Phillipi, of the Rothacker Film Manufacturing company. One night has been set aside for five minute talks by General Manager F. S. Hunting, Factory Manager J. J. Wood, Factory Superintendent E. A. Barnes, Sales Manager A. A. Serva and Production Manager H. C. Stocker, which will be most interesting and instructive to the audience. The series opens October 17, with a lecture by Don Mungen, president of the Bowser Efficiency club, at which the families of the members will be present.

NIGHT SCHOOL OPENS MONDAY.

Electro-Technic Club to Begin Educational Season.

"We expect 100 students in our night school the coming season," said W. J. Hockett, the head of that department at the General Electric works. "Up to the present eighty students have enrolled and we surely will get twenty or twenty-five more by the time the school season opens, next Monday night," he continued. This is the largest number of students ever enrolled for the night school and the interest taken this year is very encouraging to the people back of the school proposition. There will be five classes, two in electricity and one each in mathematics, mechanics and drawing. On the first page of the little booklet announcing the courses of study and giving other information concerning the school, J. J. Wood, factory manager of the General Electric works, is quoted as saying: "My life is a living example of the advantages of night schools." Mr. Wood began to earn his own living when he was eleven years old, graduating from the Brooklyn Evening High school in 1876, and from the Brooklyn Polytechnic college as mechanical engineer in 1878. He thoroughly believes in this method of education, although education neither begins with school nor ends with college, but depends entirely upon one's own efforts and ability to learn needful facts and apply them in practice.

TO FLORIDA TO LIVE.

Joseph Aubrey Writes That He Will Remain in South.

Joseph Aubrey, who, with his wife, went to Florida two weeks ago, has advised friends in the city that he has decided to remain in that state. Mr. Aubrey was one of the old employes at the factory of Rhinesmith & Simonson, the lumber dealers and planing mills men. He worked in that shop just forty years and during that time was one of the most steady employes at the shop.

THREE DAY INSPECTION TRIP.

The track inspection of the Western Division of the Pennsylvania this week will consume three days. The train will start from Crestline at 7 o'clock, Thursday morning, and run through to Clark Junction, where a lay over night will be made. Then the party will start back over the line, making a more thorough inspection which will consume two days. In the party will be A. A. Wirth, supervising engineer, of Pittsburg. Others will be Supt. Otto Schroll, Division Engineer Guy Scott, Assistant Division Engineer H. T. Simpson, Division Operator H. B. Reynolds, Trainmaster C. L. Hamilton, Master Mechanic E. E. Griest, Road Foreman of Engines John H. Hanna, Master Carpenter D. C. Zook and Road Supervisors Shinneman, Pett, Birthwhistle, Pelzer and Lipes. The Fort Wayne people will go to Crestline tonight in order that they will be ready for starting with the inspection train on schedule time.

FORTY-FOURTH TRACK INSPECTION.

The general manager's forty-fourth annual track inspection of the Pennsylvania railroad east of Pittsburg will be held on October 3 and 4. Accompanied by some 300 operating officers, General Manager S. C. Long will go over the main line from Pittsburg to New York. The trip will be made in specially equipped observation trains. Every year, on the occasion of the general manager's inspection, prizes to the amount of $5,400 are awarded to the supervisors and their assistants, who have maintained their sections of the roadbed in the best condition during the year. The awards for 1916 will be announced upon the arrival of the inspection party at Harrisburg, on the evening of October 3, at the board of trade building.

SERENADED NEWLY WEDS.

Mr. and Mrs. Otis Bennett, who recently returned from their wedding trip, were honored by a serenade by the boys at the shop where the groom is employed, last night. Tin horns, horse fiddles, tin cans and other discordant implements composed the "musical" instruments used by the boys. Mr. and Mrs. Bennett were at a neighbor's when the "band" arrived, but they were soon located and escorted home, where they held an informal reception for a few minutes. Mr. Bennett found his machine in the Electric works elaborately decorated when he reported for work Monday morning, but being early he was able to clear away the "rubbish" before the boys got there and he had the laugh on them.

SOCIAL SEASON OPENS.

Evidently the lodges and their auxiliaries propose to be active the coming fall, winter and spring months in a social way. Several of them have already given public social affairs and other events have been arranged for the near future. This afternoon Loyal Lodge No. 85, Ladies' Auxiliary to the Brotherhood of Railway Trainmen, is giving a pedro party at Unity hall and tomorrow afternoon Hyacinth lodge, Ladies' society to the R. L. F. of E., will have a pedro party at the same place. Each order is to conduct a series of pedro games during the season.

TO BUILD HOUSES FOR EMPLOYES.

The New York Central company has decided to build a number of houses in Toledo for its working men. This decision is the result of a dearth of tenement houses and a consequently difficulty in getting laborers sufficient to do the work the company has for them. Two houses are now under construction as samples, and if they prove satisfactory, the company will immediately let contracts for thirty-five other buildings. The new homes will be on Hill avenue, just north of the transfer house at Air Line Junction. They will consist of one-story five room cottages.

NEW ST. JOE CHAPEL.

This morning the contractor began to assemble the material for a handsome brick building on the site of the St. Joe chapel, on the Ashley farm, four miles north of the city, which will cost upwards of $25,000. The old frame building was torn down a week ago. Architect A. M. Strause made the plans for the new church.

TO ATTEND AIR BRAKE MEETING.

H. A. Burson, airbrake expert of the Pennsylvania, will go to Chicago tonight and ride a train to Pittsburg, noting the operation of the brakes. Tomorrow he will attend a meeting of the Pittsburg Airbrake club, of which he is a member, returning home Friday.

WEST ON AUTOMOBILE TOUR.

Henry Peters, who has charge of the tool supply departments of the General Electric works, entered upon a vacation this morning, during which he will tour through the west in his new Ford automobile. Mr. Peters expects to be gone a week.

CONDUCTOR WEBBER RECOVERING.

Conductor Henry Webber, of the Pennsylvania, was down town yesterday for the first time since August 4, when he had two bones of his left ankle broken while out on the road. He is quite lame yet, but hopes to be able to resume work some time next week.

INDUSTRIAL NOTES.

H. W. Young, an assembler at the General Electric worws, is sick and off duty.

J. Laughlin, of the Pennsylvania planing mills, is sick and off duty.

After being sick two days, A. J. Huber resumed work in the Pennsylvania planing mills this morning.

Michael O'Conner, G. R. & I. passenger conductor, entered upon a ten days' vacation this morning.

John Riedel, of the Pennsylvania erecting shop, is off duty on account of the illness of his mother.

General Manager F. S. Hunting, of the General Electric works, left for Erie, Pa., last night on business for the company.

J. Miers is a new man in the punch press department of the General Electric works.

J. E. Gulff, a farmer from near Churubusco, has taken employment as a tender repairman in the Pennsylvania boiler shop.

W. Linemeyer, the blacksmith, who was sick a few days, resumed work at the Pennsylvania shops this morning.

Benjamin Metler has been transferred from the wiring department to the transformer test department of the General Electric works.

In his efforts to lift a cylinder head in the Pennsylvania shops yesterday, J. J. Bryer, a painter, sustained painful injuries to his back.

Thomas Quinn, an armature winder, has returned from a vacation trip to resume his duties at the General Electric works.

A. W. Duncan, of the engineering department of the General Electric works, has completed a vacation outing and resumed his duties.

Machinist Henry Schotemeyer is sick and Charles Kloepper, who had been sick, reported for work this morning. They are Wabash employes.

Chester Stovall, Wabash electrician, has returned from Montpelier, where he went several days ago on business for the department.

John Brown, waterworks foreman of the Wabash, reported for duty this morning. He was sick three weeks, a part of the time in the Peru hospital.

Mrs. A. E. Stewart, of East Williams street, wife of the Pennsylvania machinist, is preparing for a visit with friends in Chicago.

M. G. Page, machinists' helper at the Pennsylvania shops, reported for duty yesterday after being off on account of illness.

Mrs. W. V. Thompson, wife of Gang Foreman Thompson, of the Pennsylvania machine shop, will leave tomorrow to spend the week-end with relatives in Chicago.

Miss Carrie Cruse, who suffered a fracture of one of her hips six months ago, resumed work in the winding department of the General Electric works this week.

Robert Mueller, head of the pay roll department of the General Electric works, is on duty again, after a two weeks' vacation trip, accompanied by Mrs. Mueller.

E. Feaser and J. Kaliker, of the Pennsylvania blacksmith shop, with their families went to Sheldon yesterday to attend the wedding of a relative.

R. G. Norris, of the Missouri Pacific, and G. D. Brophy, of the Canadian Pacific, traveling passenger agents, were in the city yesterday looking after business for their companies.

Olan Gobrecht, a clerk in General Car Inspector F. T. Huston's office, of the Pennsylvania, has resigned to return to the farm near Van Wert, from whence he came six months ago.

H. M. Parker, a machinist helper in the Pennsylvania erecting shop, is sick and off duty. C. E. Meyers, an apprentice in the same shop, is also off duty on account of sickness.

A trainload of Pennsylvania national guards passed through the city at noon today, coming in over the Wabash road and leaving over the Pennsylvania.

M. R. Kramer, assistant general foreman of the Pennsylvania boiler department, resumed work this morning, after a two weeks' absence. He was on a vacation trip to Denver and Colorado Springs.

H. T. Moody, formerly storekeeper for the Wabash at Springfield, has been appointed chief storekeeper's clerk at Decatur, succeeding N. D. Porter, recently appointed division storekeeper at Fort Wayne.

Mr. and Mrs. L. P. Clapp, of Marinette, Wis., who are making an automobile tour of Illinois and Indiana, came up from Indianapolis Monday and stopped a day or two with Mr. and Mrs. L. H. Deal, the former of the distribution department of the General Electric works.

William Ungard, the Nickel Plate switchman, who was so badly injured Monday morning that he died soon after the accident, was buried at Bellevue this afternoon. He was a member of the B. R. T. and the burial ceremony of that order were used at the funeral. The deceased had been employed by the Nickel Plate fifteen years.

The annual meeting of the Railroad Y. M. C. A. will be held at the association headquarters at Calhoun and Holman streets at 7:30 o'clock, October 9. It is probable that some action looking towards a successor to General Secretary A. J. Cash may be taken at that meeting. Mr. Cash, as previously announced, retires October 1 to take a similar position at Fostoria, Ohio.

One of the most elaborate and wonderful decorations ever conceived by man greeted the eyes of A. J. Magley, a transformer engineer, when he appeared at the office at the General Electric works for duty yesterday. As will be remembered by the readers, Mr. Magley slipped down to Lafayette quietly two weeks ago and married a most charming lady of that city. The desk decorations were in honor of the bride and groom and were made by Mr. Magley's office associates.

MAY TAKE SEVERAL DAYS FOR CITY CASE

Jury Chosen in Trial Which Asks Damages for Injuries.

Jury has been chosen and receiving of testimony started in the $5,000 damage suit of Henry Langhor against the city of Fort Wayne, being tried in the Adams county circuit court, at Decatur. Langhor asks remuneration for injuries sustained when he was knocked from a farm wagon at the corner of Dayton aveinue and Broadway, a year ago, by a pole which fell from a dredging machine.

The defense, represented by City Attorney Guy Colerick, is attempting to prove that the city was not accountable for the accident.

Nobody could help the fact that the pole swung loose, the defense will bring out. They will also show that the machine was borrowed from Wayne township for dredging near Foster park, in the St. Mary's river, and the city is not accountable for its results.

Prosecution claims the act was due to negligence and the city should pay the full amount. Judge Smith is hearing the case, which may be several days on trial.

MAY BECOME PUBLIC PARK.

Hopkinsville, Ky., Sept. 20.—The birthplace of Jefferson Davis at Fairview, near here, will be converted into a public park if plans discussed at a meeting of Confederate veterans at Fairview yesterday are consummated.

A beginning in this direction has been made, control of the house in which the president of the confederacy was born and nineteen acres of land has been obtained.

See Registration Notice on page 9.

ODD FELLOWS IN PARADE.

Chattanooga, Tenn., Sept. 20.—A spectacular street parade was today's feature of the sovereign grand lodge of Odd Fellows convention. In the morning there were business sessions of the grand lodge and affiliated organizations.

FALL STYLES IN WAISTCOATS

MADE BY

HART SCHAFFNER & MARX

Copyright Hart Schaffner & Marx

THERE was a time when nobody thought about style in a waistcoat; the coat covered it, why bother. But nowadays the coat does not cover it—the waistcoat plays a very conspicuous part, often giving the finishing touches of smartness to a suit.

Hart, Schaffner & Marx have carried out the Varsity Fifty-Five idea in waistcoats—style that's different; some have soft roll collars with five buttons, deep points; decided waistlines with full chested effects; athletic shoulders; some with welt pockets, others with flaps on the pockets.

This is just a small part of the big Varsity Fifty-Five idea; we'd like to have you know more about it.

Now, young man—rather than give you something that will not give satisfaction during these times of high prices, we have decided to sell Hart Schaffner & Marx new Fall Suits for young men at $17 to $40 instead of $20 to $50, the prices charged in other cities. Hart Schaffner & Marx have already shipped us fall goods amounting to $40,000. It's the greatest showing of young men's clothing in this state.

BONDS ARE PURCHASED.

State Buys $6,000 Worth in Negotiations With German-American National Bank.

J. Herman Bueter, manager of the bond department of the German-American National bank, has sold $6,000 worth of bonds to George A. Bittler, state treasurer. The purchase made by the state represents the initial investment of a portion of the Indiana State Teachers' Retirement funds.

Mr. Bittler, in writing Mr. Bueter, said in part: "This being a trust fund, I am particularly anxious, first, to have absolutely gilt edge investments; second, bonds to yield safe but fair returns. This order represents the very first check that I am drawing on the above fund for the purchase of high class securities. It is an added pleasure to open negotiations with a financial institution of my home city."

TAKE UP HOME MISSION WORK.

Richmond, Ind., Sept. 20.—Home mission work of the Indiana yearly meeting of Friends was considered at today's session here at which reports were submitted concerning the Indian missions in the west and southwest, Southland college, near Helena, Ark., in behalf of the colored youth, and White's Manual institute, near Wabash, Ind. The reports were regarded as showing encouraging progress being made in the religious and educational activities of the work.

Rothschild—Trauerman.

A wedding of quiet elegance took place on Wednesday noon at half after 12 o'clock when Miss Henriette Trauerman and Mr. Nathan Rothschild were united in marriage at the home of the bride's sister and brother, Mr. and Mrs. Samuel Kraus, of 911 Union street Rabbi Aaron L. Weinstein read the marriage service. The bride were a handsome traveling suit of blue duvetyn with white blouse of fillet lace and a corsage of lavender orchids. The bride made a fine appearance and when she left on her wedding trip she were a purple panne velvet hat quite stunning in design but plain. As soon as the bride and groom had received the felicitations of the company a dinner was served with covers for ten only as no guests aside from near relatives were present. That number included a sister to the bride and Mrs. Kraus, Mrs. Jacob Lobman, of Pittsburg. The dinner table was perfect in appointment, both beauty and elegance being observed, and three low bowls of pink roses and pink tulle from the electric dome to the corners of the table lent additional beauty. There were a few vases of roses in the living-room, but nothing elaborate. The wedding trip will be to California and Mr. and Mrs. Rothschild will be at home after the first of December at 816 Nelson street. The groom is the only son of Mr. and Mrs. Ben Rothschild, prominent residents of this city for many years, and is in business with his father. The bride has not lived in Fort Wayne very long, but her sweet manner and winning personality have already endeared her to many friends.

MEMBERS OF BRAUN-MILLER BRIDAL PARTY AT ST. PATRICK'S CHURCH.

Mr. Charles N. Braun.

Mrs. Charles N. Braun.

Miss Nellie Braun.

Mrs. Roman Mettler.

Miss Lillian Miller.

An unusually beautiful wedding of many beautiful nuptials that have been solemnized in St. Patrick's church took place on Wednesday morning when Miss Cecelia May Miller, daughter of Mr. and Mrs. A. A. Miller, and Mr. Charles Nicholas Braun, son of Mr. and Mrs. Peter Braun, were married at 9 o'clock. The solemn nuptial mass was celebrated by Rev. J. F. Delaney, master of ceremonies; Rev. M. Aichinger, of Auburn, as deacon, and Rev. John Kohl, of Columbia City, as subdeacon. The organist and choir of the church rendered the mass with Mrs. Schuckman, as soloist. The bridal party made a fine appearance and consisted of several attendants, who were Mrs. Roman Mettler, sister of the bride, as matron of honor; Miss Nellie Braun, sister of the groom, honor bridesmaid; Miss Lillian Miller, of Cloverdale, O., and Misses Margaret and Mary Braun, twin sisters to the groom, as bridesmaids, and little Rosella Braun, as flower girl. Mr. Robert Braun was best man and Mr. Roman Mettler and Mr. Raymond Miller were ushers. The lovely bride walked in with her father and she presented a very refined and attractive appearance. The bride's gown was made of bride's satin with trimmings of chantilly lace. The skirt of the gown was made in bouffant style over which the lace hung in two flounces while the modish and tight-fitting basque had an elaborate ornamentation of pearl trimming over the arms and about the neck and on the front of the corsage of satin. The long train of satin hung from the back and over it fell the voluminous folds of the bridal veil. The veil was caught to the hair with a tiny wreath of swansonia that circled the shirred tulle into a cap effect. A finishing touch to the elegance of the bridal costume was the bouquet, a shower of bride roses and swansonia, tied with lace ribbons. The costumes of the bride's attendants were exceedingly good looking and expressed the colors of pink and white with a touch of yellow. Mrs. Mettler looked very handsome in a peach blossom taffeta gown with basque of pink silk marquisette, a trimming of blue beads and the touch of black velvet to set it off. A pink panne velvet hat faced in black and trimmed with an algrette and a beaded ornament. Mrs. Mettler carried a shepherd's staff with pink roses tied to it with pink tulle. Miss Braun wore a pink crepe dechine with tunic and cape effect over the shoulders trimmed in coral beads, while her hat of pink embroidered crepe with black velvet facing and handsome ornaments were in keeping with the arm bouquet of pink roses. Miss Lillian Miller wore a pale pink chiffon taffeta gown with full skirt, made quite up to date, but quaint with its suggestion of the colonial days. Pink beads were the principal garniture of the basque. Miss Miller's hat was also pink with black facing and paradise ornament, while she also carried a staff with pink roses tied to it. The Misses Mary and Margaret Braun were dressed alike in buff-color silk frocks, ruffled skirts and high waist lines, with berthas of silk trimmed with satin ruchings. They carried small pink baskets of Ophelia roses, and wore yellow tulle bows and wreaths of smilax in their hair. Little Rosella Braun made a sweet-looking flower girl in her pink accordion pleated frock, made with very short sleeves and round neck. She held a basket with big pink tulle bows tied to its handle and a cluster of Shroyer roses in it. Black velvet ribbons on her wrists and a wreath and bow of tulle in her hair, made up this pretty costume. The church was decorated with palms, hydrangeas and the altar in red gladiolus. After the solemn services the bridal party were driven to the home of the bride at 2011 Hanna street where the wedding breakfast was served to immediate relatives and close friends. About forty people partook of the breakfast for which Mrs. Graffe catered. Pink and white were the general colors of the house decorations, with roses and plumosus on the bride's table and a wonderful bride's cake, built in three tiers and with pearl ornaments on the frosting. Visiting guests were Mrs. Carl Rief and daughter, Mary Catherine; Mrs. William Beyan, Mrs. Frank Beyan, all of Delphos, Ohio, and Mr. and Mrs. Daniel Miller and family, of Cloverdale, Ohio. Several young girls assisted in serving. They were Charlotte O'Connell, Helen Miller, Ruth Ek and Clara Mettler. The bride and groom are to take a wedding trip from Detroit to Buffalo by boat. For traveling the bride, who is a beautiful young woman, wears a broadcloth suit of burgundy red and hat of panne velvet to match, with a bit of ermine for trimming. Gloves and shoes match the suit. When the bride and groom return they will be at home with the bride's parents. Mr. Braun is a general machinery broker and is not only a successful business man but one of engaging personality, and he with his bride enjoy the admiration and friendship of many people.

AT THE PALACE

NO MATINEE THURSDAY.

New Palace Week-End Bill to Open Thursday Evening.

The week-end bill at the New Palace will open Thursday evening instead of Thursday afternoon as usual because of the Charles Evans Hughes meeting to be held at the theater in response to the importunities of the committee in charge of he affair. On Saturday evening the New Palace will present two performances, the first at 7:30 o'clock and the second at 9:15 o'clock for the management honestly believes that the coming bill will prove so popular the fans will demand the usual quota of performances. Little Miss Up To Date a study in modernity, is the classy feature attraction on this new bill. The Gallerini Four, a quartet of artists supreme; Anderson and Goines, the nut brown laugh makers; The Four Slickers, one of vaudeville's funniest reub acts; Willing and Jordan, the jingling team, and the Four Juvenile Kings, a quartet of lively youngsters, with a dance step in each toe.

The current bill closes this evening when Fort Wayne will have its final opportunity to enjoy Muriel Larimore's Dancers, the Dunbar Salon Singers; The Dohertys; Cook and Stevens; Cary and Leclaire; Bert and Harry Gordon and others.

AT THE MAJESTIC

EVA TANGUAY SATURDAY.

Cyclonic Comedienne Matinee and Night at the Majestic.

Every writer who has had his say about Eva Tanguay, has, to the extent of his ability, coined new phrases and invented strange adjectives to express his appreciation of her peculiar genius. There are few better known writers of the stage than Amy Leslie, of Chicago, and it is interesting to note what one woman of genius says of another woman of genius.

This is Miss Leslie's tribute to Miss Tanguay:

"Eternal, eccentric and elusive, Eva sent a thrill which was felt like an electric shock through the house when that little round moon of a spotlight slunk into a smiling corner and the band struck up the Tanguay smudge of music. She is a lollypop of a scaramouch, is Eva.

"It is a powerful relief to a weary mind to go crazy with Eva. They just crave a luxurious splash of the elixir which puts her into so accommodating and bewitching a frenzy, that is all, and it is worth the money. Miss Tanguay in her generous bubble of ecstatic mania, insists that she is crazy, but the wise and sane take comfort in her cunningly devised plan to pose as a beautiful mad woman, glad of it."

AT THE TEMPLE.

"Baby Mine," Famous Farce, Proves Riot of Fun.

"Baby Mine," the laugh play of the country, is delighting capacity houses at the Temple theater. In the hands of the most capable stock company seen here in many years, the funniest production ever written is proving a powerful antidote for the blues as well as a great drawing card for the playgoing public of Fort Wayne.

The reception matinee yesterday was a welcome feature, as it afforded an opportunity for many to express their keen appreciation and enjoyment of the present bill at the Temple. Last night another big house enjoyed the show, and laughed until threatened with hysterics.

"Baby Mine" is the funniest of all plays, and yet it is absolutely founded on fact. The story might be told in full, but that would be anticipating and spoil something of the surprise that the play always creates. If you need a change from the old grind, try an evening with Margaret Mayo's baby yell and you will find it better than three weeks in a sanitarium. All classes, colors and temperaments will scream with "Baby Mine."

The engagement will close with the usual performances on Saturday. Next week the great American success, "Under Cover," will open at the Temple with Miss Centlivre, a Fort Wayne young lady of unusual dramatic talents, included in the cast.

TO RUSH ACTION IN BLACKMAILING CASE

Department of Justice is Prepared to Insist on Early Trials.

Washington, Sept. 20.—Plans have been made by the department of justice to expediate action in the cases of the alleged blackmailing gang in Chicago by trying one of the principals in the New York federal court next month. One of the prisoners probably will be selected for this purpose at a conference at the department late today between Attorney General Gregory, A. Bruce Bielaski, chief of the investigation bureau, and the investigation agents from Chicago, New York and elsewhere who have been summoned here to discuss the case.

"All of the cases of those arrested at Chicago originated in the east," said Mr. Bielaski. "We want to see if the information we have from the east fits in with the information we have from the west and pursue our investigations in the light of the co-ordinated evidence. We are getting more evidence every day."

There are indications of more arrests impending and a number of suspects not yet in custody are under strict surveillance of federal agents.

CAUGHT AT LAST.

Newlyweds Who Eluded Friends for a Week Are Captured.

Mr. and Mrs. Otis Bennett, recently married, had successfully eluded all their friends until Tuesday night when a party of people went to their home on Reed street to look for them. Not finding them at home, the visitors proceeded to start a search for them. They finally found them and after offering congratulations, escorted them home in a wheelbarrow. After arriving at their home the newlyweds forgot their righteous indignation and served a delightful luncheon to the party whose ——— were now their guests.

PROGRAM IS ANNOUNCED FOR DOCTORS' MEETING

Annual Session of State Association Will Be Held Here Next Week.

The program for the annual session of the Indiana State Medical association to be held in Fort Wayne, Wednesday, Thursday and Friday, September 27, 28 and 29, has just been announced. This will be the third time the association has met in Fort Wayne, the first time being in 1896 and the last time in 1910. The entertainment of the guests will be in charge of the Fort Wayne Medical society, with over one hundred members, assisted by their wives.

The program in condensed form is as follows:

HAVE PRETTY CHURCH WEDDING WEDDING WEDNESDAY.

MR. PAUL H. BENGS.

MRS. PAUL H. BENGS.

Trinity Episcopal church was the scene of a pretty wedding at 4 o'clock on Wednesday afternoon when Miss Marguerite L. Kintz and Mr. Paul H. Bengs were married by Rev. E. W. Averill. The bride is a daughter of Mr. and Mrs. Daniel Kintz, of Wells street, and Mr. Bengs' parents are Mr. and Mrs. Otto Bengs. A musical program was given by Mr. Kampe, who presided at the organ, before the entrance of the bridal party. The bride, a pretty and very lovely young girl, walked in with her father preceded by her sister, Miss Dorothy Kintz, as bridesmaid and met the groom and his best man, Mr. Walter Bengs. The bride wore a pretty gown of white crepe de chine trimmed with an embroidery in pearl beads and with pearl ornaments. The wedding veil was held by a band of pearl beads across the forehead and a beautiful pearl necklace, the gift of the groom, which the bride wore, was in keeping with the wedding gown and exceedingly becoming. A further feature of the bride's costume that she chose because of her admiration for pearls, were her slippers that had tiny mother of pearl buckles on them. The bride carried a bouquet of bride roses and swansonia. The bridesmaid, Miss Dorothy Kintz, wore a girlish gown of pink crepe de chine with sleeves and trimmings of pink Georgette crepe. A beautiful picture hat of pink Georgette crepe to match the gown was trimmed with pink roses and a silver ornament and an armful of pink roses that she carried made the appearance of the bridesmaid very charming. After the marriage service to the strains of the Mendelssohn wedding march, the bridal party left the church and were driven to the home of the bride's parents, 1528 Wells street, where a wedding dinner was served to about forty guests. The repast was a delicious one and the several young friends of the bride who assisted in serving it were Grace Stein, Lillian Mattot, Emma Boxberger, Nora Hilker and Emma Hilbert. Out door flowers of the season decorated the rooms and the bride's table was in roses and smilax. Later in the evening the bride and groom left on a motor trip to Indiana and Michigan points. For traveling the bride wears a blue serge suit with blouse of blue Georgette crepe and a black velvet hat. On their return from their wedding trip, Mr. and Mrs. Bengs will go to housekeeping at 531 West Fourth street where their home is ready furnished, the furnishings being a gift from the groom's parents. The groom is a tool maker employed at the Fort Wayne Electric works and he is a splendid young man in every way. Mr. R. L. Curtis, of Detroit, a brother of Mrs. Kintz, was the visiting guest at the wedding.

GOES TO WASHINGTON IN BLACKMAIL CASE

Clabaugh Transfers Chicago Investigation to National Capital.

Chicago, Ill., Sept. 20.—Investigation of the operations of the alleged blackmailing syndicate, accused of swindling wealthy persons in various parts of the country out of large sums of money, was transferred to Washington temporarily today by the departure of Hinton G. Clabaugh, local agent of the department of justice, for a consultation with Attorney General Gregory.

William C. Woodward, wanted by the government in connection with the alleged swindles, surrendered last night and was released on $2,500 bond. Three of those arrested here last Saturday night were discharged yesterday on account of lack of evidence to connect them with the alleged swindles. They are Mrs. Edward Donahue, Mrs. Frances Chapman and George Bland.

The four others who are still held and who will be given an examination before a United States commissioner next Friday are: Edward Donahue, Mrs. Helen Evers, Henry Russell and James Christian.

BAUER IMPROVED.

Young Man Hurt in Motorcycle Accident Returns From California.

Mrs. J. J. Bauer, 2133 Weisser Park avenue, accompanied by her son, Milton Bauer, of Vallejo, California, arrived home last night. Milton Bauer, it will be remembered, figured in a motorcycle accident at Vallepo July 1, in which his uncle, John Lepper, was instantly killed and himself so badly injured that for six weeks the attendants at his bedside expected his death at any hour. His injuries consisted of a badly crushed right leg, a broken arm and concussion of the brain. He was allowed to lie several hours before receiving surgical aid and came near bleeding to death before it came. The wound in the leg became infected, followed rapidly by blood poisoning, and the limb was amputated at the knee. The infection still exists and another amputation will be made as soon as the patient recovers from the effects of the long journey. Mr. Bauer is a boilermaker and before going to California to reside, he worked first at the Bass shops and later at the plant of S. F. Bowser & Co. John Lepper, the uncle, who lost his life in the accident, was a brother of Mrs. J. J. Bauer.

Sheet-iron metal strips, to which steel bars can be quickly fastened at even distances apart, have been patented for simplifying the work of building up the reinforcement for reinforced concrete work.

A. J. Magley, a transformer engineer at the Electric works, who was married at Lafayette two or three weeks ago, has returned with his bride. Mr. Magley resumed work yesterday.

ARTERIES SEVERED IN JITNEY ACCIDENT

Italian Workman in Weakened Condition from Cut in Arm.

Peter Papani, 40, employed at the rolling mills, had the arteries and veins torn from his right forearm Wednesday morning, when the side of the jitney in which he was riding was damaged by contact with a telephone pole. John Koehler, 2704 Maumee avenue, was driving the small car. He ran the machine against the post when he became excited because of an approaching interurban car, it is thought. Koehler says the steering gear was out of order.

Workmen at the mills, who called police, claimed that Koehler had driven away and left Papani standing by the side of the street, with blood spurting from his injured arm, after the accident. The mill employes said they tied up the arm with pieces of handkerchiefs. Papani was taken to the St. Joseph hospital in the patrol.

Dr. Frank Dinnen, in charge of the patient, says the wound, which consists of a deep gash in the forearm, is the most serious of its kind that has ever come to his attention. Papani was in a very weakened state all morning from loss of blood. He was placed under influence of ether while the arteries were tied.

Koehler reported the accident to the police at once. He claims he did not think the man was seriously hurt or he would have taken him to the hospital. It is not known upon what object Papani struck his arm when the car struck the post. Papani does not talk English.

WILL NOW INSPECT SOURCE OF MILK

Dr. Paul Kucher to Travel Many Miles in Next Two Weeks.

The source of all milk delivered in Fort Wayne will be inspected by Dr. Paul Kucher, city meat and dairy inspector, during the next two weeks. He will cover nearly all the territory within a radius of twenty miles of the city and will travel a thousand miles.

Kucher will stop at all farms from which milk is sent to Fort Wayne. He will inspect barns, physical condition of the cattle and utensils employed in caring for the milk. It will be his second inspection tour through the country. On his former visits he found several milk producing centers where an inspector had never been before. Conditions were pronounced good in nearly every case after the first examination.

Bacterial count and butter fat tests are being made of milk obtained from city dairies during the past week. The report of the test should be completed in two days.

THE DEATHS

BECKER.

Mrs. Mary Becker, aged 87 years, died Tuesday afternoon at 4 o'clock at the Lutheran hospital, following an illness due to senility. She was the widow of Charles Becker, who passed away over twenty-five years ago and for the past eighteen years she had made her home with her sister, Mrs. Henry Stellhorn, 606 West Creighton avenue. She had been blind for eighteen years. The deceased was born in Germany, but came to the United States with her parents when she was 11 years of age. She had resided in Fort Wayne ever since. She is survived by a son, Louis, of Mason City, Iowa, four grandchildren and four great-grandchildren; two sisters and one brother—Mrs. Henry Stellhorn and Mrs. Eliza Engleking of this city, and Fred Hobrock, of California. Funeral services, Friday afternoon at 2 o'clock at the residence of the sister, and at 2:30 o'clock at Emmaus Lutheran church, Rev. Wambsganss officiating. Interment at Concordia. Omit flowers.

KECK.

Albert Keck, a farmer and thresher, residing nine miles northwest of the city, died at his home, Tuesday, at the age of 69 years. Death was due to cancer and followed an illness of six weeks. He is survived by the widow and two children—James Keck and Mrs. William Fritz, at home. The deceased was born in Ohio, but had lived on the farm where death occurred, for the past twenty-seven years. Funeral services, Thursday morning, at 9:30 o'clock, standard time, at the residence, and at 11 o'clock at Union Chapel.

SEEMANN.

Karl Seemann, aged five and a half months, son of Mr. and Mrs. Charles Seeman, of Milan township, near Gar Creek, died at midnight Tuesday at the family home following an illness due to cholera infantum. The parents and three brothers and sisters survive.

Charge by Republicans False, Declares Stone

Chicago, Ill., Sept. 20.—"A word about the so-called eight-hour law as relating to railroad operatives," by William J. Stone, United States senator from Missouri, was issued by the western national democratic headquarters here today. Accompanying the statement was an assertion that Senator Stone was representing the thought of the administration on the subject. The statement said:

"Messrs. Hughes, Roosevelt, Root, Lodge, Penrose, Crane, Pierpont Morgan, George W. Perkins and that entire genus, maintain that the president and congress surrendered to force and thereby discredited public authority and weakened the foundation of our governmental institutions.

"One weakness about this charge is that it is false. Nobody threatened the president or congress; nobody demanded anything of them. The controversy was purely industrial.

"The trouble had reached a point so acute that these hundreds of thousands of men were on the verge of a strike with its consequent paralysis of transportation."

After calling attention to the danger of "railroad transportation being tied up indefinitely" by a strike, the statement points out that while the crisis existed, senators and representatives and members of the administration were receiving communications from all sections of the country indicating "that the public sentiment almost universally favored any reasonable means of averting this catastrophe."

"The fact is," he continued, "the very threat of this nation-wide lockup caused a big jump in the prices of all the necessaries of life and industry and it is worthy of note that when the danger passed prices went back normal.

"These are the things the president faced and such a calamity he bravely, patiently, patriotically sought to avert. Who blames him? Mr. Hughes says he should have investigated the questions at issue before acting.

"Is that really the issue Mr. Hughes presents to the judgment of the American people?"

"Mr. Hughes, hard driven, is appealing to powerful special interests. I am sure the president has other things of vastly greater importance to talk about, but he can meet this issue without a shadow of apprehension.

"I would turn from Morgan, Perkins, Roosevelt, Root, Lodge, Penrose and all such as those who preach these strange doctrines and ask the great masses of the people whether the president was right. Moreover, when powerful, opulent, sinister, special interests assail the president because of his fine act of Christian citizenship, I would ask the workingmen, who, with the president, must bear the brunt of these attacks—for they are aimed at the great labor interests of the country—what answer they will make."

HOLD MEMORIAL AS CONFERENCE OPENS

Franklin, Ind., Sept. 20.—With Bishop William F. Anderson, of Cincinnati, presiding, the 83th annual session of the Indiana Methodist Episcopal conference opened today with a memorial service in honor of the six ministers and the two wives of ministers who died during the past year. The sermon was preached by Rev. C. C. Edwards, of Evansville. Among those who died was Rev. H. M. Elwyn, of Evansville.

Charles W. Fairbanks, republican nominee for vice president, and Dr. Charles S. Woods, superintendent of the Methodist hospital at Indianapolis, will be the principal speakers at the anniversary of the Women's Home Missionary society and the hospital, which will be observed jointly tomorrow.

SOCIETY

Mrs. W. E. Doud has invited a few intimate friends of her daughter, Mrs. Raymond Ellis, and a number of older ladies with whom Mrs. Ellis has been associated, to meet informally on Thursday afternoon at a farewell to Mrs. Ellis, who is to return to Wilmington, Del., soon.

Miss Gladys Griebel is at home for a brief visit after a six weeks' stay in New York City. Her trip to New York was in the interest of the Boss Manufacturing company and she is to go soon to Cedar Rapids, Ia., on similar business.

Miss Stella Hunter has returned from a summer's visit at eastern points.

Mrs. M. V. Tucker is to leave within a day or two for Orillia, Toronto, Can., for a visit.

Mr. and Mrs. W. S. Bash have taken an apartment in the White for the winter.

Miss Emma Gerke, who is a bride-elect of next month, was pleasantly surprised by a number of friends on Sunday at her country home, just off Wayne Trace. Bunco was the principal amusement for awhile. Prizes were won by Misses Aloina Adam, Clara Niemeier and Dora Boese. Miss Gerke was presented with many useful gifts. Covers were laid for twelve. An excellent luncheon was served. The guests were Misses Emma Meyer, Tillie Brandymueller, Marie and Clara Rebber, Clara Niemeier, Dora Boese, Alvina Adam, Anna Bradtmueller, Emiele Nieter, Frieda Zelt. Miss Gerke is to wed Will Kruse, on Thursday afternoon, October 5, at the St. Martin's Lutheran church.

HUGHES SAYS PATHWAY LEADS TO CIVIL WAR

Still Denouncing Adamson Law as "Surrender to Force."

Green Bay, Wis., Sept. 20.—The pathway of the "Surrender to force" Charles E. Hughes told an audience here today in renewing his attack on the administration for the Adamson law, leads to but one end, "civil war." Mr. Hughes referred to the action of the administration as "unpardonable."

The nominee also declared that nobody could embarrass him by talking about Americanism.

"I speak with added emphasis as the friend of labor," Mr. Hughes said, in discussing the Adamson law, "when I say that the serious blow delivered recently at labor and enterprise in this country was unpardonable, that blow being the surrender of the principle of arbitration and the yielding of reason to force.

"We look forward in this country to a future very uncertain unless we have peaceful settlement of grievances by a careful examination and open minded consideration of the facts.

"When A doesn't agree with B they are not allowed to fight it out in the public square. They have got to come into a court of law and fight it out there. All we have to do is to stand firmly for principle and get justice done.

"The other way simply means the rule of strength. There is only one end to that path and that is civil war.

"We have had in this country serious problems in the past—the problem whether we were to have a nation at all, the problem whether we could develop it without some individual walking off with it."

ALL DAY SERVICES AT FIRST M. E. CHURCH

An all day meeting of fasting and prayer will be held in the auditorium of the First M. E. church, corner of Lafayette and Wayne streets, Thursday. Prayer will be for missions.

Mrs. Myra Boyington-Grupe, field representative of the Williamsburg mission to the Jews, Williamsburg, N. Y., assisted the pastors' association in preparing for the all day service. Jewish mission work, home and all foreign missions will be remembered in the prayers. Strength for the coming soul winning campaigns will be asked for.

Christians all over the city are urged to attend the all day service. It is expected that those who will be busy most of the day attend the meeting for a few minutes either in the morning or afternoon.

* * *

The Ladies' Aid Bible class of Simpson M. E. Sunday school will meet with Mrs. Zook, 128 East DeWald street, Thursday at 2:30 p. m., in business and social session.

MEETING OF TEACHERS.

D. O. McComb, county school superintendent, has received tickets of membership to the Indiana State Teachers' association. The tickets are $1 and this sum is paid only by those teachers who attend, Mr. McComb says. The meeting will be held at Indianapolis October 26, 27, 28 and 29. It is doubtful if many teachers of Allen county will attend the Indianapolis meeting, as they usually are in attendance at the sessions of the Northern Indiana Teachers' association.

Mrs. Austin Stults accompanied Mr. and Mrs. Baron Long to New York city, a few days since.

Mr. and Mrs. R. L. Magee have closed their cottage at Wawasee and returned to the city for the winter.

FLOOD WRECKS SEVEN VILLAGES IN BOHEMIA

Over 250 Bodies Found After Bursting Dam Spreads Devastation.

Berlin, Sept. 20.—The giant dam situated above Hannwald burst yesterday. Many lives were lost and enormous property damage was caused at Gablouz, Bohemia, and in Weissendesse valley. The number of dead has not been ascertained. Up to noon today 250 bodies, many of them of children, have been recovered.

The villages of Deszendorf, Tiefenbach, Tannwald, Schumburg, Schwarow, Grosshammer and Hartz are inundated.

When the dam burst a roaring mass of water rushed in a twelve foot wave down the valley, carrying thousands of feet of lumber on its crest and hurling it with great violence against buildings and bridges.

The onrushing waters carried away numerous glass polishing factories.

Ninety minutes after the break the flood had reached Tannwald and mounted to six feet above the bridges, tearing through the town and carrying away houses and virtually everything in its path. Shortly afterward, similar scenes were repeated in the villages below Tannwald, where the waters destroyed glass cutting works, mills and houses and then carried them down stream.

The disaster came so suddenly that it was impossible to give timely warning to all localities. In many of the villages the houses were empty, due to the fact that the families were employed at other points.

The dam, which was completed only a year ago, was 52 meters wide at the base and 13 meters high. The basin had a capacity of 400,000 cubic meters of water and was connected with another basin holding 7,000,000 cubic meters.

WORK PILES UP FOR STATE PARDON BOARD

Another Allen County Case Added to the List for Consideration.

Indianapolis, Ind., Sept. 20.—Twenty-three new cases and three old ones to be reopened have been filed with the state board of pardons since the original list was made public recently. The list now includes forty-one new cases and fifty-four to be reopened.

Among the applications for parole the board will be asked to consider is that of Orville J. Hodgson, sentenced in 1915, after he had committed forgeries, became a fugitive and in his flight stopped long enough at Louisville, Ky., to marry a young society woman. The banks at Frankfort, Ind., were said to have lost $4,000.

Other new cases in the list include Dominick Lapico, St. Joseph county, October, 1913, 2 to 21 years, state prison, assault and battery with intent to kill.

George Bennett, Vigo county, October 5, 1912, 1 to 8 years, states prison, perjury.

Edward L. Brooks, Vanderburg county, June, 1913, 10 to 20 years, state prison, burglary.

Harmony Wallace, Vanderburg county, August 8, 1914, 2 to 14 years, reformatory, grand larceny.

Kenneth Davis, Allen county, May 20, 1908, 10 to 20 years, reformatory, burglary.

Henry Descamp, sentenced from Clay county, May 8, 1911, for life, for murder, and Thomas Hanan, sentenced from Lake county for life, October 5, 1906, for murder, also have applied for paroles.

BRUNO IN HOSPITAL FROM BRUTAL ATTACK

Saloonkeeper Was Knocked Down and Kicked by Assailant.

D. J. Bruno, 416 Ross street, proprietor of the saloon at the corner of West Main street and Broadway, is in the St. Joseph hospital as the result of a beating said to have been inflicted on him by Clarence Osterman. Bruno will be given a chance to sign an affidavit against Osterman Wednesday afternoon.

The young man who, bystanders say, assaulted Bruno, was released from bond only last week, having been arrested because his mother said he had threatened to kill her. It is claimed that the attack Tuesday night grew out of Bruno's refusal to sell Osterman, who is eighteen, a drink. Bruno was knocked down and kicked several times, it is claimed. Dr. C. C. Kimmel was called to the saloon and found the man in a semi-conscious state. He ordered Bruno taken to the hospital.

WILL ELECT OFFICERS.

The board of directors of the Old Fort Distilling company, at 620 Clinton street, will meet in annual session Wednesday evening at its place of business. Officers for the coming year will be elected. Other business matters will be discussed and decided upon.

Mr. and Mrs. Martin Griswold, of Washington township, have announced the approaching marriage of their daughter, Alice, to Oscar Fulkerson, on October 12.

LEAGUE ADOPTS LOWER RATES ON INSURANCE

Next Meeting Will Be Held in Fort Wayne Third Tuesday in May.

At the adjourned meeting of the Catholic Benevolent League of Indiana held in this city Tuesday afternoon the delegates accepted the fraternal congress rates for insurance following a lively discussion on the matter. This lower rate will enable the league to spread its work over a larger area and will be an inducement for larger membership.

MICHAEL KINDER.

At the close of the afternoon session it was decided to hold the next annual gathering in Fort Wayne, the third Tuesday in May. Officers for the coming year were elected as follows: President, Michael Kinder; spiritual director, Rev. Edward J. Mungovan, Valparaiso; vice president, George B. Frisz, Tipton; secretary, George Christen, Fort Wayne; treasurer, John Kohrman, Fort Wayne; chancellor, Thomas J. McLaughlin, Fort Wayne; orator, Leonard Knoerzer, Hammond; marshal, August A. Gocke, Fort Wayne; guard, Mrs. Cecilia Galland, Fort Wayne; trustee for three years, Mrs. Anna McLaughlin (elected), Fort Wayne; medical examiner in chief, Dr. John E. McArdle, Fort Wayne.

VON PAPEN NOW IN THICK OF FIGHTING

Berlin, (Via London), Sept. 20.—Capt. Franz VonPapen, former German military attache at Washington, now is in the center of the fighting on the Somme front. He is the chief general staff officer of a division holding one of the most crucial sectors on this front against which the entente allies for weeks have been launching their heaviest attacks.

Capt. VonPapen received his coveted assignment to the front after his return from the United States. As soon as he had familiarized himself with the methods and finesse of modern trench warfare he was given the highly important assignment of chief of staff and right-hand man of the division commander.

In a recent conversation the former military attache at Washington said he was anxious to have his friends in the United States know that he is serving at the front and not in Holland or South America, where, he declared, certain imaginative correspondents had reported he was conducting propaganda work. These reports, he said, were "bosh."

NAMES COMMITTEE FOR CITY PLANNING EXHIBIT

Mrs. A. E. Fauve, president of the Woman's Club league, has appointed the committee to make preliminary arrangements for the city planning exhibition to be given in Fort Wayne, beginning October 7. John E. Lathrop, director of city planning department of the American City bureau, will arrive in this city ten days previous to the opening of the exhibition and will form a larger organization composed of men and women.

Those ladies who composed the initial organization anticipating the coming event are: Mrs. Fred McCulloch, Mrs. B. H. Hudson, Mrs. Ferd Urbahn, Mrs. D. A. Horton, Mrs. J. G. Schwartz, Miss Lavon Sperry, Mrs. Louis Sitesel, Mrs. Walter Shephard, Mrs. Gaston Bailhe, Miss Minnette Baum and Mrs. A. E. Fauve.

WITH MILITARY HONORS.

Funeral Services Held for Major General Mills at Washington.

Washington, D. C., Sept. 20.—Military honors were accorded Major General Albert L. Mills, late head of the militia affairs bureau of the war department at his funeral here today. A detachment of regulars from Fort Myer, Va., and a regiment of infantry, a cavalry troop and an artillery battery of District of Columbia national guardsmen in camp here, acted as escort for the funeral procession from St. John's Protestant Episcopal church, where services were held, to the termination. Burial will be made tomorrow at West Point where the cadets will participate in the ceremonies.

ROBINSON SPEAKS TO THE CLUB OFFICERS

Leaders of Young Democratic Clubs Hear Congressman Tuesday.

Officers of the various Young Men's Democratic clubs throughout the city heard Hon. James M. Robinson, former congressman, and Harry Muller, attorney, in addresses at democratic headquarters Tuesday night. Mr. Robinson spoke on the significance of peace in the country and Mr. Muller on the value of close alliance in organized work.

"As blood-soaked, war torn Europe welters in the lost lives of the bravest men, we, of America, must listen to the criticism of Wilson, who kept us at peace. While millions of old men and women of Europe are homeless and millions of children have died there from the ravages of war we hear the shriek of Roosevelt and Hughes because Wilson did not involve us with Germany and Mexico.

"I appeal to the spirits of the war dead of Europe, tonight, as heretofore dying, five every minute, 290 every hour, 7,000 every day, 50,000 every week, 200,000 every month and 2,500,000 every year.

"I appeal to the spirit of McKinley and cite Elihu Root, New York senator, who on last March at the University League club at Philadelphia said: 'Eighteen years ago I came to Philadelphia to meet President McKinley, to talk on conditions with reference to Spain.' I remember how he said: 'There is danger of war, there must not be war with Spain; there shall not be war with Spain. It must be and shall be prevented at all hazards.' Then Mr. Root replied: 'I thought how little one man could do.'"

WILLIAM J. CALHOUN EXPIRES AT CHICAGO

Noted Lawyer Had Important Career as Diplomat and on Commerce Board.

Chicago, Sept. 20.—William J. Calhoun, 68, former minister to China, died late yesterday at his residence here. He had been in ill health for some months, having been stricken with paralaysis and thereafter a complication of ailments followed.

Mr. Calhoun gained fame as a diplomat through his mission to Cuba just preceding the war with Spain and as special commissioner to Venezuela for President Roosevelt.

Mr. Calhoun was born in Pittsburg. He practiced law at Danville, Ill., and in Chicago, and in 1897 was sent by President McKinley as special commissioner to Cuba. He was a member of the interstate commerce commission from 1896 to 1900, was special commissioner for President Roosevelt to Venezuela in 1907 and from 1909 to 1913 was minister to China.

Mr. Calhoun was twice married. His second wife survives him. Mr. Calhoun had much to do with the forming of the American Steel and Wire company and the Federal Steel company and for many years was a director and counsel for the Corn Products company, the Baltimore and Ohio railway and other large corporations. He served one term in the Illinois legislature.

FIVE BLOWN TO BITS IN POWDER EXPLOSION

Huntingdon, W. Va., Sept. 20.—Five men were instantly killed and another sustained fatal injuries when the air dry house of the Mount Union plant of the Aetna Explosives company was wrecked near here today.

All the dead were employed in the building which was blown to pieces. The force of the blast was heard for miles. The cause, officials said, will probably never be known.

REPUBLICAN CLUB FORMED.

Wayne Township Organizes With Meeting Featured by Addresses.

The Young Men's Republican club, Wayne township, "B," was organized Tuesday night. Dick Vesey and A. Bowers, of New Haven, made addresses. R. A. Ream was elected honorary president. The officers were: E. L. Koons, president; F. H. Kohr, vice president; Levi Griffith, secretary, and Oliver Fairfield, treasurer. Many of the young party workers of that section of the township were present.

HOWLAND SWALLOWS POISON.

Alleged Legatee of Hetty Green Trust Ends Life at Los Angeles.

Los Angeles, Cal., Sept. 20.—Harry Howland, who claimed he was a legatee of the Howland estate, held in trust for distribution after the death of Mrs. Hetty Green, sat at his desk in a Los Angeles newspaper office, where he was employed as a reporter and drank poison last night. He died shortly afterward. Grief over the death of his wife in Kansas City, Mo., several months ago was said to have been the cause.

Mrs. John Mason, of Rivermet avenue, has returned form Toledo, Ohio, where she attended the funeral of her niece, Mrs. Apple, formerly Miss Edna Turner, of this city.

M. U. COACH JUDGES MEN BY WORK ON GRIDIRON

Yost Says in Football Not Hands and Feet But Hearts Succeed.

(By Fielding H. Yost.)

In the game of football or of life, isn't the hands or the feet which succeed. It's the heart!

If you want to judge a man put him in a football game. I read men by football. It is my work and my pleasure.

A youth on a football field is just like a hero in a motion picture, whose every movement forms the basis of a drama.

When I take candidates for a football team and coach them I am preparing them for the gridiron and for life.

Real character surges through the artificial cloaks with which they are hidden when men find themselves on the football field.

We live our lives but once and football forms the biggest incident in the careers of many men.

I can watch a boy on the gridiron three years and tell you what kind of a man he will make.

Ty Cobb would have been just as great as a football player. The desire and ability to be great—the grit, determination, physical and moral courage—would have carried him through just the same. Any of our great men would have succeeded on the football field.

I have seen heart dramas enacted on the ribboned field of play, which would have been considered masterpieces of fiction. I have seen comedies, tragedies and the thing between.

I have seen men find themselves on the football field. I have seen weaklings suddenly grow strong—have seen boastful men lose their airs of bravado and become cowards in a twinkling—their real character coming to the front.

No matter how great an actor a man is he cannot conceal his real character all the time. Sham and hypocrisy are absent from the football field. When you see a man in a game you see him just as he is—strong or weak, noble or ignoble.

It's a great thing—this football!

N. D. HAS TOUGH CARD AND ONE VET LINEMAN

Notre Dame, Ind., Sept. 20.—Notre Dame's wandering eleven has only fair prospects this year, with a hard schedule and but one regular lineman of last year on the list of those expected to report to Coach Jesse Harper. Harper will have a veteran, fast backfield to work with, however. His veterans are Captain Stanley Cofall, half; Arthur Bergman, half; Charles Bachman, full; James Phelan, quarter; Frank Rydzwski, tackle, the only regular lineman back; Harry Baujan, end; Ray Whipple, end; Arnold Mclnery, tackle; John Miller, half; Grover Malone, half, and Walter DeGree, tackle.

New men are Dave Philbin, center; Frank Coughlin, tackle; Ward Miller, full; Chester Grant, quarter; George Fitzpatrick, half; Francis Andrews, guard; Dudley Pearson, quarter, and Edward Madigan, center.

The schedule includes games with the Army at West Point, Nov. 4; the Michigan Aggies at East Lansing, Nov. 18, and Nebraska at Lincoln, Nov. 30.

CATLIN FINDS STAR TO SOLVE DIFFICULTY

Appleton, Wis., Sept. 20.—It looks as though the great difficulty which beset Coach Marc Catlin in his efforts to turn out a winning football team at Lawrence college last year—the lack of a reliable quarter back—had been solved this season by the coming of DeNivvey, of Oshkosh, touted as a star. Other new men are Karst, a Fond du Lac half, and Cassidy of Chippewa Falls, a plunging back. Catlin is confident of winning the Wisconsin intercollegiate championship, lost last year, for the first time in four seasons, to Ripon. Ripon has lost two star men, Howard and McNeil, who have entered Indiana, to try for the Hoosier team under Coach Stiehm. Lawrence men expected to return this year are Capt. William Elliot, right end; Frank Schneider, tackle; Louis Reinke, guard; Arthur Scheusslер, half; Delvan Julian, half; Wm. Monat, end; George Sherwood, guard; Howard Irwin, tackle; Roy Hupe, full; Charles Pond, full; Paul Vincent, quarter, and Peter Lloyd, end.

Senecas Forfeit Game.

Leave Field in Ninth Inning While Still in Lead.

Convoy, O., Sept. 20.—The Convoy Greys won a forfeited game here from the Fort Wayne Senecas.

In the last half of the ninth inning, with the score 13 to 12 in favor of the Senecas, the Greys got three men on bases with none out when the visitors refused to play, leaving the field and thereby forfeiting the game, it reverting 9 to 0 in favor of the Greys.

This was the last game of the season, the Greys winning 13 and losing 6 out of 20 games played, the other game resulting in a tie, which was never played off. The score: R H E

$12,000 to Win a Football Game! Revenge Wanted! California Has Ed Mahan to Help Turn the Trick.

Eddie Mahan, formerly great Harvard football star, now backfield coach at the University of California. Below, Gilmour Dobie, undefeated University of Washington coach.

Berkeley, Cal., Sept. 20.—Revenge on the gridiron! That's what the University of California wants and demands. Said revenge is to be peeled from the football hide of the University of Washington—that is, if the expenditure of $12,000 on a brilliant coaching staff can do it.

Glittering among the personalities of this high priced coaching band are Eddie Mahan, great Harvard star, and Andy Smith, of Columbia university.

Anyone who remembers the 50 to 0 trouncing which the Washington university team handed the California eleven in California last year will not wonder that heroic methods are to be used in trying to wash away the hideous memory.

Back around 1910, California adopted rugby football. The game never was overly popular. In 1915 the old style was re-adopted and two games with Washington scheduled. Washington, under Coach Dobie, had never lost a game.

After the 50 to 0 score the Californians were wild over the defeat. Most remarkable was a game closely following and played in Washington. Dobie's eleven just did whip the team it had so soundly walloped a short while before.

The University of California students believe that rustiness at the old game was responsible for the defeats. In order to prove it a costly coaching department was assembled. Mahan, than whom there is no greater gridironer, is out nightly coaching the back field.

Dobie, taciturn and defeatless, doubtless ponders in his tent at the stirring scenes on the rejuvenated California campus. In Oregon, sister state to Washington, Dobie is vastly unpopular. Oregon men claim he has purposely avoided dates with them that would have meant his defeat. There will be joy in Oregon if California licks Dobie.

But the big idea is that Dobie has never been defeated. His coherts buried California beneath a scandalous score. The blue and gold is building all its hopes anent the day when California again faces Washington.

Twelve thousand dollars to win a football game!

Will California and her great coaching stars turn the trick?

Gasmen to Have a New Twirler

Shrode, the pitcher who worked for the Clearyites against the Colored Giants, will work for the Western Gas champs Sunday when they stack up against the former. He takes the place of Oestermeyer. Aside from this change only one other position is doubtful. The question is will Heine receive for the shop league champs or will he work with Distel for the city team?

BRONSON OFFERS BET ON SAYLOR'S PUNCH

Will Stake Any Amount That Stewart Gets Knocked Out.

Indianapolis, Ind., Sept. 20.—Ray Bronson is satisfied. His suggestion that the winner of the Milburn Saylor-Hal Stewart bout in Fort Wayne on Friday night take the entire purse has been accepted by George Biemer, manager of the up-state boxer.

In order to make things more interesting and to further show his confidence in Saylor, Bronson has offered to make a side bet with Biemer that the Indianapolis lad will win by a knockout. Bronson is not particular as to the size of the bet, either.

Saylor will wind up his training Wednesday. He already is down to weight and in great condition for the ten round setto. Saylor and Bronson will leave for Fort Wayne on Thursday.

The keen rivalry between the boxers and their managers has aroused the interest of local fight fans and it is believed quite a delegation will run up to Fort Wayne to see the contest. A number of them too are instilled with Bronson's confidence and no doubt will be ready to bet heavily on Saylor.

COACHES TAKE HOLD OF HOOSIER CREWS

Lafayette, Ind., Sept. 20.—Cleo O'Donnell, head foot ball coach at Purdue university, took active charge of the candidates for the old gold and black eleven today. Although he has not taken any part in the preliminary practice work, he has been observing the men who are trying out for the team. Many of the best players last year were lost by graduation.

Bloomington, Ind., Sept. 20.—The Indiana university foot ball squad assembled for practice today under the guidance of Ewald O. Stiehm, Indiana's new athletic director, and head foot ball coach, for the first time this season. Players probably will be shifted this year because of new systems of coaching. The work today was not heavy.

BRAVGES SIGN UP MITCHELL.

Boston, Sept. 20.—Fred Mitchell, for the last few seasons assistant to Manager Stallings, of the Boston Nationals, to-day signed a contract with the club for three years. Last spring Mitchell was coach of the successful Harvard nine, but the new contract bars him from further work of directing college teams.

NOTRE DAME AT WORK.

Notre Dame, Ind., Sept. 20.—With a squad numbering forty-five men Coach Harper sent his tentative varsity against the scrubs for a first scrimmage Wednesday afternoon. The last few days have been spent in signal practice, with dummy tackling, falling on the ball, etc., for more than an hour each afternoon. The return of Bachman and Ducky Holmes proved great help to the line left weak when several of the stars were graduated in June.

OFFICIAL PRACTICE STARTS IN "BIG NINE"

Formation and Signal Drill Practice is to Start at Once.

Chicago, Sept. 20.—Practice among the "Big Nine" conference football elevens opened officially today and candidates who aspire to positions on the various teams will settle down to the hard drills of a season which will close on the Saturday before Thanksgiving.

A majority of the coaches have reported that the number of candidates is larger than for several years and they expect a season of fast foot ball. At a number of the conference schools hard games early in the season are on the schedule and coaches will lose no time in whipping their teams into shape. It is planned by several of the members to start formation and signal drills at once.

CHICAGO ONLY GAME AND A HALF BEHIND

Boston Leads With Detroit Close Second in American League.

Chicago, Ill., Sept. 20.—A game and a half still separates Boston and Chicago today in the American league race while Detroit is in the middle, half a game ahead of Chicago and a full game behind Boston. Detroit and Boston have two more games at Detroit and Chicago plays Philadelphia today and tomorrow. The percentages today are: Boston, .582; Detroit, .572, and Chicago, .569.

In the National league Brooklyn is today two full games ahead of Philadelphia, having won from Cincinnati yesterday, while Philadelphia lost to Chicago. Boston is two and one-half games behind Brooklyn and half a game below Philadelphia. Brooklyn's sixteen remaining games are at home while three of Philadelphia's seventeen and eleven of Boston's twenty remaining games are abroad.

India is now developing the industry of making lead pencils. There is believed to be a market there for the American makers of the machinery used in this branch of manufacture.

Be a Perfect Man

With No Back Pains—No Nervousness—No Loss of Ambition, But With Plenty of Life and Energy and the Vigor of Youth Restored.

To be strong and manly is the aim of every man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly men that nature intended them to be, they find themselves broken down and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of dreaded disorders, their finer sensibilities blunted and their nerves shattered.

Is This the Way You Feel? Do you feel tired in the morning and easily exhausted? Is your back weak or lame? Do you have difficulty in fixing your thoughts? Is your memory failing? Are you losing ambition? Do you feel you are not the man you once were? Do you have hot flashes up and down the spine or sudden weak spells at the base of the brain—sudden spells like fright from no apparent cause? Are you very restless or sleepless at night? Are you very nervous and irritable, with a feeling that you want to be alone? Are you gloomy, with a sense of some great oppression upon you? If so, then you need my treatment now and I want you to call or write today. Don't delay. You surely do not want to remain in this condition. Don't suffer longer. I cure others. I can cure you. Master your disease before it masters you.

MY FEES ARE WITHIN REACH OF THE WORKINGMAN

My price is always reasonable. I will give the POOREST man a chance, as well as the RICH, to receive a cure from me at SMALL COST. There is no man too poor to get my advice free.

I Cure to Stay Cured Varicose Veins, Blood Disorders, Skin Disorders, Bladder and Kidney Ailments, Piles, Fistula and all Special, Acute and Chronic Disorders of Men.

Free to Men A friendly, heart-to-heart talk will COST YOU NOTHING. I have been lecturing on and treating disorders of men for many years. I have EXPERIENCE, that best of all teachers, the most thorough equipment and purest drugs that money can buy.

Honest Treatment I will use you honestly, treat you skillfully and cure you in the shorest possible time. I will positively guarantee to cure any case that I decide is curable. I know what I can do and have the courage of my opinion. I am willing to stake my reputation upon it.

Proofs Come and see me today, examine the living proofs that I have to offer, investigate my records as a doctor and as a man. It will cost you nothing and may mean a lifetime of health and happiness to you.

DON'T LET MONEY MATTERS OR MODESTY KEEP YOU FROM BEING CURED. CALL. I DO NOT "PATCH UP"—I CURE TO STAY CURED. DO NOT DELAY. CALL OR WRITE TODAY. EVERYTHING CONFIDENTIAL.

Free Consultation and Examination.

Write for my Charge Terms, Time of Cure and Full Information Free.

Among the prominent bankers who are on the program to make addresses before the convention are Paul M. Warburg, vice governor of the federal reserve board at Washington; H. C. Willis, federal reserve agent at Cleveland; F. W. Ellsworth, of New York, F. I. Kent, of Chicago, and F. A. Crandall, of Chicago.

POPE'S HEALTH IS NORMAL.

Rumors of Pontiff's Indisposition Given Denial.

Rome, Tuesday, Sept. 19.—A report having been in circulation that Pope Benedict was indisposed, it was said at the vatican today that the health of the pope was normal, notwithstanding the strain imposed by his arduous labors during the war, which have added greatly to the burden of the administration of the church under ordinary conditions.

TRAINMEN URGE LABOR TO SUPPORT PRESIDENT

Cleveland, Ohio, Sept. 20.—Urging that labor support President Wilson in his campaign for re-election, W. G. Lee, president of the Brotherhood of Railroad Trainmen last night sent out a bulletin in which it was "urgently requested that the position taken by President Wilson and both branches of congress be not forgotten and that all members use every honorable means to retain in office regardless of partisan beliefs, those who have proven their loyalty to the cause of labor."

Bulletins have been prepared by Warren S. Stone, of the engineers; A. B. Garretson, of the conductors, and W. S. Carter, of the firemen.

The official organ of the trainmen "The Railroad Trainmen" will present an editorial in its coming issue attacking the attitude of Charles E. Hughes on the eight hour day law and urging organized labor to support Wilson.

GIVEN STIFF WORKOUT.

Yost Has Twenty-Five Candidates Under Test at Ann Arbor.

Ann Arbor, Mich., Sept. 20.—Fielder H. Yost, coach of the University of Michigan football team, put twenty-five aspirants to the varsity eleven through a stiff workout on Ferry field yesterday and plans to continue the drilling until he rounds them into shape. The opening day's work consisted of almost everything usually seen in a football game and concluded with two elevens participating in defensive work. Several of last year's regulars have already arrived and all those who will be in school this year are expected before the end of the week.

LANDRITH HITS WINERIES.

Says Growing of Grapes Should be Given Up by California.

Red Bluff, Cal., Sept. 20.—Whether prohibition would be economically disastrous for California is not a question to be considered in the present "wet" and "dry" campaign, Dr. Ira Landrith, prohibition vice presidential candidate asserted yesterday in his opening speeches in northern California from the rear platform of the coast-to-coast prohibition special. "If the growing of grapes in California makes it necessary to sell alcohol," Dr. Landrith said, "then by heaven you should give up the business and make your money in some other way. The mere proposition of making a living is not to be considered for a minute in this campaign."

"Hush, little vineyard, don't you cry; you'll make grape juice bye and bye," was the answer of Dr. Landrith in his address at Redding to the argument that prohibition would be a bad thing for California in that it would put the wineries out of business.

VAN WERT PEOPLE HURT.

Hillsdale, Mich., Sept. 20.—Three persons were injured, two seriously and one perhaps fatally, in an auto accident on the big hill south of the city yesterday morning. Most badly injured is Hurley Jacks, of Venedocia, Van Wert county, Ohio, who has a fractured rib and is in a very serious condition, it is thought, with a punctured lung. Mrs. J. M. Roller, of Ohio City, Van Wert county, Ohio, has two compound fractures, one of the hip and the other of the ankle. Mr. Roller, husband of the injured woman, has a badly lacerated face, his left arm is sprained and he is suffering from the shock. Mrs. Jacks, who with the other three was pinned under the car, was unhurt, but is suffering somewhat from the shock. Other members of the party were two children who were thrown out on the grass and were unhurt.

EX-POLICEMAN KILLS HIMSELF.

Indianapolis, Sept. 20.—Frank A. Schwab, who resigned from the police force two weeks ago after thirty-three years of continuous service in the Indianapolis police department, killed himself at his home today. He shot himself in the head, the bullet passing through the wall and narrowly missed his wife, who was in another room. Members of the family believe his mind was affected as he had brooded over the fear he might become insane. He formerly was a desk sergeant.

FIRE DESTROYS CURIOS.

Newcastle, Ind., Sept. 20.—Fire of unknown origin destroyed the Worth museum at Springport, near here, early today. The building, which was built in the shape of a five-point star, contained curios from all parts of the world. It was said the collection was worth several thousand dollars.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists, we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb the impurities to contaminate the blood while the pores in the thirty feet of bowels do.—Advertisement.

Finishing Hardware

Good, substantial, artistically designed and finely finished hardware on a building gives it a tone and style that inferior hardware cannot maintain.

Therefore, why not get what looks the best when it costs but little if any more than cheap or inferior kinds.

LAFAYETTE PLACE WITHOUT UNSIGHTLY ALLEYS

In laying out Lafayette Place the plan of doing away with alleys, which has proven so successful in eastern cities, was followed. This plan is recommended by health authorities all over the country as it disposes of the nuisance of exposed garbage receptacles, manure piles, ramshackle sheds, etc. Under this plan the garbage problem is handled by sinking a large sewer tile, upright, in the ground in the rear of each home and the garbage can is placed in this, where it remains entirely out of sight.

This is but one of the newer features in civic betterment which will be introduced into Fort Wayne through Lafayette Place. For particulars see the Wildwood Sales company.—Advertisement.

FIRST AID IS GIVEN WELL KNOWN WOMAN

Mrs. Quik Says Tanlac Only Medicine to Bring Her Relief.

Lafayette, Ind., September 20.—"I have tried many kinds of medicine but none of them brought me the relief I gained through Tanlac," Mrs. L. Quik, wife of a well known farmer residing on rural route F, Lafayette, said on May 1.

"I had kidney and liver trouble," she continued. "My stomach also was out of shape and I suffered frequently from rheumatism in my arms and limbs. My appetite was very poor and I couldn't sleep at night owing to the kidney trouble. I was constipated most all the time and I experienced severe pains in my stomach caused by indigestion. The kidney trouble caused pains across my back. The rheumatism made it almost impossible for me to do my housework.

"I saw accounts regarding Tanlac's work in the local newspapers and bought a bottle of the medicine. This one bottle has made me feel a great deal stronger and better. The rheumatic pains in my arms and limbs have about ceased and my kidneys are in much better shape, the pains across my back having disappeared. I have a fine appetite now and I am no longer troubled with constipation. I am able to digest my food properly now.

"I gained big benefits from Tanlac and I can conscientiously recommend it to all my friends as the best medicine I have ever found."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like and is a fine blood purifier and general cleanser.

Tanlac is now being specially introduced and explained in Fort Wayne at the four Meyer drug stores—Wayne and Calhoun streets, Calhoun and Columbia, 1420 Calhoun and Broadway and Taylor streets.—Advertisement.

TELEPHONE EMPLOYES' OUTING.

Annual Event of Attaches of Three Exchanges Held at Lake Tippecanoe.

The annual outing and picnic of the operators and employes of the Public Service Telephone company of Leesburg, North Webster and Cromwell was held last Sunday at Government Point, Lake Tippecanoe. There were twenty-three people present. Dinner was served at noon. A steamboat ride around the lake was enjoyed by everyone after dinner. Miss Armington and Miss Anglin, of the Leesburg operating force, were in charge of the arrangements.

WOMEN GO ARMED.

Assaults at Lima Prompt Fair Sex to Carry Revolvers.

Lima, O., Sept. 20.—"A man better look twice after this before he attempts to insult a woman by addressing her on the streets or enter her home for the purpose of attempting to criminally assault her," said Chief McKinney. Lima women are armed to the teeth and most of them are carrying guns on their persons, if reports given to me are true. Hardware men say that the sale of firearms and cartridges the past two weeks has been heavier than at any time in the history of the city and those same purchases are being made by women so that they can protect themselves. Evidence of the fact that Lima women are armed and that reports to the chief of police are true was gained when Moter Cop Thomas reported a case of shooting on South Elizabeth street. Thomas, while riding along Elizabeth street, heard several shots fired and immediately stopped to investigate. He found Fannie Cochrun, 723 South Elizabeth street, standing near her home and her appearance indicated that she knew something about the shooting. Upon being questioned by the officer the woman admitted that she was the one who fired the shots. She said that a man approached her and atempted to grab her by the arm and to protect herself she drew a gun and fired at him. The would-be assailant started on a mad run down the street and into an alley before she could get a good look at him, she said.

INSURANCE CASE AT BLUFFTON.

Bluffton, Ind., Sept. 20.—Judge Eichhorn, in circuit court here, yesterday, heard testimony in the case brought by the Farmers' State bank, of Ossian, against Thomas M. Brown, of Ossian; Mrs. Edith Brown, of Pennville, and other interested parties, in which the bank is seeking to have the court declare as available to apply to payment of judgments held by the bank, aggregating $651.93, certain insurance money paid to Edith Brown by Thomas M. Brown, father of her deceased husband. Thomas M. Brown, as beneficiary of insurance policies carried by his son, received $1,546.71, which he turned over to his daughter-in-law, stating that he did so in compliance with instructions that had been given him by his son. The bank contends that the beneficiary of the policies should apply the money to the judgments.

FAIR AT KENDALLVILLE.

Kendallville, Ind., Sept. 20.—The big show is on. The fair gates, like a gigantic curtain, swung open at noon Tuesday and the air seemed to be filled with a jingle of letters which when arranged properly spell "Welcome." Everybody in the universe is welcome to the fair, the one big fair of northeastern Indiana, the Kendallville fair. President O. F. Johnson and Secretary Brouse are just as proud as two young schoolboys who donned their first pair of long trousers, and both are holding their heads high for they feel that they, with the assistance of the executive committee and other ardent workers of the fair, have succeeded in assembling a sufficient amount of exhibits to give the patrons a grand display.

KILLED IN AUTO ACCIDENT.

Goshen, Ind., Sept. 20.—Harry Davis, of Bronson, was killed when his automobile turned turtle on the Chicago road about two miles west of Bronson. The accident was witnessed by John Secord, whose home is located thirty rods east of the scene. Davis, who was 22 years of age, was driving in a Ford car with a companion at the time of the accident. In some manner the car slipped over the embankment, and turned completely over. Secord hurried to the scene, and found Davis under the car with the side of his face crushed. It is believed that death must have been instantaneous. His companion hurried away, and his identity could not be learned.

LETTER FROM MISSING MAN.

Hartford City, Ind., Sept. 20.—A new and interesting turn in the case of Alonzo C. Oblinger, who disappeared last June, when he drove to this city one night from his home in Harrison township, deserted his horse and buggy and departed on a Pennsylvania train, came Monday evening when John A. Oblinger, brother of the missing man, received a letter from his brother, who states in the communication that he is working on a chicken ranch near Seattle, Wash. In his letter, Olonzo Oblinger asks his brother to take charge of his affairs and dispose of his property and pay all of his indebtedness.

WILL GO TO WARSAW.

Plymouth, Ind., Sept. 20.—Plymouth chapter of Royal Arch Masons will be the guests of the Warsaw chapter Thursday night at a banquet, and, following, the Plymouth chapter will confer the M. E. M. degree for the Warsaw chapter candidates. The Plymouth chapter, about thirty-five in number, will leave on the 6 p. m. train and will be joined by the Bourbon chapter at the latter town. The Masons from both towns will be met by the Warsaw R. A. M. and will be taken direct to the banquet hall. After supper they will proceed to the lodge rooms for the degree wokr.

MONTPELIER MAN BURNED.

Montpelier, Ind., Sept. 20.—James L. Diggs, an employe of the Baltes stone quarries near this city, was terribly burned by hot water and steam, Tuesday, when a gasket blew out of a hot water pump, carrying a pressure of 125 pounds. Diggs was so badly scalded over the stomach and right arm that the skin sloughed away. His right shoulder was also bady scalded. It will be threo or four weeks before he will be able to resume his work. While attending physicians do not regard the workman's injuries as particularly dangerous, they are very painful. The man will receive compensation insurance.

BOYS ARE RESCUED.

Huntington, Ind., Sept. 20.—Frank Hier, 1440 East State street, janitor of the State street school, took chances of losing his own life, Tuesday, and saved two boys, Herbert Claire Covey, age 12, and Fred Covey, age 10, sons of Herbert Covey, of the Stringtown pike, from drowning. Hier hesitated only long enough to pull off his vest and overalls, and then plunged into Little river, 150 yards above the Erie railroad bridge. He went in at the north bank and came out at the south bank with a limp boy under each arm.

NEARING COMPLETION.

Van Wert, O., Sept. 20.—The new Y. W. C. A. building is being furnished and put in readiness for its dedication on September 30 and October 1. Details are being worked out by the various committees and plans will be made public as rapidly as possible. A county-wide membership campaign will be made the week following dedication, when all the women and girls of Van Wert county will be invited to become members of this splendid organization and participate in the many advantages and pleasures it will offer.

HURTY AT AUBURN.

Auburn, Ind., Sept. 20.—Dr. J. N. Hurty, state health commissioner, will be in Auburn next Monday, September 25, and will speak in the evening. Several days ago Mayor J. Y. W. McClellan wrote to Dr. Hurty, asking him for advice about the sewer conditions at different places in this city and a reply from Dr. Hurty states that he will be in Auburn next Monday and go over the sanitation problem thoroughly and will speak on the subject in the evening.

MENTONE MAN ARRESTED.

Warsaw, Ind., Sept. 20.—Charles Strong, who resides near Mentone, was arrested on Tuesday by Deputy Sheriff Huffer on a charge of violating the educational laws of the state of Indiana. It is charged that the defendant allowed his son, Bruce, to remain out of school when the boy was within the age described by the state compulsory educatilonal laws. The laws are very strict in this respect and offenders are dealt with severely.

W. C. T. U. CONVENTION.

Bluffton, Ind., Sept. 20.—The twenty-fourth annual convention of the Wells county W. C. T. U. was held at the First M. E. church in this city yesterday. The following officers were elected for the ensuing year: President, Mrs. Theodore V. Harsh, Bluffton; vice president, Mrs. O. D. Garrett, Liberty Center; corresponding secretary, Mrs. Lina Poulson, Bluffton; recording secretary, Mrs. B. A. Willis, Bluffton, and treasurer, Mrs. Sadie Allen, of Ossian.

INDIANA WEATHER AND CROP REPORT

Indianapolis, Sept. 20.—The weekly summary fo weather and crop conditions in Indiana, issued by the local office of the United States weather bureau, says:

The week was practically rainless, and cool, the temperatures averaging about 7 per cent. below the seasonal normal. Plowing and seeding continued, but the advance in this work was slow on account of extreme dryness of the soil, and rain is much needed. Considerable progress was made, however, in corn cutting, clover hulling and in making ensilage. The frosts of the 16th did much damage to tomatoes and truck. In some of the northwestern parts of the state the frost damage to corn is estimated at forty per cent or higher; but elsewhere the injury sustained was much less, and was confined chiefly to the late crop on low grounds. The frosts on the last two days of the week will probably increase the amount of damage somewhat. Pastures, late fruit and potatoes are generally fair to good.

DRINK WATER TO AVOID SICKNESS SAYS AUTHORITY

Glass of hot water before breakfast daily keeps the doctor away.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Advertisement.

SWEEPING GRASS FIRE THREATENS DWELLINGS

A sweeping grass fire on the commons near Spring street, along the G. R. & I. tracks, in the extreme northwest part of town, threatened to burn several houses in the neighborhood shortly after noon. Firemen from stations five and seven were rushed to the scene. The fierce prairie fire, aided by a strong wind, burned for nearly an hour.

Firemen centered their attention on protecting the rows of frame houses near the tracks. Paint was scorched on several of the buildings. Heavy growth of weeds and grass was burned over a strip of two acres of ground. Sparks from a train are supposed to have started the fire.

SERIOUS RIOTING AT CHEMNITZ REPORTED

London, Sept. 20.—Serious rioting in which a number of lives were lost took place at Chemnitz, Saturday afternoon, according to a Central News dispatch from The Hague. The dispatch says the rioting started when the news arrived of the heavy losses of Chemnitz workman in the Somme battle.

Crowds assembled on the streets and sang the "Internationale." They refused to disperse and were charged by hussars. Five hussars were killed and forty wounded and about forty civilians were killed and 300 armed with revolvers were arrested.

"Pep" Ginger and Ambition for "Run Down" Men
Weak, Nervous Women

A medicine that helps the weak, nervous, half-sick, nerve-starved men and women, can be bought of any live druggist by asking for three grain Cadomene Tablets in sealed tubes at one dollar per tube, or six tubes for five dollars—a full treatment.

BEFORE TAKING

You have headaches, backaches, shattered nerves. Your ambition is gone, extremities cold or numb, heart flutters, kidneys inactive, vitality low, confidence gone, life seems hopeless. Despondency attacks you — your friends desert you, you're not interesting, energetic, full of life and vitality.

AFTER TAKING

Your health improves, aches are banished; ambition returns; blood circulates freely, powerfully; nervousness disappears, heart becomes normal, organic troubles corrected, vitality renewed, confidence restored and life becomes brighter, your friends find you of interest, admire your strength, your magnetism; which is another word for smiles and joy.

All this comes because your nerves, blood and vital organs feel the beneficent medicines in three grain Cadomene Tablets.

YOUR SYMPTOMS tell you that you need a powerful, vitalizing tonic to regain all that you have lost. Try

3 Grain Cadomene Tablets

They are guaranteed to help you or money refunded by the Blackburn Products Co., Dayton, Ohio. The "Best thing in the world" for "run down" men or weak, nervous women. Price $1.00 at all druggists. Six tubes for $5.00 is full treatment.

GRANDFATHER TAKES UNFORTUNATE GIRL

Read in the Papers That Marie Was Having an Awful Time in City.

J. H. Sandburry, retired farmer, living on rural route No. 5, near Butler, sat on the front porch reading the daily paper, Monday evening. Presently he knit his brow and stroked his gray beard. Then he arose and went into the house.

"I am going down to town and get Marie tomorrow. She is having an awful time in the city," Sandburry said and removing his glasses, handed them with the paper to his wife.

He had read about Marie Cosset, his granddaughter, who has been mixed in two police affairs in less than a month and who was last taken from a rooming house, where she told that the landlady held her in bed with an Italian until police arrived. It is thought that the raid was planned by the girl's husband in order to assist him in getting a divorce.

Sandburry drove to Fort Wayne, Tuesday, and hunted up Judge Kerr. The girl's father had refused to let her return to his home because she had insisted on going to the city to make her way, the grandfather said. She was married to Cosset, a street car conductor, twelve hours after she met him at the transfer corner.

"Marie was always a good girl and she is too young to know and she is having such an awful time in town. I had better take her along," Sandburry argued and Judge Kerr gave him permission to take Marie to the farm.

HEAD FRACTURED IN AN AUTO ACCIDENT

Henry Kodiske, 1402 Hayden street, is believed to have fractured his skull as the result of being thrown from a wagon late Wednesday afternoon when struck by an automobile driven by George Loy, 625 East Wayne street, at Hanna and Lewis streets. He was picked up unconscious and rushed to the St. Joseph hospital. Loy claims that his car skidded on the wet pavement. He struck the wagon with considerable force.

HARRISON HILL IN PATH OF CITY'S GROWTH

To anyone who makes a trip to the end of the paving on South Calhoun street for the first time in the last year, the growth of the city in that direction seems indeed marvelous and it is interesting to note that Harrison Hill, Fort Wayne's most modern addition, is situated squarely in the path of this great southward growth. Within the past eighteen months this addition has been converted from an open field into one of the most charming residential sections in this part of the country and it is predicted in real estate circles that it will soon become one of the show places of the city. Already the mile-and-a-half drive covering a route along Harrison boulevard, Cornell and Seminole circles is one of the most popular auto routes of the city, and to all indications the entire addition is to be built up within a surprisingly short time. Details regarding lots in Harrison Hill may be secured from the promoters, Hilgemann & Schaff, North American building.—Advertisement.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CUTTING CORN CROP IS HARD TASK THIS YEAR

Farmers Are Busily Engaged in Sowing Wheat and Hulling Clover.

Farmers throughout Allen county report that cutting the corn crop this year has proven a great task. The severe rain and wind storms which were experienced through the summer bent the cornstalks in every direction. It is impossible to cut it with a horse cutter and cutting by hand is also very difficult.

Wednesday was another inactive day on the Fort Wayne markets. Receipts were extremely light and prices remained unchanged. Wheat holds at $1.43 and $1.45 cents per bushel, while quotations on oats and corn varied just a few cents on a bushel. Hog prices are $10.25, the same price that has been quoted for the past month.

With the late corn already nipped by frost, corn cutting and silo filling are now under way on numerous farms of Allen county. Clover hullers are busy in the county, but the yield is small compared with former years. The potato situation is worrying many farmers, the crop not being up to expectations, especially the late crop. However, the price is up the highest in years for this season. Many farmers will not have enough "spuds" to fill their bins for winter use, let alone a surplus crop for sale.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Sept. 20.—Wheat developed considerablestrength to-day influenced more or less by London admissions that the armies of Rumania were in a perilous position and by Russian advices that it was not expected the Dardanelles would be opened in time to allow any shipments this season. Opening prices, which ranged from ⅜c decline to ⅝c advance, with December at $1.49⅞ to $1.50 and May at $1.50½@1.50¾, were followed by substantial gains all around, but then by something of a reaction.

Fine weather tended to depress corn. After opening unchanged to ½c lower, the market recovered most of the loss.

Oats showed but little change.

Provisions averaged a trifle lower with hogs.

THE DAY ON WALL STREET.

New York, Sept. 20.—Prices at to-day's opening were mainly higher, substantial gains being recorded by specialties with a better tone to rails. Marines alone were reactionary, opening at moderate advances, but soon falling back. Coppers were among the leaders, particularly Anaconda and zinc shares as well as international nickel supplemented yesterday's gains. Sugars, Mexicans, General Electric, Westinghouse, Studebaker, Maxwell, Texas company and Baldwin locomotive werehigher by 1 to 3 points. United States Steel was again in process of absorption within a small fraction of its record quotation.

Professional tactics of the same character that provoked yesterday's reactionary period were employed in the first hour, wiping out most gains and causing numerous losses. Shipping shares continued especially heavy, marines making extreme declines of 1 to 2 points, with 3½ for Atlantic, Gulf and West Indies. Other severe reversals included Driggs-Seabury, Tennessee Copper and International Agricultural Chemical preferred. Rails, steel and the more prominent coppers displayed underlying strength. Pressure relaxed on short covering in the second hour at which time many full recoveries were recorded. Fresh selling developed at midday. Bonds were steady.

BABY BONDS OR ANOTHER NEW GOWN

Quite recently a newly wed couple determined that it was high time that they were setting aside a certain portion of their income as a "rainy day fund" and with that end in view they decided to eliminate all unnecessary expenses by asking themselves, "Can I do without it?" before making an expenditure. Before deciding to purchase a new gown which the wife has been considering for some time, she put the question to herself, waited a day, and then purchased Baby Bonds instead. Baby Bonds are an ideal security for a "rainy day fund." They come in $10 denominations, are secured by first mortgages on local real estate and bear six per cent. interest. There are also a number of $500 bonds with the same security and the same rate of interest. For details regarding either see the Wildwood Sales Company, Shoaff building.—Advertisement.

WEATHER CONDITIONS.

An area of high pressure covers the middle Atlantic states and another high area overlies the far northwest. An extensive area of low pressure, centered in Manitoba, covers the region between the Rockies and the Mississippi river. With the exception of local showers in the upper lake region, the weather has been generally fair during the last 24 hours. As a rule the temperature changes have been unimportant, but the weather is somewhat warmer in the lake region and portions of New York, Pennsylvania, Ohio valley. Light frosts occurred in

POLICE BLOCK ROADWAY TO TAKE AUTO THIEVES

Stop Three Men After Finding Two Girls Asleep in the Car.

Indianapolis, Sept. 20.—City detectives were compelled to use their automobile as a road barricade yesterday afternoon in rounding up three young men alleged to have taken an auto from in front of the public library building Monday night. The scene of the capture was a lonely spot on the Brookville road, one mile east of Irvington. A few moments before the men were captured the stolen auto had been recovered from where it had been hidden in a thicket. Two girls were asleep in the car.

The men arrested are Thomas Otis Pollard, 22 years old, 5935 Rawles avenue; Thomas Harris, 18 years old, Dayton, Ohio, and Walter Porter, 19 years old, 348 Graham street. All were charged with vagrancy. Pollard and Harris also were slated for using an automobile unlawfully. The girls gave their names as Helen Kennedy, 19 years old, Y. W. C. A. building, and Olga Cox, 16 years old, 122 North East street. They were charged with vagrancy and riding in an automobile unlawfully.

The girls told the detectives that they and the three men had been out on a "joy ride" Monday night and had gone as far as Shelbyville. The men broke into a school house this side of Shelbyville, they said, and the party spent most of the night there. Before dawn, however, they returned to the woods and built a camp fire. It was the intention of the party to go to Dayton, Ohio, last night, it was said.

BACON AND CALDER RACE IS CLOSE ONE

Whitman Takes the Moose Nomination from Seabury in New York.

New York, Sept. 20.—Incomplete returns from yesterday's primary election in New York state fail to decide the fight for the republican nomination for the United States senate between Robert Bacon, former ambassador to France, and William Calder, of Brooklyn, a former member of congress. The vote in 433 districts out of a total of 5,179, gave Calder today a majority of 4,661, but Bacon's campaign managers hoped that later returns from outside New York city would wipe out this lead.

Republican leaders today attached great significance to the success of Gov. Whitman in winning the progressive nomination over Samuel Seabury, who was unopposed for the democratic nomination for governor. The 3,680 districts thus far counted give Whitman 9,864 to Seabury's 6,346.

The republican leaders declared that Whitman's victory in the progressive primaries proves that the bulk of the progressive vote in New York state will be republican at the coming election.

Governor Whitman was opposed for renomination in the republican primaries by State Senator Wm. Bennett. Returns from 4,158 districts out of 5,719 give Whitman 179,558; Bennett, 31,656.

Wm. F. McCombs, formerly chairman of the democratic national committee, won the democratic nomination for United States senator by a majority of about two to one over his opponent, Thomas F. Conway, of Plattsburg, formerly lieutenant governor. Returns from 3,687 districts give McCombs 77,052; Conway, 38,229.

Complete returns from the city of New York on the vote for the republican United States senatorial contest give Wm. M. Calder a total of 54,844 and Robert Bacon 21,418. Total election districts, 2,079.

WILL NOT DISPUTE RULING.

Miss Cassell, Disqualified in Tennis Match, Accepts Decision.

Montclair, N. J., Sept. 20.—Miss Clair Cassell, a New York tennis player, said today that she would not dispute a decision by George Adee, president of the United States Lawn Tennis association in ruling her off the courts of the New Jersey women's singles championship here yesterday on the ground that she is a professional. The decision was based upon the fact that Miss Cassell, who is an actress, is also a professional skater and has given skating exhibitions. This is said to be the first instance in which the national body governing lawn tennis has invoked the new code to disqualify any player.

PROF. GATES TELLS OF HIS NARROW ESCAPE

Churubusco Man Had Just Left Bridge Span at Quebec When It Gave Way.

Churubusco, Ind., Sept. 20.—Prof. Lloyd Gates, superintendent of the schools at Churubusco, who with his wife returned a few days ago from Quebec, Canada, where during the summer Mr. Gates was employed as timekeeper on the construction of the big $17,000,000 bridge over the St. Lawrence river, the central span of which collapsed killing twelve men on September 11, has an interesting experience to relate.

Mr. Gates was under the employ of his wife's uncle, J. W. Ghilon, superintendent of construction of the north side supports and of the north cantilever of what will be the largest bridge in the world when completed. Mr. Gates had fifteen minutes before the collapse been working on the fatal central span, assisting several other men in hooking the span to the cantilevers. This duty completed, Mr. Gates left the span and took charge of some scows that were floated down the river and at the time of the collapse Mr. Gates was some distance away. Mr. Ghilon was on the north cantilever when the collapse occurred.

Ten men on the central span were submerged in the rapid current in the middle of the St. Lawrence river from which bodies are never recovered at that point and it is probable the men, all of whom with Mr. Gates had a few minutes before hooked the span to the cantilever, were carried by the strong undercurrent into the Gulf of St. Lawrence and thence into the Atlantic ocean.

Two other men standing on the cantilevers became frightened when they saw the central span fall and fearing the cantilevers would give way, jumped into the river and their bodies were never recovered. Mr. Ghilon maintained his presence of mind and remained on the cantilevers and both huge iron trusses held up perfectly under the strain to which they were subjected. The 5,000 ton central span lies a mass of unredeemable junk in the bottom of the St. Lawrence river, 280 feet deep at that point.

The collapse of the span is attributed to a defect in the construction of the southwest part of the span, unnoticeable to the naked eye.
